SUPPLEMENTARY INFORMATION:

I. Public Comment Procedures

You may mail, email, or hand-deliver comments to Jared Fluckiger, at the address listed above (See **ADDRESSES**). Written comments on the proposed supplementary rules should be specific and confined to issues pertinent to the proposed rules, and should explain the reason for any recommended change. Where possible, comments should reference the specific section or paragraph of the proposal that the commenter is addressing. The BLM is

not obligated to consider, or include in the Administrative Record for the final supplementary rules, comments delivered to an address other than those listed above (See **ADDRESSES**) or comments that the BLM receives after the close of the comment period (See **DATES**), unless they are postmarked or electronically dated before the deadline.

Comments including names, street addresses, and other contact information for respondents, will be available for public review at the BLM Boise District Office location listed in **ADDRESSES** during regular business hours (8 a.m. to 4:30 p.m., Monday through Friday, except Federal holidays). Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your comment—including your personal identifying information—may be made publicly available at any time. While you can request that BLM withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

II. Background

The 160-acre Cove Recreation Site is a 29-unit campground and day-use site located along C.J. Strike Reservoir, about 35 miles southwest of Mountain Home in southwestern Idaho. The site provides opportunities to fish, hike, view wildlife, boat (motorized and non-motorized), waterski, swim, camp, and picnic.

There are no proposed changes to Cove Recreation Site user fees, which were established in 2007 under the Recreation Fee Demonstration Program. The proposed supplementary rules would help the BLM achieve management objectives for the Snake River Birds of Prey NCA, which include restoring and rehabilitating non-shrub areas, and improving raptor and raptor prey habitat, while imposing only moderate restrictions on recreation. They would also provide the BLM with the enforcement tools needed to enhance public health and safety and help prevent damage to natural and cultural resources.

III. Discussion of the Proposed Supplementary Rules

The BLM published proposed supplementary rules for the Cove Recreation Site in the **Federal Register** on August 10, 2005 (70 FR 46538), but these were never finalized. The proposed rules in this notice include the earlier rules, which were not finalized, and four additional proposed site management rules. The earlier proposed
