

On May 3, 2019, the ALJ issued an initial determination (“ID”) (Order No. 50) granting Complainants’ motion. He found no extraordinary circumstances exist that would prevent the requested termination of this investigation. Order No. 50 at 3.

On May 10, 2019, Respondents filed a petition for review of the ID. On May 17, 2019, Complainants filed a response opposing the petition.

On June 26, 2019, the Commission determined to review the subject ID. Commission Notice (June 26, 2019).

Upon review, the Commission has determined to grant Complainants’ request to terminate the investigation based on withdrawal of its complaint allegations. The Commission has considered Respondents’ arguments regarding Complainants’ filing of their motion to terminate shortly before the hearing was scheduled to begin, after extensive proceedings, including discovery, had occurred before the ALJ. However, it would be premature at this time for the Commission to decide the effect, if any, of this termination on a future complaint that might be filed. Accordingly, the Commission need not and does not now decide what action it may take, or what conditions may apply, should Complainants file a complaint based on the same or similar alleged violations of section 337 by these Respondents in the future. Nor does the Commission now decide whether and how, if a new investigation were instituted based on the same or similar allegations, the record from the instant investigation may be used in such future investigation.

The investigation is terminated.

The authority for the Commission’s determination is contained in section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, and in Part 210 of the Commission’s Rules of Practice and Procedure, 19 CFR part 210.

By order of the Commission.

Issued: January 24, 2020.

Katherine Hiner,
Supervisory Attorney.

Authority: 44 U.S.C. 3506(c)(2)(A).

SUPPLEMENTARY INFORMATION: DOL, as part of continuing efforts to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies an opportunity to comment on proposed and/or continuing collections of information before submitting them to the Office of Management and Budget (OMB) for final approval. This program helps to ensure requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements can be properly assessed.

Section 3304(a)(9)(B), of the Internal Revenue Code of 1986, requires states to participate in an arrangement for combining employment and wages covered under the different state laws for the purpose of determining unemployed workers’ entitlement to unemployment compensation. The Interstate Arrangement for Combining Employment and Wages for combined wage claims (CWC), promulgated at Title 20 of the Code of Federal Regulations (20 CFR), Part 616, requires the prompt transfer of all relevant and available employment and wage data between states upon request. The Benefit Payment Promptness Standard, codified at 20 CFR part 640, requires the prompt payment of unemployment compensation including benefits paid under the CWC arrangement. This information collection, also referred to as the ETA 586 report, provides ETA with information necessary to measure the scope and effect of the CWC program and to monitor the performance of each state in responding to wage transfer data requests and the payment of benefits. Section 303 (a)(6) of the Social Security Act and 20 CFR part 616 authorize this information collection.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person
