Title: Escrow Agreement for Postponed Exterior Onsite Improvements, VA Form 26-1849.

OMB Control Number: 2900-0320.

Type of Review: Extension of a currently approved collection.

Abstract: VA Form 26-1849 is provided as a service to veterans, builders/sellers, and escrow agents to be used in situations involving escrows. A

VA loan amount cannot exceed the reasonable value of the property as determined by the Secretary of Veterans Affairs. The reasonable value is predicated on the completion of all improvements. In certain circumstances, such as adverse weather or other specified unavoidable conditions, the completion of some improvements may have to be postponed. For these situations, VA has developed escrow procedures whereby a builder/seller deposits at least one and one-half times the cost of completing the improvements into an escrow account held by a third party. The funds can only be used for the purpose of finishing the postponed improvements and are released when the improvements have been completed. These escrow procedures provide incentive to builder/sellers to complete all postponed improvements and are standard practices in both the real estate and mortgage lending fields.

Affected Public: Individuals or households and business or other for-profit.

Estimated Annual Burden: 1 hour.

Estimated Average Burden Per Respondent: 30 minutes.

Frequency of Response: On occasion.

Estimated Number of Respondents: 10,000.

Dated: December 4, 2001.

By direction of the Secretary.

Donald L. Neilson,

Director, Information Management Service.
