

1,400 skeletal fragments. No known individuals were identified. No associated funerary objects are present.

In 1966, human remains representing, at minimum, 11 individuals were removed from Canal Point 3 (8PB046) in Palm Beach County, FL. In 1966, the United States Sugar Corporation reported human remains at the site. Excavations in multiple trench sites uncovered a large amount of human bones and cultural materials. Prior excavations, in 1939, resulted in the removal of additional human skeletal remains which, according to the Florida Master Site file, were sent to the Smithsonian Institution. The human remains are commingled and are comprised of approximately 1,461 fragments, including the nearly complete skull of a probable female. No known individuals were identified. No associated funerary objects are present.

At an unknown date, human remains representing, at minimum, one individual were removed from a burial site at Hialeah (8DA82A) in Dade County, FL. No other documentation exists for this site, and this burial is not mentioned in the Florida Master Site File. However, records from archeologist D.D. Laxson, housed at FAU, indicate that he excavated four locations at DA82, Hialeah 1–4, and encountered another, partial historic Seminole burial, which he reported in a 1954 *Florida Anthropologist* article. It seems likely that this burial is from a related area. The well-preserved human remains belong to a young adult male, 17–23 years old. Reconstruction of the skull by a previous researcher shows that this individual had sustained at least four sharp force trauma wounds. In addition, the postcranial skeleton exhibits extensive perimortem crushing injuries, suggesting that the individual was trampled, perhaps by a horse. This individual appears to be a historic Seminole based on preservation, site location, and trauma patterns. No known individual was identified. No associated funerary objects are present.

Determinations Made by the Department of Anthropology, Florida Atlantic University

Officials of the Department of Anthropology, Florida Atlantic University have determined that:

- Pursuant to 25 U.S.C. 3001(9), the human remains described in this notice represent the physical remains of 336 individuals of Native American ancestry.

- Pursuant to 25 U.S.C. 3001(3)(A), the 965 objects described in this notice are reasonably believed to have been placed with or near individual human

remains at the time of death or later as part of the death rite or ceremony.

- Pursuant to 25 U.S.C. 3001(2), there is a relationship of shared group identity that can be reasonably traced between the Native American human remains and associated funerary objects and the Seminole Tribe of Florida (*previously* listed as Seminole Tribe of Florida (Dania, Big Cypress, Brighton, Hollywood, & Tampa Reservations)).

Additional Requestors and Disposition

Lineal descendants or representatives of any Indian Tribe or Native Hawaiian organization not identified in this notice that wish to request transfer of control of these human remains and associated funerary objects should submit a written request with information in support of the request to Meredith Ellis, Department of Anthropology, Florida Atlantic University, Boca Raton, FL 33431, telephone (561) 297–4768, email ellism@fau.edu, by October 6, 2022.

After that date, if no additional requestors have come forward, transfer of control of the human remains and associated funerary objects to the Seminole Tribe of Florida (*previously* listed as Seminole Tribe of Florida (Dania, Big Cypress, Brighton, Hollywood, & Tampa Reservations)) may proceed.

The Department of Anthropology, Florida Atlantic University is responsible for notifying The Consulted and Invited Tribes that this notice has been published.

To assist in its examination duties mandated by ERISA, the Joint Board has established the Advisory Committee on Actuarial Examinations (Advisory Committee) in accordance with the provisions of the Federal Advisory

Committee Act (FACA). The current Advisory Committee members' terms expire on February 28, 2023. This notice describes the Advisory Committee and invites applications from those interested in serving on the Advisory Committee for the March 1, 2023–February 28, 2025, term.

DATES: Applications for membership on the Advisory Committee must be received by the Joint Board, by no later than December 6, 2022.

FOR FURTHER INFORMATION CONTACT: Elizabeth Van Osten, Designated Federal Officer, Advisory Committee on Actuarial Examinations, at 202–317–3648 or elizabeth.j.vanosten@irs.gov.

SUPPLEMENTARY INFORMATION:

1. Background

To qualify for enrollment to perform actuarial services under ERISA, an applicant must satisfy certain experience and knowledge requirements, which are set forth in the Joint Board's regulations. An applicant may satisfy the knowledge requirement by successful completion of Joint Board examinations in basic actuarial mathematics and methodology and in actuarial mathematics and methodology relating to pension plans qualifying under ERISA.

The Joint Board, the Society of Actuaries, and the American Society of Pension Professionals & Actuaries jointly offer examinations acceptable to the Joint Board for enrollment purposes and acceptable to the other two actuarial organizations as part of their respective examination programs.

2. Scope of Advisory Committee Duties

The Advisory Committee plays an integral role in the examination program by assisting the Joint Board in offering examinations that enable examination candidates to demonstrate the knowledge necessary to qualify for enrollment. The Advisory Committee's duties, which are strictly advisory, include (1) recommending topics for inclusion on the Joint Board examinations, (2) developing and reviewing examination questions, (3) recommending proposed examinations, (4) reviewing examination results and recommending passing scores, and (5) providing other recommendations and advice relative to the examinations, as requested by the Joint Board.

3. Member Terms and Responsibilities

Members are appointed for a 2-year term. The upcoming term will begin on March 1, 2023, and end on February 28, 2025. Members may seek reappointment for additional consecutive terms.

Members are expected to attend approximately 4 meetings each calendar year and are reimbursed for travel expenses in accordance with applicable government regulations. Meetings may be held in person or by teleconference. In general, members are expected to devote 125 to 175 hours, including meeting time, to the work of the Advisory Committee over the course of a year.

4. Member Selection

The Joint Board seeks to appoint an Advisory Committee that is fairly balanced in terms of points of view represented and functions to be performed. Every effort is made to ensure that most points of view extant in the enrolled actuary profession are represented on the Advisory Committee. To that end, the Joint Board seeks to appoint members from each of the main practice areas of the enrolled actuary profession, including small employer plans, large employer plans, and multiemployer plans. In addition, to ensure diversity of points of view, the Joint Board limits the number of members affiliated with any one actuarial organization or employed with any one firm.

Membership normally will be limited to actuaries currently enrolled by the Joint Board. However, individuals having academic or other special qualifications of particular value for the Advisory Committee's work also will be considered for membership. Federally registered lobbyists and individuals affiliated with Joint Board enrollment examination preparation courses are not eligible to serve on the Advisory Committee.

5. Member Designation

Advisory Committee members are appointed as Special Government Employees (SGEs). As such, members are subject to certain ethical standards applicable to SGEs. Upon appointment, each member will be required to provide written confirmation that he/she does not have a financial interest in a Joint Board examination preparation course. In addition, each member will be required to attend annual ethics training.

6. Application Requirements

To receive consideration, an individual interested in serving on the Advisory Committee must submit (1) a

signed, cover letter expressing interest in serving on the Advisory Committee and describing his/her professional qualifications, and (2) a resume and/or curriculum vitae. Applications must be submitted electronically to NHQJBEA@irs.gov. The transmittal email should include APPLICATION FOR ADVISORY COMMITTEE in the subject line.
