p. The Commission's scoping process will help determine the required level of analysis and satisfy the National Environmental Policy Act (NEPA) scoping requirements, irrespective of whether the Commission prepares an environmental assessment or environmental impact statement.

Scoping Meetings

Due to on-going concerns with large gatherings related to COVID-19, we do not intend to hold in-person public scoping meetings or an in-person environmental site review. Rather, Commission staff will hold virtual public scoping meetings using a telephone conference line. The daytime scoping meeting will focus on resource agency, Indian tribes, and non-governmental organization (NGO) concerns, while the evening scoping meeting will focus on receiving input from the public. We invite all interested agencies, Native American tribes, NGOs, and individuals to attend one of these meetings to assist us in identifying the scope of environmental issues that should be analyzed in the NEPA document.

The dates and times of these meetings are as follows:

Virtual Environmental Site Reviews for all stakeholders:

Wednesday, January 12, 2022.
10 a.m. EST and 6 p.m. EST.
WebEx meeting details provided by Kleinschmidt Associates on behalf of Dominion
Meeting for resource agencies, Tribes, and NGOs:
Thursday, January 13, 2022.
10 a.m.–12 p.m. EST.
Call in number: 888-604-9359.
Participant passcode: 8998724.
Meeting for the general public:
Thursday, January 13, 2022.
6:30 p.m.–8:30 p.m. EST.
Call in number: 888-604-9359.
Participant passcode: 8998724.

Scoping Document 1 (SD1), which outlines the subject areas to be addressed in the environmental document, was mailed to the individuals and entities on the Commission's mailing list and Dominion's distribution list. Copies of SD1 may be viewed on the web at <http://www.ferc.gov>, using the "eLibrary" link. Follow the directions for accessing information in paragraph n. Based on all oral and written comments, a Scoping Document 2 (SD2) may be issued. SD2 may include a revised process plan and schedule, as well as a list of issues, identified through the scoping process.

Environmental Site Reviews

Dominion and Commission staff will hold two virtual Environmental Site Reviews of the Bath County Project on January 12, 2022, starting at 10 a.m. eastern standard time (EST) and 6 p.m. EST, respectively. Please contact Alison Jakupca of Kleinschmidt Associates at (803) 462-5628 or Alison.Jakupca@Kleinschmidtgroup.com, by January 5, 2022, if you plan to attend. WebEx meeting details will be provided by Kleinschmidt Associates once attendance is confirmed.

Meeting Objectives

At the scoping meetings, staff will: (1) Initiate scoping of the issues; (2) review and discuss existing conditions and resource management objectives; (3) review and discuss existing information and identify preliminary information and study needs; (4) review and discuss the process plan and schedule for pre-filing activity that incorporates the time frames provided for in Part 5 of the Commission's regulations and, to the extent possible, maximizes coordination of federal, state, and tribal permitting and certification processes; and (5) discuss the appropriateness of any federal or state agency or Indian tribe acting as a cooperating agency for development of an environmental document. Meeting participants should come prepared to discuss their issues and/or concerns. Please review the PAD

in preparation for the scoping meetings. Directions on how to obtain a copy of the PAD and SD1 are included in item n of this document.

Meeting Procedures

The daytime and evening scoping meetings will be recorded by a stenographer and will be placed in the public record of the project; the virtual Environmental Site Reviews will not be recorded by a court reporter and public comments will not be accepted during that time. Please note, that if no participants join the meetings within 30 minutes after the start time, staff will end the meeting and conference call. The meetings will end after participants have presented their oral comments or at the specified end time, whichever occurs first.
