Therefore, it is necessary for NTIA to collect information using the Performance Progress Report (PPR) form and Baseline Report.

For the budget submission form, NTIA intends to use the information collected (1) to evaluate whether an applicant is eligible for a grant; (2) to evaluate applications by peer/expert reviewers against objective criteria; and (3) to collect corroborative information, as applicable, from applicants deemed highly qualified. NTIA also intends to

use information collected from the application as baseline information after award of the grant to evaluate the grantee's progress toward completion of the objectives for which the grant was made.

Affected Public: Grant award recipients consisting of for-profit companies, non-profit companies, institutions of higher education, industry groups, and consortia including two or more such entities.
