Editorial Modifications of the Commission's Rules

AGENCY: Federal Communications Commission.

ACTION: Final rule.

DATES: Effective April 14, 2005.

FOR FURTHER INFORMATION CONTACT: Rodney Small, Office of Engineering and Technology, (202) 418-2452.

SUPPLEMENTARY INFORMATION: This is a summary of the Commission's *Order*, ET Docket No. 96-2, RM-8165, adopted April 13, 2005 and released April 14, 2005. Summary of the Order

1. In the *Order*, the Office of the Managing Director ("OMD") amends twelve sections of the Commission's Rules by updating the postal address of the Arecibo Radio Astronomy Observatory ("Observatory") near Arecibo, Puerto Rico.

2. In October 1997, the Commission established a Coordination Zone covering the islands of Puerto Rico, Desecheo, Mona, Vieques, and Culebra within the Commonwealth of Puerto Rico. The Coordination Zone requires applicants for new and modified radio facilities in various communications services within the Coordination Zone to provide notification of their proposed

operations to the Observatory at the time their applications are submitted to the Commission.

3. On March 4, 2005, Counsel for Cornell University ("Cornell"), operator of the Observatory, informed the Commission's Office of Engineering and Technology (OET) that the postal address for the Observatory had changed, and the Post Office is no longer forwarding mail sent to the old address listed in the Commission's Rules. Accordingly, Counsel for Cornell requests that the postal address for the Observatory be amended in all applicable Commission Rules to "Interference Office, Arecibo Observatory, HC3 Box 53995, Arecibo, Puerto Rico 00612."

4. Authority for adoption of the foregoing revisions is contained in 47 CFR 0.231(b).

5. Amending the postal address for the Observatory in all applicable Commission rules is ministerial and does not change the substance of the rule or any party's obligations or rights, and thus can be undertaken under OMD delegated authority without a notice and comment period rulemaking. OMD has examined the entirety of the Commission's rules and finds twelve sections that require amendment to reflect the Observatory's new postal address.

Ordering Clauses

6. Pursuant to section 4(i) and 4(j) of the Communications Act of 1934, as amended, 47 U.S.C. 154(i) and 154(j), and sections 0.11 and 0.231 of the Commission's rules, 47 CFR 0.11 and 0.231, the *Order* and the rules specified in the Appendix, *are amended*, effective April 14, 2005.

§ 1.924 Quiet zones.

* * * * *

(d) *Notification to the Arecibo Observatory.* The requirements in this section are intended to minimize possible interference at the Arecibo Observatory in Puerto Rico. Licensees must make reasonable efforts to protect the Observatory from interference. Licensees planning to construct and operate a new station at a permanent fixed location on the islands of Puerto Rico, Desecheo, Mona, Vieques or Culebra in services in which individual station licenses are issued by the FCC; planning to construct and operate a new station at a permanent fixed location on these islands that may cause interference to the operations of the Arecibo Observatory in services in which individual station licenses are not issued by the FCC; or planning a modification of any existing station at a permanent fixed location on these islands that would increase the likelihood of causing interference to the operations of the Arecibo Observatory must notify the Interference Office, Arecibo Observatory, HC3 Box 53995, Arecibo, Puerto Rico 00612, in writing or electronically (e-mail address: prcz@naic.edu), of the technical parameters of the planned operation. Carriers may wish to use the interference guidelines provided by Cornell University as guidance in designing facilities to avoid interference to the Observatory. The notification must include identification of the geographical coordinates of the antenna location (NAD-83 datum), the antenna height, antenna directivity (if any), proposed channel and FCC Rule Part, type of emission, and effective isotropic radiated power.
