

60-day notice in the **Federal Register** * * * and otherwise consult with members of the public and affected agencies concerning each proposed collection of information * * *.

Agencies must specifically solicit comments to (a) evaluate whether the proposed collection of information is necessary for the agency to perform its duties, including whether the information is useful; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information that ONRR collects; and (d) minimize the burden on the respondents, including the use of automated collection techniques or other forms of information technology.

The PRA also requires agencies to estimate the total annual reporting "non-hour cost" burden to respondents or record-keepers resulting from the collection of information. If you have costs to generate, maintain, and disclose this information, you should comment and provide your total capital and startup cost components or annual operation, maintenance, and purchase of service components. You should describe the methods that you use to estimate (1) major cost factors, including system and technology acquisition, (2) expected useful life of capital equipment, (3) discount rate(s), and (4) the period over which you incur costs. Capital and startup costs include, among other items, computers and software that you purchase to prepare for collecting information and monitoring, sampling, and testing equipment, and record-storage facilities. Generally, your estimates should not include equipment or services purchased (i) before October 1, 1995; (ii) to comply with requirements not associated with the information collection; (iii) for reasons other than to provide information or keep records for the Federal government; or (iv) as part of customary and usual business, or private practices.

We will summarize written responses to this notice and address them in our ICR submission for OMB approval, including appropriate adjustments to the estimated burden. We will provide a copy of the ICR to you, without charge, upon request. We also will post the ICR at http://www.onrr.gov/Laws_R_D/FRNotices/FRInfColl.htm.

Public Comment Policy: ONRR will post all comments, including names and addresses of respondents at <http://www.regulations.gov>. Before including Personally Identifiable Information (PII), such as your address, phone number, email address, or other personal

information in your comment(s), you should be aware that your entire comment (including PII) may be made available to the public at any time. While you may ask us, in your comment, to withhold PII from public view, we cannot guarantee that we will be able to do so.

Notice of Lodging of Proposed Partial Consent Decree Under the Clean Water Act

On July 19, 2017, the Department of Justice lodged a proposed Partial Consent Decree with the United States District Court for the Northern District of Ohio in the lawsuit entitled *United States v. The City of Cleveland Heights, Ohio and The State of Ohio*, Civil Action No. 17-cv-1517.

The United States filed this lawsuit under the Clean Water Act. The United States' complaint alleges that the City of Cleveland Heights, Ohio violated the Clean Water Act and the City's stormwater permit by allowing discharges of untreated sanitary sewage into local streams flowing to Lake Erie. The complaint seeks injunctive relief and civil penalties. The State of Ohio is named as a defendant solely to satisfy Section 309(e) of the Clean Water Act 33 U.S.C. 1319(e).

The Partial Consent Decree requires Cleveland Heights to perform a comprehensive study of its sewer system and submit a plan, for EPA approval, to eliminate sanitary sewer overflows. The agreement also requires certain early action projects to reduce sanitary sewage overflows and improvements to the City's sewer system operations. The Partial Consent Decree does not resolve the United States' claims. The schedule for implementing the approved plan and

the civil penalty for the City's violations will be established separately.

The publication of this notice opens a period for public comment on the Partial Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States v. SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-81162; File No. SR-Phlx-2017-47]

Self-Regulatory Organizations; NASDAQ PHLX LLC; Notice of Designation of a Longer Period for Commission Action on a Proposed Rule Change To Adopt Rule 996A

July 18, 2017.

On June 8, 2017, NASDAQ PHLX LLC ("Phlx" or the "Exchange") filed with

the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act" or "Exchange Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to adopt Rule 996A (Consolidated Audit Trail—Fee Dispute Resolution). The proposed rule change was published for comment in the **Federal Register** on June 23, 2017.³ The Commission received no comment letters on the proposed rule change.

Section 19(b)(2) of the Act⁴ provides that, within 45 days of the publication of notice of the filing of a proposed rule change, or within such longer period up to 90 days as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or as to which the self-regulatory organization consents, the Commission shall either approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether the proposed rule change should be disapproved. The Commission is extending this 45-day time period.

The Commission finds that it is appropriate to designate a longer period within which to take action on the proposed rule change so that it has sufficient time to consider the proposed rule change. The proposed rule change would establish the procedures for resolving potential disputes related to CAT Fees charged to Industry Members.

Accordingly, the Commission, pursuant to Section 19(b)(2) of the Act,⁵ designates September 21, 2017, as the date by which the Commission should either approve or disapprove or institute proceedings to determine whether to disapprove the proposed rule change (File Number SR-Phlx-2017-47).

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.⁶

Eduardo A. Aleman,
Assistant Secretary.
