Overview of This Information Collection

Title: Trusted Traveler Programs and U.S. APEC Business Travel Card.

OMB Number: 1651–0121.

Form Number: 823S (SENTRI) and 823F (FAST).

Current Actions: Revision of an existing information collection.

Type of Review: Revision.

Affected Public: Individuals and Businesses.

Abstract: This collection of information is for CBP's Trusted Traveler Programs including the Secure Electronic Network for Travelers Rapid Inspection (SENTRI), which allows expedited entry at specified southwest land border ports of entry; the Free and Secure Trade program (FAST), which provides expedited border processing for known, low-risk commercial drivers; and Global Entry which allows pre-approved, low-risk, air travelers dedicated processing clearance upon arrival into the United States.

The purpose of all of these programs is to provide prescreened travelers expedited entry into the United States. The benefit to the traveler is less time spent in line waiting to be processed. These Trusted Traveler programs are provided for in 8 CFR 235.7 and 235.12.

This information collection also includes the U.S. APEC Business Travel Card (ABTC) Program, which is a voluntary program that allows U.S. citizens to use fast-track immigration lanes at airports in the 20 other Asia-Pacific Economic Cooperation (APEC) member countries. This program is mandated by the Asia-Pacific Economic Cooperation Business Travel Cards Act of 2011, Public Law 112–54 and provided for by 8 CFR 235.13.

These collections of information include the data collected on the applications and kiosks for these programs. Applicants may apply to participate in these programs by using the Trusted Traveler Program Systems website (TTP) at <https://ttp.cbp.dhs.gov/> or at Trusted Traveler Enrollment Centers.

After arriving at the Federal Inspection Services area of the airport, participants in Global Entry can undergo a self-serve inspection process

using a Global Entry kiosk. During the self-service inspection, participants have their photograph and fingerprints taken, submit identifying information, and answer several questions about items they are bringing into the United States. When using the Global Entry kiosks, participants are required to declare all articles being brought into the United States pursuant to 19 CFR 148.11.

Proposed Changes:

CBP will be updating the Trusted Travel Programs to align with the U.S. Department of State's Passport Options: CBP will modify the Trusted Traveler Program application by adding a third gender marker, "X" for applicants identifying as non-binary, intersex, and/or gender non-conforming (in addition to the existing "male and "female" gender markers). The "X" marker will be categorized as "Unspecified or Another Gender Identity", in the document sections of the electronic Trusted Traveler Programs application.

Title: Ship's Stores Declaration.
OMB Number: 1651-0018.
Form Number: CBP Form 1303.
Current Actions: Revision of an existing information collection.
Type of Review: Revision.
Affected Public: Businesses.
Abstract: CBP Form 1303, Ship's Stores Declaration, is used by the carriers to declare articles to be retained on board the vessel, such as sea stores,

ship's stores (*e.g.*, alcohol and tobacco products), controlled narcotic drugs or bunker fuel in a format that can be readily audited and checked by CBP. The form was developed as a single international standard ship's stores declaration form to replace the different forms used by various countries for the entrance and clearance of vessels. CBP Form 1303 collects information about the ship, the ports of arrival and departure, and the articles on the ship. This form is provided for by 19 CFR 4.7, 4.7a, 4.81, 4.85 and 4.87 and is accessible at: <https://www.cbp.gov/newsroom/publications/forms?title=1303&=Apply>.

Proposed Change

This form is anticipated to be submitted electronically as part of the maritime forms automation project through the Vessel Entrance and Clearance System (VECS), which will eliminate the need for any paper submission of any vessel entrance or clearance requirements under the above referenced statutes and regulations. VECS will still collect and maintain the same data but will automate the capture of data to reduce or eliminate redundancy with other data collected by CBP.
