SUPPLEMENTARY INFORMATION: This ICR seeks to extend PRA authority for the Health Insurance Claim Form information collection. The OWCP uses Form OWCP-1500 to process bills for medical services provided by medical professionals other than medical services provided by hospitals, pharmacies, or certain other medical providers. This information is required to pay health care providers for services rendered to injured employees covered under OWCP-administered programs, because appropriate payment cannot be made without documentation of the medical services provided by the health care provider billing the OWCP. The OWCP uses information obtained to identify the patient and determine benefit eligibility. The OWCP also uses the information to decide whether services and supplies received are covered by OWCP programs and to

assure that proper payment is made. Federal Employees' Compensation Act section 9, Black Lung Benefits Act section 413, and Energy Employees Occupational Illness Compensation Program Act of 2000 section 3629(c) authorize this information collection. See 5 U.S.C. 8103, 30 U.S.C. 936, and 42 U.S.C. 7384t.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1240-0044.

OMB authorization for an ICR cannot be for more than three (3) years without renewal, and the DOL seeks to extend PRA authorization for this information collection for three (3) more years, without any change to existing requirements. The DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on June 16, 2015 (80 FR 34459).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within thirty (30) days of publication of this notice in the **Federal Register**. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1240-0044. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who

are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.
