Notice of Temporary Seasonal Closure of Public Lands in La Plata and Montezuma Counties, CO

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of temporary closure.

SUMMARY: Notice is hereby given that a temporary closure to all forms of entry will be in effect seasonally for certain public lands administered by the Bureau of Land Management (BLM), Tres Rios Field Office in La Plata and Montezuma Counties, Colorado. The temporary closure is necessary to protect critical wildlife habitat and minimize stress to wintering mule deer and elk and nesting raptors.

DATES: In the Durango area of La Plata County, the temporary closure of BLM-administered lands identified as critical winter wildlife habitat will be in effect annually from 12:01 a.m. on December 1 through 11:59 p.m. on April 15, with possible extension through April 30 if conditions warrant. The temporary closure of BLM-administered lands identified as critical raptor habitat will be in effect annually from 12:01 a.m. on March 15 through 11:59 p.m. on July 31.

In the Cortez area of Montezuma County, the temporary closure of BLM-administered lands identified as critical winter wildlife habitat will be in effect annually from 12:01 a.m. on December 1 through 11:59 p.m. on April 30.

All times noted are local.

The temporary seasonal closures take effect on August 1, 2022 and will expire 30 days after publication in the **Federal Register** of a final supplementary rule implementing the 2015 Tres Rios Field Office Resource Management Plan (RMP).

ADDRESSES: The temporary closure order, maps of the affected areas, and documents associated with the

temporary closure order will be made available and posted at the Tres Rios Field Office, 29211 Highway 184, Dolores, CO 81323.

FOR FURTHER INFORMATION CONTACT:

Tyler Fouss, Field Staff Ranger; 29211 Highway 184, Dolores, CO 81323; telephone: (970) 882–1131; email: tfouss@blm.gov.

Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services to contact Tyler Fouss. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: The need for these temporary seasonal closures is identified in the record of decision for the Tres Rios Field Office RMP and the supporting environmental impact statement (EIS). The BLM affirmed that its environmental analysis conducted in that EIS adequately informed, under the National Environmental Policy Act (NEPA), the decision regarding these temporary closures in La Plata County. That determination of NEPA adequacy is contained in the worksheet titled “Seasonal Wildlife Area Closures on Public Lands in La Plata County, Colorado” (DOI–BLM–CO–S010–2020–0006–DNA). BLM conducted additional site-specific analysis of the effects of the Cortez area closures in an environmental assessment for the Tres Rios Field Office entitled, “Transportation and Access Plan, Travel Area 1: Archuleta, La Plata and Montezuma Counties” (DOI–BLM–CO–S010–2018–0013–EA).

I. Durango Area Closures

In 1971, the BLM and Colorado Parks and Wildlife (CPW) identified the need to preserve critical winter range to minimize adverse impacts and prevent disturbance to wintering elk and mule deer. The BLM purchased land on Animas City Mountain from The Nature Conservancy and entered into a joint plan with CPW for managing Animas City Mountain and the Perins Peak Wildlife Management Area. Perins Peak was also identified as critical nesting habitat for peregrine falcons. In 1999, the BLM and CPW identified a similar need to manage for critical winter range within the Grandview Ridge Recreation Management Zone (RMZ) and developed a management plan for the Durango Special Recreation Management Area (SRMA).

II. Cortez Area Closures

The BLM designated the Cortez SRMA during revision of the Tres Rios Field Office RMP. The RMP identifies the need for annual seasonal closures in the Chutes-n-Ladders, Summit, and Aqueduct areas of the Montezuma Triangle RMZ within the Cortez SRMA. These areas provide critical winter range for elk and mule deer and are identified in the Colorado action plan for implementation of Department of the Interior Secretary’s Order 3362, “Improving Habitat Quality in Western Big-Game Winter Range and Migration Corridors” (2018). When the BLM developed the SRMA, it implemented seasonal wildlife closures as a mitigation measure in response to the designation of elk and mule deer critical winter range in the Cortez SRMA.

Description of Closed Areas: This temporary closure affects the following BLM-administered public lands within the Tres Rios Field Office in La Plata County, Colorado: Animas City Mountain and Grandview Ridge RMZs within the Durango SRMA and the Perins Peak Wildlife Management Area; and in Montezuma County, Colorado: Aqueduct, Chutes and Ladders, and Summit areas of the Montezuma Triangle RMZ within the Cortez SRMA.
