

transparency to FINRA's fees as listed within the BOX Fee Schedule. Further, the proposal is also equitable and not unfairly discriminatory because the Exchange will not be collecting or retaining these fees, therefore, the Exchange will not be in a position to apply them in an inequitable or unfairly discriminatory manner.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The Exchange does not believe that this proposal creates an unnecessary or inappropriate inter-market burden on competition as FINRA's fees apply to all market participants. Additionally, the Exchange does not believe that this proposal creates an unnecessary or inappropriate intra-market burden on competition as the increased fee for each initial Form U4 filed for the registration of a representative or principal will be assessed by FINRA to all Participants who require Form U4 filings as of January 2, 2022.

The Exchange does not believe that this proposal creates an unnecessary or inappropriate intra-market burden on competition as the decreased Continuing Education fee from will be assessed by FINRA to all Participants who complete the Regulatory Element of the Continuing Education requirements pursuant to FINRA rules. Also, clarifying that the Continuing Education Fees apply to all individual required to complete the Regulatory Element of the Continuing Education requirements does not impose an undue burden on competition as FINRA currently assesses these rates to all Participants that are required to have those registrations. The Exchange also does not believe that its proposal to list the proposed annual MQP Fee of \$100 creates an unnecessary or inappropriate intra-market burden on competition as this annual fee that will be assessed by FINRA to all Participants who elect to participate in the MQP pursuant to FINRA rules. Additionally, making clear that FINRA will bill and collect these fees will bring greater transparency to the FINRA fees listed within the BOX Fee Schedule. Finally, clarifying that the FINRA Annual System Processing Fee is assessed only during renewals, the Fingerprinting Fees are processing fees, and that Series 57 exam fee includes the fee for the Securities Industry Essentials Exam, will provide more information to Participants regarding the fees collected by FINRA

and listed within the BOX Fee Schedule. Further, the proposal does not impose an undue burden on competition because the Exchange will not be collecting or retaining these fees, therefore, the Exchange will not be in a position to apply them in an inequitable or unfairly discriminatory manner.

Rule 15c3-4

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) ("PRA"), the Securities and Exchange Commission ("Commission") is soliciting comments on the collection of information

¹⁷ 15 U.S.C. 78s(b)(3)(A)(ii).

¹⁸ 17 CFR 240.19b-4(f)(2).

¹⁹ 17 CFR 200.30-3(a)(12).

provided for in Rule 15c3-4 (17 CFR 240.15c3-4) under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*). The Commission plans to submit this existing collection of information to the Office of Management and Budget (“OMB”) for extension and approval.

Rule 15c3-4 requires certain broker-dealers that are registered with the Commission as OTC derivatives dealers, or who compute their net capital charges under Appendix E to Rule 15c3-1 (17 CFR 240.15c3-1) (“ANC firms”), to establish, document, and maintain a system of internal risk management controls. In addition, security-based swap dealers (“SBSDs”) that are subject to Rule 18a-1 (17 CFR 240.18a-1) must comply with Rule 15c3-4 as if they were OTC derivatives dealers. The Rule sets forth the basic elements for an OTC derivatives dealer, an ANC firm, or an SBSD to consider and include when establishing, documenting, and reviewing its internal risk management control system, which is designed to, among other things, ensure the integrity of an OTC derivatives dealer’s, an ANC firm’s, or an SBSD’s risk measurement, monitoring, and management process, to clarify accountability at the appropriate organizational level, and to define the permitted scope of the firm’s activities and level of risk. The Rule also requires that management of an OTC derivatives dealer, ANC firm, or SBSD must periodically review, in accordance with written procedures, the firm’s business activities for consistency with its risk management guidelines.

The staff estimates that the average amount of time a new firm subject to Rule 15c3-4 will spend establishing and documenting its risk management control system is approximately 2,000 hours (666.666667 hours per year when annualized over three years) and that, on average, an existing firm subject to Rule 15c3-4 will spend approximately 200 hours each year to maintain (e.g., reviewing and updating) its risk management control system. Currently, five firms are registered with the Commission as OTC derivatives dealers, five as ANC firms, and one as an SBSD. The staff estimates that approximately two new additional entities may register as OTC derivatives dealers, one new entity may register as an ANC firm, and two new entities may register as SBSDs subject to the requirements of Rule 15c3-4 within the next three years. Thus, the estimated annual burden would be approximately 2,200 hours for the eleven existing firms (five OTC derivatives dealers, five ANC firms, and one SBSD) currently required to comply with Rule 15c3-4 to maintain their risk

management control systems,¹ 3,333 hours for the five new firms (two new OTC derivatives dealers, one new ANC firm, and two new SBSDs) to establish and document their risk management control systems,² and 1,000 hours for the five new firms (two new OTC derivatives dealers, one new ANC firm, and two new SBSDs) to maintain their risk management control systems.³ Accordingly, the staff estimates the total annual burden associated with Rule 15c3-4 for the 16 respondents (nine OTC derivatives dealers, six ANC firms, and five SBSDs) will be approximately 6,533 hours per year.

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission’s estimates of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Please direct your written comments to: David Bottom, Acting Director/Chief Information Officer, Securities and Exchange Commission, c/o John Pezzullo, 100 F Street NE, Washington, DC 20549, or send an email to: PRAMailbox@SEC.gov.

Dated: January 14, 2022.

Assistant Secretary.

Form 1-E, Regulation E

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (the “Commission”) has submitted to the Office of Management and Budget a request for extension of the previously approved collection of information discussed below.

Form 1-E (17 CFR 239.200) under the Securities Act of 1933 (15 U.S.C. 77a *et seq.*) (“Securities Act”) is the form that a small business investment company (“SBIC”) or business development company (“BDC”) uses to notify the Commission that it is claiming an exemption under Regulation E from registering its securities under the Securities Act. Rule 605 of Regulation E (17 CFR 230.605) under the Securities Act requires an SBIC or BDC claiming such an exemption to file an offering circular with the Commission that must also be provided to persons to whom an offer is made. Form 1-E requires an issuer to provide the names and addresses of the issuer, its affiliates, directors, officers, and counsel; a description of events which would make the exemption unavailable; the jurisdictions in which the issuer intends to offer the securities; information about unregistered securities issued or sold by the issuer within one year before filing the notification on Form 1-E; information as to whether the issuer is presently offering or contemplating offering any other securities; and exhibits, including copies of the rule 605 offering circular and any underwriting contracts.

The Commission uses the information provided in the notification on Form 1-E and the offering circular to determine whether an offering qualifies for the exemption under Regulation E. The Commission estimates that, each year, one issuer files one notification on Form 1-E, together with offering circulars, with the Commission.¹ Based on the Commission’s experience with disclosure documents, we estimate that the burden from compliance with Form 1-E and the offering circular requires approximately 100 hours per filing. The annual burden hours for compliance with Form 1-E and the offering circular would be 200 hours (2 responses × 100 hours per response). Estimates of the burden hours are made solely for the

¹ (200 hours × 11 firms) = 2,200.

² ((2,000 hours/3 years) × 5 firms) = 3,333.

³ (200 hours × 5 firms) = 1,000.

¹ According to Commission records, one issuer filed two notifications on Form 1-E, together with offering circulars, during 2013 and 2014.
