SUPPLEMENTARY INFORMATION:

Title: Evaluation of the Food Insecurity Nutrition Incentive (FINI) Grant Program.

OMB Number: 0584–NEW.

Expiration Date of Approval: Not Yet Determined.

Abstract: The Agriculture Act of 2014 (Pub. L. 113–79) authorized USDA to provide Food Insecurity Nutrition Incentive (FINI) grants to eligible organizations to design and implement projects to increase purchases of fruits and vegetables among low-income consumers participating in SNAP by providing incentives at the point of purchase. The objective of this information collection is to measure changes in fruit and vegetable purchases and consumption, food security, and perceived diet quality and health status among SNAP participants who receive incentives through FINI grant projects awarded in FY 2015 and FY 2016. The evaluation will use a quasi-experimental study design with clustered intervention sites and non-equivalent comparison groups. Baseline and follow-up data will be collected from (i) SNAP participants in the intervention (incentive) and the non-incentive comparison groups, (ii) Program Staff (key informant) interviews, and (iii) grantees. The data collection activities to be undertaken subject to this notice include:

- **Participant Survey:** Two questions for the participant survey that have not been previously validated will be pretested with 9 SNAP participants. The pretest participants will not be included in the sample for the participant survey. SNAP participants in the intervention and comparison groups will be asked questions about their shopping patterns, knowledge and attitudes about fruits and vegetables, fruit and vegetable intakes, food security, household characteristics, and their experience with the incentive programs. Data collection procedures will be the same for the pre- and post-intervention surveys. At the onset of the voluntary study, a packet containing an advance invitation letter in English and Spanish, a \$5 pre-survey incentive, pre-intervention survey, and postage paid return envelope will be mailed to participants. Both letters will include instructions to call a toll-free number; however, the Spanish letter will have an option for Spanish Speakers to complete their survey in Spanish. One week after the initial mailing, participants who have not returned the survey will receive an automated telephone call reminding them to complete and return the survey. Next, three weeks after the initial mailing, a FedEx package will be sent to non-responding participants, to
