SUPPLEMENTARY INFORMATION:

Background

On February 23, 2021, Commerce published the *Preliminary Results* of the 2018–2019 administrative review of the antidumping duty order on hot-rolled steel from Australia in the **Federal Register**.¹ This review covers one producer/exporter of subject merchandise, the collapsed entity, BlueScope Steel (AIS) Pty Ltd., BlueScope Steel Ltd., and BlueScope Steel Distribution Pty Ltd. (collectively, BlueScope). We invited interested parties to comment on the *Preliminary Results* and received case and rebuttal briefs.² On May 18, 2021, Commerce extended the deadline for the final results of review by 60 days to no later than August 20, 2021.³ A complete summary of the events that occurred since publication of the *Preliminary Results* is found in the Issues and Decision Memorandum.⁴ Commerce conducted this review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

Scope of the Order

The products covered by this *Order*⁵ are hot-rolled steel. A full description of the scope of the *Order* is contained in the Issues and Decision Memorandum.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs filed by interested parties in this review are addressed in the Issues and Decision Memorandum. A list of the issues that parties raised, and to which we responded in the Issues

and Decision Memorandum, follows as an appendix to this notice. The Issues and Decision Memorandum is a public document and is made available to the public via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum is available at <http://enforcement.trade.gov/frn/>.

Rescission of Review in Part

As stated in the *Preliminary Results*, Commerce inadvertently included as subject to the review, a U.S. company, *i.e.*, AJU Steel USA Inc., for which a review should not have been initiated. We received no comments from interested parties with respect to Commerce’s intent to rescind the review with respect to AJU Steel USA Inc. Therefore, we are rescinding this administrative review, in part, with respect to AJU Steel USA Inc.

Changes Since the Preliminary Results

Based on a review of the record and comments received from interested parties regarding our *Preliminary Results*, and for the reasons explained in the Issues and Decision Memorandum, we made certain changes for these final results of review.

Final Results of the Administrative Review

We determine that the following weighted-average dumping margin exists for the period October 1, 2018, through September 30, 2019:

Exporter/producer	Weighted-average dumping margin (percent)
BlueScope Steel (AIS) Pty Ltd, BlueScope Steel Ltd., and BlueScope Steel Distribution Pty Ltd	9.94

Pursuant to section 751(a)(2)(A) of the Act and 19 CFR 351.212(b)(1),

Final Results of Antidumping Duty Administrative Review; 2018–2019,” dated concurrently with, and hereby adopted by, this notice (Issues and Decision Memorandum).

⁵ See *Certain Hot-Rolled Steel Flat Products from Australia, Brazil, Japan, the Republic of Korea, the Netherlands, the Republic of Turkey, and the United Kingdom: Amended Final Affirmative Antidumping Determinations for Australia, the Republic of Korea, and the Republic of Turkey and Antidumping Duty Orders*, 81 FR 67962 (October 3, 2016) (*Order*).

Commerce will determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review.

For BlueScope, we calculated importer-specific assessment rates on the basis of the ratio of the total amount of dumping calculated for each importer's examined sales and the total entered value of those same sales in accordance with 19 CFR 351.212(b)(1).⁶ Where an importer-specific assessment rate is zero or *de minimis*, the entries by that importer will be liquidated without regard to antidumping duties. For entries of subject merchandise during the POR produced by BlueScope for which it did not know the merchandise was destined for the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.⁷

For any suspended entries of hot-rolled steel from AJU Steel USA Inc., we will instruct CBP to assess antidumping duties at the rate equal to the cash deposit rate of estimated antidumping duties required at the time of entry, or withdrawal from warehouse for consumption.

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of these final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication in the **Federal Register** of this notice for all shipments of hot-rolled steel from Australia entered, or withdrawn from warehouse, for consumption on or after the date of publication as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for BlueScope will be equal to the weighted-average dumping margin established in the final results of

the review; (2) for merchandise exported by producers or exporters not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation but the producer has been covered in a prior completed segment of this proceeding, then the cash deposit rate will be the rate established in the completed segment for the most recent period for the producer of the merchandise; (4) the cash deposit rate for all other producers or exporters will continue to be 29.58 percent, the all-others rate established in the less-than-fair-value investigation.⁸ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification Regarding Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation subject to sanction.

Notification to Interested Parties

We are issuing and publishing these results of administrative review in

accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221.

Dated: August 17, 2021.

Acting Assistant Secretary for Enforcement and Compliance.
