### National Park Service

#### Correction; Notice of Inventory Completion for Native American Human Remains and Associated Funerary Objects in the Possession of Agate Fossil Beds National Monument, National Park Service, Harrison, NE and Scotts Bluff National Monument, National Park Service, Gering, NE

**AGENCY:** National Park Service, Interior.

**ACTION:** Correction.

**SUMMARY:** The National Park Service published a notice of inventory completion in the **Federal Register** on May 23, 2000 for Native American human remains and associated funerary objects from Agate Fossil Beds National Monument and Scotts Bluff National Monument. The notice incorrectly listed one human skull as likely representing the remains of a Native American individual and one deer bone associated with these remains as an associated funerary object. Based on additional information provided by an August 2000 bioanthropological analysis of this skull, the Agate Fossil Beds National Monument superintendent determined that the human remains are not Native American and, therefore, the deer bone associated with these remains is not an associated funerary object.

#### Correction

In the **Federal Register** of May 23, 2000, FR Doc. 00-12852, page 33350, in the second column, the paragraph beginning "In 1968, human remains representing eight individuals" is corrected as follows to reflect changes in the number of human remains and associated funerary objects:

In 1968, human remains representing seven individuals were donated to Agate Fossil Beds National Monument by Margaret Cook. No known individuals were identified. The 10 associated funerary objects consist of 1 soil burial matrix containing numerous glass beads, 6 shell buttons and button fragments, 1 brass bell, 1 collection of cloth and leather fragments and 1 collection of plant seeds.

In the **Federal Register** of May 23, 2000, FR Doc. 00-12852, page 33350, in the third column, the paragraph beginning "Through the physical anthropological examinations" is corrected by deleting the following sentence:

The physical anthropological examinations also determined that one of the individuals described above is likely Native American.

In the **Federal Register** of May 23, 2000, FR Doc. 00-12852, beginning on page 33350 in the third column and ending on page 33351 in the first column, the following sentences are corrected to reflect changes in the number of human remains and associated funerary objects:

Based on the above-mentioned information, the Agate Fossil Beds National Monument and Scotts Bluff National Monument superintendents determined that, pursuant to 43 CFR 10.2 (d)(1), the human remains listed above represent 18 individuals of Native American ancestry. The Agate Fossil Beds National Monument and Scotts Bluff National Monument superintendents also determined that, pursuant to 43 CFR 10.2(d)(2), the 15 associated funerary objects listed above are reasonably believed to have been placed with or near individual human remains at the time of death or later as part of the death rite or ceremony.

This correction has been sent to officials of the Apache Tribe of Oklahoma; Arapahoe Tribe of the Wind River Reservation, Wyoming; Assiniboine and Sioux Tribes of the Fort Peck Indian Reservation, Montana; Blackfeet Tribe of the Blackfeet Indian Reservation of Montana; Cheyenne-Arapaho Tribes of Oklahoma; Cheyenne River Sioux Tribe of the Cheyenne River Reservation, South Dakota; Comanche Indian Tribe, Oklahoma; Crow Creek Sioux Tribe of the Crow Creek Reservation, South Dakota; Crow Tribe of Montana; Flandreau Santee Sioux Tribe of South Dakota; Fort Sill Apache Tribe of Oklahoma; Jicarilla Apache Tribe of the Jicarilla Apache Indian Reservation, New Mexico; Kiowa Indian Tribe of Oklahoma; Lower Brule Sioux Tribe of the Lower Brule Reservation, South Dakota; Mescalero Apache Tribe of the Mescalero Reservation, New Mexico; Northern Cheyenne Tribe of the Northern Cheyenne Indian Reservation, Montana; Northwestern Band of Shoshoni Nation of Utah (Washakie); Oglala Sioux Tribe of the Pine Ridge Reservation, South Dakota; Omaha Tribe of Nebraska; Pawnee Indian Tribe of Oklahoma; Ponca Tribe of Indians of

Oklahoma; Ponca Tribe of Nebraska; Rosebud Sioux Tribe of the Rosebud Indian Reservation, South Dakota; Santee Sioux Tribe of the Santee Reservation of Nebraska; Shoshone Tribe of the Wind River Reservation, Wyoming; Shoshone-Bannock Tribes of the Fort Hall Reservation of Idaho; Shoshone-Paiute Tribes of the Duck Valley Reservation, Nevada; Spirit Lake Tribe, North Dakota; Standing Rock Sioux Tribe of North & South Dakota; Three Affiliated Tribes of the Fort Berthold Reservation, North Dakota; and the Yankton Sioux Tribe of South Dakota.

Dated: January 1, 2001.

### Bureau of Reclamation

#### Bay-Delta Advisory Council's Ecosystem Roundtable Meeting and Ecosystem Roundtable Amendments Subcommittee Meeting

**AGENCY:** Bureau of Reclamation, Interior.

**ACTION:** Notice of meetings.

**SUMMARY:** The Bay-Delta Advisory Council's (BDAC) Ecosystem Roundtable will meet on January 25, 2001 to discuss the 2002 Ecosystem Restoration Program Implementation Plan, project selection process, and other issues. The Amendments Subcommittee will also meet on January 25, 2001 to discuss proposed contract modifications for several ongoing ecosystem restoration projects. These meetings are open to the public. Interested persons may make oral statements to the Ecosystem Roundtable and Amendments Subcommittee or may file written statements for consideration.

**DATES:** The BDAC's Ecosystem Roundtable meeting will be held from 9:30 a.m. to 1 p.m. on Thursday, January 25, 2001. The Ecosystem Roundtable Amendments Subcommittee meeting will be held from 2 p.m. to 4 p.m. on Thursday, January 25, 2001.

**ADDRESSES:** The Ecosystem Roundtable and Amendments Subcommittee will meet at the Resources Building, 1416 Ninth Street, Room 1131, Sacramento, CA 95814.

**FOR FURTHER INFORMATION CONTACT:** Terry Mills, CALFED Bay-Delta Program, at (916) 657-2666. If reasonable accommodation is needed

due to a disability, please contact the Equal Employment Opportunity Office at (916) 653-6952 or TDD (916) 653-6934 at least one week prior to the meeting.

**SUPPLEMENTARY INFORMATION:** The San Francisco Bay/Sacramento-San Joaquin Delta Estuary (Bay-Delta system) is a critically important part of California's natural environment and economy. In recognition of the serious problems facing the region and the complex resource management decisions that must be made, the state of California and the Federal government are working together to stabilize, protect, restore, and enhance the Bay-Delta system. The State and Federal agencies with management and regulatory responsibilities in the Bay-Delta system are working together as CALFED to provide policy direction and oversight for the process.

One area of Bay-Delta management includes the establishment of a joint State-Federal process to develop long-term solutions to problems in the Bay-Delta system related to fish and wildlife, water supply reliability, natural disasters, and water quality. The intent is to develop a comprehensive and balanced plan that addresses all of the resource problems. This effort, the CALFED Bay-Delta Program (Program), is being carried out under the policy direction of CALFED. The Program is exploring and developing a long-term solution for a cooperative planning process that will determine the most appropriate strategy and actions necessary to improve water quality, restore health to the Bay-Delta ecosystem, provide for a variety of beneficial uses, and minimize Bay-Delta system vulnerability. A group of citizen advisors representing California's agricultural, environmental, urban, business, fishing, and other interests who have a stake in finding long-term solutions for the problems affecting the Bay-Delta system has been chartered under the Federal Advisory Committee Act (FACA). The BDAC provides advice CALFED on the program mission, problems to be addressed, and objectives for the Program. BDAC provides a forum to help ensure public participation, and will review reports and other materials prepared by CALFED staff. BDAC has established a subcommittee called the Ecosystem Roundtable to provide input on annual workplans to implement ecosystem restoration projects and program.

Minutes of the meeting will be maintained by the Program, Suite 1155, 1416 Ninth Street, Sacramento, CA 95814, and will be available for public
