(viii) *Date Report Delivered to Congress:* April 9, 2024

\* as defined in Section 47(6) of the Arms Export Control Act.

#### **POLICY JUSTIFICATION**

##### **Ukraine—HAWK Phase III Missile System Sustainment**

The Government of Ukraine has requested to buy sustainment-related articles and services for the HAWK Phase III missile system, including engineering and integration for communications and interoperability; refurbishment and system overhaul of HAWK air defense fire units; missile recertification components; tool kits; test equipment; support equipment; technical documentation; spare parts; training; U.S. Government and contractor technical and field office support; and other related elements of logistics and program support. The estimated total cost is \$138 million.

The Secretary of State has determined and provided detailed justification that an emergency exists that requires the immediate sale to the Government of Ukraine of the above defense articles and services in the national security interests of the U.S., thereby waiving the congressional review requirements under Section 36(b) of the Arms Export Control Act, as amended.

This proposed sale will support the foreign policy goals and national security objectives of the U.S. by improving the security of a partner country that is a force for political stability and economic progress in Europe.

Ukraine has an urgent need to increase its capabilities to defend against Russian missile strikes and the aerial capabilities of Russian forces. Maintaining and sustaining the HAWK missile system will enhance Ukraine's ability to defend its people and protect critical national infrastructure.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractors will be RTX Corporation, located in Andover, MA,

and PROJECTXYZ, located in Huntsville, AL. Equipment will be supplied from a combination of U.S. Army stock, country donations, Commercial Off-the-Shelf (COTS), and new production. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will require temporary duty travel of an estimated 5 U.S. Government and 15 contractor representatives to Europe to support HAWK system training and sustainment.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

##### **Pacific Gas and Electric Company; Notice of Reasonable Period of Time for Water Quality Certification Application**

On July 31, 2025, the California State Water Resources Control Board (Water Board) submitted to the Federal Energy Regulatory Commission (Commission) notice that it received a request for a Clean Water Act section 401(a)(1) water quality certification as defined in 40 CFR. 121.5, from Pacific Gas and Electric Company, in conjunction with the above captioned project, on July 25, 2025. Pursuant to the Commission's regulations,<sup>1</sup> we hereby notify the Water Board of the following:

Date of Receipt of the Certification

Request: July 25, 2025

Reasonable Period of Time to Act on

If the Water Board fails or refuses to act on the water quality certification request on or before the above date, then the certifying authority is deemed waived pursuant to section 401(a)(1) of the Clean Water Act, 33 U.S.C. 1341(a)(1).

Dated: August 6, 2025.

##### **Nueva Era Dos, LLC; Notice of Application and Establishing Intervention Deadline**

Take notice that on July 24, 2025, Nueva Era Dos, LLC (Nueva Era Dos), 16211 La Cantera Parkway, Suite 202, San Antonio, Texas 78256, filed an application under Section 3 of the Natural Gas Act, and Subpart B of Part 153 of the Commission's regulations requesting authorization to construct and operate certain natural gas pipeline facilities for the export and import of natural gas at the international boundary between the United States and Mexico (Border Crossing Facilities). The Border Crossing Facilities consist of approximately 3,603 feet of 36-inch pipeline, extending from a point on the international boundary in Maverick County, Texas to the State of Coahuila, Mexico. Nueva Era Dos also requests a Presidential Permit pursuant to Subpart C of Part 153 of the Commission's regulations and Executive Order Numbers 10485 and 12038. Nueva Era Dos estimates the total cost of the Border Crossing Facilities to be \$8,400,000, all as more fully set forth in the application which is on file with the Commission and open for public inspection.
