Proposed Project: Maternal, Infant, and Early Childhood Home Visiting Program FY 2012 Competitive Grant Non-Competing Continuation Progress Reports (OMB No. 0915–xxxx)—[New]

Activity Code: D89

On March 23, 2010, the President signed into law the Patient Protection and Affordable Care Act (the Act). Section 2951 of the Act amended Title V of the Social Security Act by adding a new section, 511, which authorized the creation of the Maternal, Infant, and Early Childhood Home Visiting Program, (http://frwebgate.access.gpo.gov/cgi-bin/getdoc.cgi?dbname=111_cong_bills&docid=f:h3590enr.txt.pdf, pages 216–225). The Act responds to the diverse needs of children and families in communities at risk and provides an unprecedented opportunity for collaboration and partnership at the Federal, State, and community levels to improve health and development outcomes for at-risk children through evidence-based home visiting programs.

Under this program, \$125,000,000 was awarded to States on a formula basis in 2010. An additional \$125,000,000 was made available to States on a formula basis in 2011. Additionally, competitive funding was awarded in June 2011 for Development Grants and Expansion Grants. Development Grants were intended to

support the efforts of States and jurisdictions with modest evidence-based home visiting programs to expand the depth and scope of these efforts, with the intent to develop the infrastructure and capacity needed to seek an Expansion Grant in the future. Expansion Grants were intended to support the efforts of States and jurisdictions that had already made significant progress towards a high-quality home visiting program or embedding their home visiting program into a comprehensive, high-quality early childhood system. Thirteen States were awarded Development Grants, and nine States were awarded Expansion Grants. These competitive grants are for 2 years (Development Grants) and 4 years (Expansion Grants), respectively. State grantees of both competitive programs will need to complete non-competing continuation (NCC) progress reports in order to secure the release of FY 2012 and out-year grant funds.

Additional funds are being made available for Development and Expansion Grants in FY 2012. Ten Expansion Grants, totaling \$71.9 million, have been awarded. An additional four to eight Development Grants are anticipated to be awarded, with 2-year project periods. Development Grant recipients will be required to complete one NCC to secure the release of second-year funds. The project period is 4 years for the FY 2011 Expansion grants, and 3 years for the FY 2012 Expansion Grants. Fiscal year 2012 Expansion grant recipients will be required to complete three annual NCCs, and FY 2013 recipients will be required to complete two annual NCCs to secure the release of their out-year funds.

The annual estimate of burden is as follows:

Instrument: A summary of the progress on the following activities	Number of respondents	Responses per respondent	Hours per response	Total burden hours
Implementing home visiting programs	25	1	8	200
Fostering the integration of home visiting programs into early childhood systems	25	1	8	200

Improving outcomes for families served by the home visiting program	25	1	8	200
Providing services to vulnerable or high risk populations	25	1	2	50
Total	25			1,450
