BILLING CODE 6355-01-P

CONSUMER PRODUCT SAFETY COMMISSION

Collection of Information; Proposed Extension of Approval; Comment Request—Safety Standard for Bicycle Helmets

AGENCY: Consumer Product Safety Commission.

ACTION: Notice.

SUMMARY: As required by the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the Consumer Product Safety Commission requests comments on a proposed extension of approval of a collection of information from manufacturers and importers of bicycle helmets. The collection of information is in regulations implementing the Safety Standard for Bicycle Helmets. 16 CFR Part 1203. These regulations establish testing and recordkeeping requirements for manufacturers and importers of bicycle helmets subject to the standard. The Commission will consider all comments received in response to this notice before requesting an extension of approval of this collection of information from the Office of Management and Budget.

DATES: Written comments must be received by the Office of the Secretary not later than April 13, 2007.

ADDRESSES: Written comments should be captioned "Bicycle Helmets" and e-mailed to cpsc-os@cpsc.gov. Comments may also be sent by facsimile to (301) 504-0127, or by mail to the Office of the Secretary, Consumer Product Safety Commission, 4330 East West Highway, Bethesda, Maryland 20814.

FOR FURTHER INFORMATION CONTACT: For information about the proposed renewal of this collection of information, or to obtain a copy of the pertinent regulations, call or write Linda L. Glatz, Division of Policy and Planning, Office of Information Technology and Technology Services, Consumer Product Safety Commission, 4330 East West Highway, Bethesda, Maryland 20814; (301) 504-7671, or by e-mail to lglatz@cpsc.gov.

SUPPLEMENTARY INFORMATION: In 1994, Congress passed the "Child Safety Protection Act," which, among other

things, included the "Children's Bicycle Helmet Safety Act of 1994" Public Law 103-267, 108 Stat. 726. This law directed the Commission to issue a final standard applicable to bicycle helmets that would replace several existing voluntary standards with a single uniform standard that would include provisions to protect against the risk of helmets coming off the heads of bicycle riders, address the risk of injury to children, and cover other issues as appropriate. The Commission issued the final bicycle helmet standard in 1998. It is codified at 16 CFR Part 1203.

The standard requires all bicycle helmets manufactured after March 10, 1999, to meet impact-attenuation and other requirements. The standard also contains testing and recordkeeping requirements to ensure that bicycle helmets meet the standard's requirements. Certification regulations implementing the standard require manufacturers, importers, and private labelers of bicycle helmets subject to the standard to (1) Perform tests to demonstrate that those products meet the requirements of the standard, (2) maintain records of those tests, and (3) affix durable labels to the helmets stating that the helmet complies with the applicable standard. The certification regulations are codified at 16 CFR Part 1203, Subpart B.

The Commission uses the information compiled and maintained by manufacturers, importers, and private labelers of bicycle helmets subject to the standard to help protect the public from risks of injury or death associated with head injury associated with bicycle riding. More specifically, this information helps the Commission determine whether bicycle helmets subject to the standard comply with all applicable requirements. The Commission also uses this information to obtain corrective actions if bicycle helmets fail to comply with the standard in a manner that creates a substantial risk of injury to the public.

The Office of Management and Budget (OMB) approved the collection of information in the certification regulations under control number 3041-0127. The Commission now proposes to request an extension of approval for the collection of information in the certification regulations.

A. Estimated Burden

The Commission staff estimates that approximately 30 firms manufacture or import bicycle helmets subject to the standard. There are an estimated 200 different models of bicycle helmets currently marketed in the U.S. The Commission staff estimates that the time

required to comply with the collection of information requirements is approximately 100 to 150 hours per model per year. The total amount of time estimated for compliance with these requirements will be 20,000 to 30,000 hours per year (200 models × 100-150 hours/model = 20,000-30,000 hours). The annualized cost to respondents for the hour burden for collection of information is \$896,000-\$1,345,000 based on 20,000-30,000 hours times \$44.82/hour (based on total compensation of all civilian workers in managerial and professional positions in the U.S., July 2006, Bureau of Labor Statistics).

B. Request for Comments

The Commission solicits written comments from all interested persons about the proposed collection of information. The Commission specifically solicits information relevant to the following topics:

- Whether the collection of information described above is necessary for the proper performance of the Commission's functions, including whether the information would have practical utility;
- Whether the estimated burden of the proposed collection of information is accurate;
- Whether the quality, utility, and clarity of the information to be collected could be enhanced; and
- Whether the burden imposed by the collection of information could be minimized by use of automated, electronic or other technological collection techniques, or other forms of information technology.

Dated: February 7, 2007.

Todd A. Stevenson,

Secretary, Consumer Product Safety Commission.

BILLING CODE 6355-01-P

CONSUMER PRODUCT SAFETY COMMISSION

Collection of Information; Proposed Extension of Approval; Comment Request—Recordkeeping Requirements Under the Safety Regulations for Non-Full-Size Cribs

AGENCY: Consumer Product Safety Commission.

ACTION: Notice.

SUMMARY: As required by the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the Consumer Product Safety Commission requests comments on a proposed three year extension of

approval of information collection requirements in the safety regulations for non-full-size cribs codified at 16 CFR 1500.18(a)(14) and Part 1509. These regulations were issued to reduce hazards of strangulation, suffocation, pinching, bruising, laceration, and other injuries associated with non-full-size cribs. (A non-full-size crib is a crib having an interior length greater than 55 inches or smaller than 49¾ inches; or an interior width greater than 30 inches or smaller than 25 inches; or both.) The regulations prescribe performance, design, and labeling requirements for non-full-size cribs. They also require manufacturers and importers of those products to maintain sales records for a period of three years after the manufacture or importation of non-full-size cribs. If any non-full-size cribs subject to provisions of 16 CFR 1500.18(a)(14) and Part 1509 fail to comply in a manner severe enough to warrant a recall, the required records can be used by the manufacturer or importer and by the Commission to identify those persons and firms who should be notified of the recall. The Commission will consider all comments received in response to this notice before requesting approval of this collection of information from the Office of Management and Budget.

DATES: Written comments must be received by the Office of the Secretary not later than April 13, 2007.

ADDRESSES: Written comments should be captioned "Collection of Information—Requirements Under the Safety Regulations for Non-Full-Size Cribs" and e-mailed to *cpssc-os@cpssc.gov*. Comments may also be sent by facsimile to (301) 504-0127, or by mail to the Office of the Secretary, Consumer Product Safety Commission, 4330 East West Highway, Bethesda, Maryland 20814.

FOR FURTHER INFORMATION CONTACT: For information about the proposed renewal of this collection of information, or to obtain a copy of the pertinent regulations, call or write Linda L. Glatz, Division of Policy and Planning, Office of Information Technology and Technology Services, Consumer Product Safety Commission, 4330 East West Highway, Bethesda, Maryland 20814; (301) 504-7671, or by e-mail to *lglatz@cpssc.gov*.

SUPPLEMENTARY INFORMATION:

A. Estimated Burden

The Commission staff currently estimates that there are approximately 16 firms required to annually maintain sales records of non-full-size cribs. The staff further estimates that the average

number of hours per respondent is five per year, for a total of 80 hours and an annual cost of \$3,600. (80 hrs. × \$44.82/hr. based on total compensation of all civilian workers in managerial and professional positions in the U.S., July 2006, Bureau of Labor Statistics.)

B. Request for Comments

The Commission solicits written comments from all interested persons about the proposed renewal of this collection of information. The Commission specifically solicits information relevant to the following topics:

- Whether the collection of information described above is necessary for the proper performance of the Commission's functions, including whether the information would have practical utility;
- Whether the estimated burden of the proposed collection of information is accurate;
- Whether the quality, utility, and clarity of the information to be collected could be enhanced; and
- Whether the burden imposed by the collection of information could be minimized by use of automated, electronic or other technological collection techniques, or other forms of information technology.

Dated: February 7, 2007.

Todd A. Stevenson,

Secretary, Consumer Product Safety Commission.

BILLING CODE 6355-01-P

DEPARTMENT OF DEFENSE

Office of the Secretary

Meeting of the DoD Advisory Group on Electron Devices

AGENCY: Department of Defense, Advisory Group on Electron Devices

ACTION: Notice.

SUMMARY: The DoD Advisory Group on Electron Devices (AGED) announces a closed session meeting.

DATES: The meeting will be held at 9 a.m., Tuesday, February 27, 2007.

ADDRESSES: The meeting will be held at ITS Noesis Business Unit, 4100 N. Fairfax Drive, Suite 800, Arlington, VA 22203.

FOR FURTHER INFORMATION CONTACT: Ms. Vicki Schneider, ITS Noesis Business Unit, 4100 N. Fairfax Drive, Suite 800, Arlington, VA 22203, 703-741-0300.

SUPPLEMENTARY INFORMATION: The mission of the Advisory Group is to

provide advice to the Under Secretary of Defense for Acquisition, Technology and Logistics to the Director of Defense Research and Engineering (DDR&E), and through the DDR&E to the Director, Defense Advanced Research Projects Agency and the Military Departments in planning and managing an effective and economical research and development program in the area of electron devices.

The AGED meeting will be limited to review of research and development efforts in electronics and photonics with a focus on benefits to national defense. These reviews may form the basis for research and development programs initiated by the Military Departments and Defense Agencies to be conducted by industry, universities or in government laboratories. The agenda for this meeting will include programs on molecular electronics, microelectronics, electro-optics, and electronic materials. In accordance with Section 10(d) of Public Law 92-463, as amended (5 U.S.C. App. 2), it has been determined that this Advisory Group meeting concerns matters listed in 5 U.S.C. 552b(c)(1), and that accordingly, this meeting will be closed to the public.

Dated: February 6, 2007.

Patricia L. Toppings,

Alternate, OSD Federal Register Liaison Officer, Department of Defense.

DEPARTMENT OF DEFENSE

Department of the Navy

Notice of Intent To Prepare an Environmental Impact Statement (EIS) for a Swimmer Interdiction Security System (SISS) at Naval Base Kitsap-Bangor, Kitsap County, WA, and Announce Public Scoping Meetings

AGENCY: Department of the Navy, DoD.

ACTION: Notice.

SUMMARY: Pursuant to section 102(2)(C) of the National Environmental Policy Act (NEPA) of 1969, and the regulations implemented by the Council on Environmental Quality (40 CFR parts 1500-1508), the Department of the Navy (DON) announces its intent to prepare an EIS to evaluate the potential environmental consequences of construction of facilities for and operation of the SISS.

The DON's Space and Naval Warfare Systems Center San Diego (SSC San Diego) proposes to construct and operate a SISS at Naval Base Kitsap-Bangor (NBK-Bangor). In response to the terrorist attacks of September 11,
