### Rural Housing Service

**Title:** American Rescue Plan Act, 2021 (ARPA)—7 CFR PART 3550, “DIRECT SINGLE FAMILY HOUSING SECTIONS 502 and 504 LOAN PROGRAMS.

**OMB Control Number:** 0575–NEW.

**Summary of Collection:** The Rural Housing Service is requesting emergency clearance approval for this information collection due to the need to effectively implement the program as quickly as possible to administer The American Rescue Plan’s (ARPA) Act of 2021 (Pub. L. 117–2; H.R. 1319, section 3207) additional \$39 million of Budget Authority (BA) for Single Family Housing (SFH) Section 502 and 504 Direct Loan Program borrowers. The Agency’s initial objective under the ARP Act is to refinance the existing 23,000 Section 502 direct and Section 504 borrowers who have been granted and received a COVID–19 payment moratorium. Refinancing these loans with a lower interest rate and extended terms will help provide needed relief to borrowers, so that

## DEPARTMENT OF COMMERCE

### Census Bureau

[Docket Number 220715–0157]

### Request for Comment on Inflation Measures for Adjusting Historical Income

**AGENCY:** Census Bureau, Commerce.

**ACTION:** Notice of solicitation of comments.

**SUMMARY:** The Census Bureau is seeking comments on the use of alternative price indices to adjust dollar-denominated income values to reflect changes in the price level over time (inflation adjustment). Currently, historical estimates of income and earnings are inflation-adjusted using the Consumer Price Index for All Urban Consumers Research Series (R–CPI–U–RS) produced by the Bureau of Labor Statistics. The Census Bureau is considering adopting alternative chain-type price indices produced by the Bureau of Labor Statistics (BLS) and the Bureau of Economic Analysis (BEA) for the inflation adjustment in the future. Based on comments received, the Census Bureau will weigh the advantages and disadvantages of these alternative price indices in choosing the optimal index for inflation adjustment. **DATES:** Comments must be submitted in writing. To ensure consideration of comments, they must be received by October 31, 2022. Because of delays in the receipt of regular mail related to security screening, respondents are encouraged to send comments electronically (see **ADDRESSES**, below)

**ADDRESSES:** Comments may be addressed to: Matthew Unrath, Economist, Income Statistics Branch, Social, Economic and Housing Statistics Division, U.S. Census Bureau, 301–763–0863. **SUPPLEMENTARY INFORMATION:** The Census Bureau is seeking public comments on the strengths, weaknesses, and best practices for the application of chain-type price indices used for the inflation adjustment of historical income and earnings estimates. Currently, the Census Bureau uses the CPI–U Research Series (R–CPI–U–RS) produced by BLS for the inflation adjustment. The Census Bureau is considering the following alternative chain-type price indices: the Chained Consumer Price Index for All Urban Consumers (C–CPI–U) produced by BLS, and the Personal Consumption Expenditures Price Index (PCEPI) produced by BEA. More information about the potential change, the alternative chain-type price indices, and Census Bureau’s research on this topic can be found at the Census Bureau’s website: <https://www.census.gov/topics/income-poverty/income/guidance/alternative-inflation.html>.
