

Issues and Decision Memorandum from Stephen J. Claeys, Deputy Assistant Secretary for Import Administration, to David M. Spooner, Assistant Secretary for Import Administration ("Decision Memorandum"). A list of issues addressed in the Decision Memorandum is appended to this notice. The Decision Memorandum is on file in the Central Records Unit in Room B-099 of the main Commerce building, and can also be accessed directly on the Web at <http://ia.ita.doc.gov/frn/index.html>. The paper copy and electronic version of the Decision Memorandum are identical in content.

Changes Since the Preliminary Results

Based on our analysis of comments received, we have made no changes to our *Preliminary Results*.

Final Results of Review

As a result of our review, we determine that the following weighted-average margin exists for SWG for the period of March 1, 2005, through February 28, 2006:

Producer	Weighted-Average Margin (Percentage)
Schmiedewerke Groditz GmbH ..	0.00

Assessment Rates

The Department shall determine, and U.S. Customs and Border Protection ("CBP") shall assess, antidumping duties on all appropriate entries. Pursuant to 19 CFR 351.212(b)(1), for the U.S. sale made by the respondent for which it has reported the importer of record and entered value, we have calculated an importer-specific assessment rate based on the ratio of the total amount of antidumping duties calculated for the examined sales to the total entered value of the U.S. sale.

The Department clarified its "automatic assessment" regulation on May 6, 2003 (68 FR 23954). This clarification will apply to entries of subject merchandise during the period of review produced by reviewed companies for which these companies did not know their merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction. For a full discussion of this clarification, see *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003).

The Department will issue appropriate assessment instructions directly to CBP 15 days after the date of publication of these final results of the new shipper review.

Cash Deposit Requirements

The following cash deposit rate will be effective upon publication of the final results of this new shipper review for shipments of stainless steel bar from Germany entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Tariff Act of 1930, as amended ("the Act"). For subject merchandise produced and exported by SWG, the cash deposit rate will be the rate established in the final results of this review, except if the rate is less than 0.50 percent and, therefore, de minimis, the cash deposit rate will be zero. This cash deposit requirement, when imposed, shall remain in effect until further notice.

Notification to Interested Parties

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective orders ("APO") of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation, which is subject to sanction.

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: July 10, 2007.

David M. Spooner,

Assistant Secretary for Import Administration.

Coastal Nonpoint Pollution Control Program: Approval Decision on Guam Coastal Nonpoint Pollution Control Program

AGENCY: National Oceanic and Atmospheric Administration, U.S. Department of Commerce, and the U.S. Environmental Protection Agency.

ACTION: Notice of Intent to Approve the Guam Coastal Nonpoint Program.

SUMMARY: Notice is hereby given of the intent to fully approve the Guam Coastal Nonpoint Pollution Control Program (coastal nonpoint program) and of the availability of the draft Approval Decisions on conditions for the Guam coastal nonpoint program. Section 6217 of the Coastal Zone Act Reauthorization Amendments (CZARA), 16 U.S.C. section 1455b, requires States and Territories with coastal zone management programs that have received approval under section 306 of the Coastal Zone Management Act to develop and implement coastal nonpoint programs. Coastal States and Territories were required to submit their coastal nonpoint programs to the National Oceanic and Atmospheric Administration (NOAA) and the U.S. Environmental Protection Agency (EPA) for approval in July 1995. NOAA and EPA conditionally approved the Guam coastal nonpoint program on October 3, 1997. NOAA and EPA have drafted approval decisions describing how Guam has satisfied the conditions placed on its program and therefore has a fully approved coastal nonpoint program.

NOAA and EPA are making the draft decisions for the Guam coastal nonpoint program available for a 30-day public comment period. If comments are received, NOAA and EPA will consider whether such comments are significant enough to affect the decision to fully approve the program.

Copies of the draft Approval Decisions can be found on the NOAA Web site at <http://coastalmanagement.noaa.gov/czm/>
