5. If CEQ responds that the information meets the requirements of the applicable guidelines and no correction is needed, the affected person may request reconsideration of the response from the CEQ General Counsel within 60 days of receipt of the response. Such a request for reconsideration shall clearly indicate that the communication is a "Request for Reconsideration" under Section 515 of the Treasury and General Government Appropriations Act for Fiscal Year 2001 and set forth, as specifically as possible, the reasons for the affected person's disagreement with CEQ's response. The request for reconsideration should be mailed to the CEQ General Counsel, 722 Jackson Place, NW., Washington, DC 20503 or e-mailed to informationquality@ceq.eop.gov. Respondents: Business or other for-profit.

Number of Respondents: 10,780 commercial radio licensee recordkeepers; 1,310 commercial TV licensee recordkeepers; 1,310 commercial TV stations making must-carry/retransmission consent elections.

Estimated Time Per Response: 104 ours per year for radio recordkeeping; 130 hours per year for TV recordkeeping; 5 hours per election statement per TV station.

Needs and Uses: Section 73.3526 requires that each licensee/permittee of a commercial broadcast station maintain a file for public inspection. The contents of the file vary according to type of service and status. The contents include, but are not limited to, copies of certain applications tendered for filing, a statement concerning petitions to deny filed against such applications, copies of ownership reports and annual employment reports, statements certifying compliance with filing announcements in connection with renewal applications, letters received from members of the public, etc. The data are used by the public and FCC to evaluate information about the broadcast licensee's performance, to

ensure that broadcast stations are addressing issues concerning the community to which it is licensed to serve and to ensure that radio stations entering into time brokerage agreements comply with Commission policies pertaining to licensee control and to the Communications Act and the antitrust laws. Broadcasters are required to send each cable operator in the station's market a copy of the election statement applicable to that particular cable operator. Placing these retransmission consent/must-carry elections in the public file provide public access to documentation of station's elections which are used by cable operators in negotiations with television stations and by the public to ascertain why some stations are/are not carried by the cable systems.

FEDERAL COMMUNICATIONS COMMISSION

Public Information Collections Approved by Office of Management and Budget

The Federal Communications Commission (FCC) has received Office of Management and Budget (OMB) approval for the following public information collections pursuant to the Paperwork Reduction Act of 1995, Public Law 104-13. An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid control number. OMB Control No.: 3060-0422.

Title: Section 68.5, Waivers (Application for Waiver of Hearing Aid Compatibility Requirements).

Form No.: N/A.

Respondents: Business or other for-profit.

Estimated Annual Burden: 30 respondents; 3 per response (avg.); 30 total annual burden hours (for all collections under this control number).

Estimated Annual Reporting and Recordkeeping Cost Burden: \$0.

Frequency of Response: On occasion.

Description: Section 710(b) of the Communications Act of 1934, as

amended, requires that almost all telephones manufactured in or imported into this country after August 16, 1989 be hearing aid compatible. Refurbished, repaired or resold telephones, telephones used with public and private mobile radio services, and secure telephones used for classified communications are exempt. The Hearing Aid Compatibility (HAC) Act provides a three-year grace period for cordless telephones before they must comply with the requirement. Congress recognized, however, that there may be technological and/or economical reasons some new telephones may not meet the hearing aid compatibility requirement. Therefore, it provided for a waiver requirement for new telephones based on technological and economical grounds. Telephone manufacturers seeking a waiver of 47 CFR 68.4 which requires that certain telephones be hearing aid compatible must demonstrate that compliance with the rule is technologically infeasible or too costly. 47 CFR 68.5 provides the criteria to be used to assess waivers. Applicants seeking waivers must submit sufficient information for the Commission to make an informed decision. Information is used by FCC staff to determine whether to grant or dismiss the request. Obligation to respond: Required to obtain or retain benefits.
