#### Notice of Availability of the Draft Supplemental Environmental Impact Statement for the Proposed Venture Global CP2 LNG, LLC and Venture Global CP Express, LLC CP2 LNG and CP Express Pipeline Projects

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared a draft supplemental environmental impact statement (EIS) to address the November 27, 2024 *Order Addressing Arguments Raised on Rehearing And Setting Aside Prior Order, In Part* (Rehearing Order) issued by the Commission for the CP2 LNG and CP Express Pipeline Project (Project), proposed by Venture Global CP2 LNG, LLC (CP2 LNG) and Venture Global CP Express, LLC (CP Express) in the above-referenced dockets.<sup>1</sup> CP2 LNG and CP Express request authorization to site, construct, and operate certain liquefied natural gas (LNG) facilities in Cameron Parish, Louisiana, and certain pipeline facilities in Louisiana and east Texas.

On July 28, 2023, the Commission staff issued a final EIS for the Project. On June 27, 2024, the Commission issued an *Order Granting Authorizations Under Sections 3 and 7 of the Natural Gas Act* (Authorization Order)<sup>2</sup> for the Project. rehearing and motion for stay of the Authorization Order. On November 27, 2024, the Commission issued its Rehearing Order.<sup>4</sup> The Rehearing Order set aside the Authorization Order, in part, regarding the Commission's analysis of the cumulative air quality impacts specific to the Project's nitrogen dioxide (NO<sub>2</sub>) and particles with an aerodynamic diameter of less than or equal to 2.5 microns (PM<sub>2.5</sub>) emissions, for the purpose of conducting additional environmental review in light of an opinion issued by the U.S. Court of Appeals for the District of Columbia Circuit.<sup>5</sup> This draft supplemental EIS was prepared to assess these issues as part of the Commission's consideration of a further merits order for the Project.

The Commission mailed a copy of the *Notice of Availability* to federal, state, and local government representatives and agencies; elected officials; environmental and public interest groups; Native American tribes; potentially affected landowners and other interested individuals and groups; and newspapers and libraries in the project area. The draft supplemental EIS is only available in electronic format. It may be viewed and downloaded from the FERC's website ([www.ferc.gov](http://www.ferc.gov)), on the natural gas environmental documents page (<https://www.ferc.gov/industries-data/natural-gas/environment/environmental-documents>). In addition, the draft supplemental EIS may be accessed by using the eLibrary link on the FERC's website. Motions to intervene are more fully described at <https://www.ferc.gov/how-intervene>. Only intervenors have the right to seek rehearing or judicial review of the Commission's decision. The Commission grants affected landowners and others with environmental concerns intervenor status upon showing good cause by stating that they have a clear and direct interest in this proceeding which no other party can adequately represent. Simply filing environmental comments will not give you intervenor status, but you do not need intervenor status to have your comments considered.
