Abstract: Section 8 of the Endangered Species Act (16 U.S.C. 1531 et seq.) authorizes the establishment of the Wildlife Without Borders—Critically Endangered Animals Conservation Fund to fund projects that conserve the world's most endangered species. Critically endangered animals are those that face an extremely high risk of extinction in the immediate future. The Division of International Conservation, Fish and Wildlife Service, administers this competitive grants program to provide funding for conservation actions that have a high likelihood of creating durable benefits to specific species facing immediate threat of extinction.

Applicants submit proposals for funding in response to a Notice of Funding Availability that we publish on Grants.gov and the program web page. Applications consist of:

- (1) Cover page with basic project details (FWS Form 3-2338A).
 - (2) Project summary and narrative.
 - (3) Letter of appropriate government endorsement.
 - (4) Brief curricula vitae for key project personnel.
 - (5) Complete Standard Forms 424 and 424b (non-domestic applicants do not submit the standard forms).

- (2) Final report (performance and financial status report and copies of all deliverables, photographic documentation of the project and products resulting from the project) due within 90 days of the end of the performance period.
