Background

On August 31, 2000, the Department of Commerce (the Department) received a request from SeAH Steel Corporation ("SeAH") for an administrative review of the antidumping duty order on oil country tubular goods from Korea. On October 2, 2000, the Department published a notice of initiation of this administrative review, covering the period of August 1, 1999 through July 31, 2000 (65 FR 58733).

Extension of Time Limits for Preliminary Results

Because of the complexities enumerated in the Memorandum from Barbara E. Tillman to Joseph A. Spetrini, *Extension of Time Limit for the Preliminary Results of the Antidumping Duty Administrative Review of Oil Country Tubular Goods (OCTG) from Korea*, dated April 18, 2001, it is not practical to complete this review within the time limits mandated by section 751(a)(3)(A) of the Act.

Therefore, in accordance with section 751(a)(3)(A) of the Act, the Department is extending the time limit for the preliminary results of review until August 31, 2001. The final results continue to be due 120 days after the publication of the preliminary results.

Dated: April 27, 2001.

Joseph A. Spetrini,

Acting Deputy Assistant Secretary, AD/CVD Enforcement Group III.

In the Western Pacific Pelagic Fishery, the vessel operator must ensure that the official number of the vessel is affixed to every longline buoy and float. In the Western Pacific Crustacean Fishery, each trap and float must be marked with the vessel's identification number.
