laws and regulations. Part of providing assurance of compliance is to describe in a right-of-way procedural (operations) manual the organization, policies and procedures of the State to such an extent that these guide State employees, local acquiring agencies, and contractors who acquire and manage real property that is used for a federally funded transportation project. Procedural manuals assure the FHWA that the requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act (Uniform Act) will be met. The State responsibility to prepare and maintain an up-to-date right-of-way procedural manual is set out in 23 CFR 710.201(c). Due to the amending of 23 CFR 710 regulations, a lengthy and in-depth update of each manual will be required. The revisions are prompted by enactment of the *Moving Ahead for Progress in the 21st Century Act* (MAP–21). The regulation allows States flexibility in determining how to meet the manual requirement. This flexibility allows States to prepare manuals in the format of their choosing, to the level of detail necessitated by State complexities. Each State decides how it will provide service to individuals and businesses affected by Federal or federally-assisted projects, while at the same time reducing the burden of government regulation. States are required to update manuals to reflect changes in Federal requirements for programs administered under Title 23 U.S.C. The State manuals may be submitted to FHWA electronically or made available by posting on the State Web site.

Respondents: 52 State Departments of Transportation, including the District of Columbia and Puerto Rico.*Frequency:* A one-time collection due to regulatory revisions. Then States update their manuals on an annually basis and certify every 5 years.*Estimated Average Burden per Response:* 225 hours per respondent.*Estimated Total Annual Burden Hours:* 225 hours for each of the 52 State Departments of Transportation. The total is 11,700 burden hours.*Public Comments Invited:* You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection is necessary for the FHWA's performance; (2) the accuracy of the estimated burdens; (3) ways for the FHWA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized, including the use of electronic technology, without reducing the quality of the collected information. The agency will summarize and/or

include your comments in the request for OMB's clearance of this information collection.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended; and 49 CFR 1.48.

Issued on: August 25, 2014.

BILLING CODE 4910–22–P**DEPARTMENT OF TRANSPORTATION****Federal Motor Carrier Safety Administration****[Docket No. FMCSA–2014–0326]****Parts and Accessories Necessary for Safe Operation; Application for an Exemption From Atwood Forest Products, Inc.****AGENCY:** Federal Motor Carrier Safety Administration (FMCSA), DOT.**ACTION:** Notice of application for exemption; request for comments.**SUMMARY:** FMCSA requests public comment on an application for exemption from Atwood Forest Products, Inc. (Atwood) to allow the use of a camera system installed at the sides and rear of up to 15 of its commercial motor vehicles (CMV) in lieu of rear-vision mirrors as specified in the Federal Motor Carrier Safety Regulations (FMCSR). Section 393.80 of the FMCSRs currently requires every bus, truck, and truck tractor to be equipped with two rear-vision mirrors, one at each side, firmly attached to the outside of the motor vehicle, and so located as to reflect to the driver a view of the highway to the rear along both sides of the vehicle. All such mirrors must, at a minimum, meet the requirements of Federal Motor Vehicle Safety Standard (FMVSS) No. 111 in effect at the time the vehicle was manufactured. The exemption would enable Atwood to install the camera system on its vehicles for use in an evaluation study, in a location that will offer the best opportunity to optimize data to evaluate the safety and economic benefits of eliminating outside mirrors.**DATES:** Comments must be received on or before September 29, 2014.**ADDRESSES:** You may submit comments identified by DOT DMS Docket Number FMCSA–2014–0326 by any of the following methods:
