

a categorical exclusion under section 2.B.2 of the Instruction. Therefore, this rule is categorically excluded, under figure 2–1, paragraph (34)(h), of the Instruction, from further environmental documentation. Special local regulations issued in conjunction with a regatta or marine parade permit are specifically excluded from further analysis and documentation under those sections. Under figure 2–1, paragraph (34)(h), of the Instruction, an “Environmental Analysis Check List” and a “Categorical Exclusion Determination” are not required for this rule.

List of Subjects in 33 CFR Part 100

Marine safety, Navigation (water), Reporting and recordkeeping requirements, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR Part 100 as follows:

PART 100—SAFETY OF LIFE ON NAVIGABLE WATERS

■ 1. The authority citation for part 100 continues to read as follows:

Authority: 33 U.S.C. 1233, Department of Homeland Security Delegation No. 0170.1.

■ 2. Add a temporary § 100.35–T05–074 to read as follows:

§ 100.35–T05–074 Prospect Bay, Kent Island Narrows, MD.

(a) *Regulated area.* The regulated area is established for the waters of Prospect Bay, adjacent to Kent Island Narrows, Maryland, enclosed by a line drawn between the following points: latitude 38°57′52″ N, longitude 076°14′48″ W, thence southwesterly to latitude 38°58′02″ N, longitude 076°15′05″ W, thence southeasterly to latitude 38°57′38″ N, longitude 076°15′29″ W, thence northeasterly to latitude 38°57′28″ N, longitude 076°15′23″ W, thence to point of origin. All coordinates reference Datum NAD 1983.

(b) *Definitions.* (1) *Coast Guard Patrol Commander* means a commissioned, warrant, or petty officer of the Coast Guard who has been designated by the Commander, Coast Guard Sector Baltimore.

(2) *Official Patrol* means any vessel assigned or approved by Commander, Coast Guard Sector Baltimore with a commissioned, warrant, or petty officer on board and displaying a Coast Guard ensign.

(c) *Special local regulations:* (1) Except for persons or vessels authorized by the Coast Guard Patrol Commander, no person or vessel may enter or remain in the regulated area.

(2) The operator of any vessel in the regulated area shall:

(i) Stop the vessel immediately when directed to do so by any Official Patrol.

(ii) Proceed as directed by any Official Patrol.

(d) *Enforcement period.* This section will be enforced from 10:30 a.m. to 6:30 p.m. on August 6 and August 7, 2005. If the races are postponed due to weather, then the temporary special local regulations will be enforced during the same time period the next day.

Dated: June 26, 2005.

Sally Brice-O'Hara,

Rear Admiral, U.S. Coast Guard, Commander, Fifth Coast Guard District.

Coast Guard

33 CFR Part 100

[CGD05–05–066]

RIN 1625–AA08

Special Local Regulations for Marine Events; Pamlico River, Washington, NC

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing temporary special local regulations for the “SBIP—Fountain Powerboats Kilo Run and Super Boat Grand Prix”, a marine event to be held August 5 and August 7, 2005, on the waters of the Pamlico River, near Washington, North Carolina. These special local regulations are necessary to provide for the safety of life on navigable waters during the event. This action is intended to restrict vessel traffic in portions of the Pamlico River during the event.

DATES: This rule is effective from 6:30 a.m. on August 5, 2005 through 5 p.m. on August 8, 2005.

ADDRESSES: Documents indicated in this preamble as being available in the docket, are part of docket CGD05–05–066 and are available for inspection or copying at Commander (oax), Fifth Coast Guard District, 431 Crawford Street, Portsmouth, Virginia 23704–5004, between 9 a.m. and 2 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: D.M. Sens, Project Manager, Auxiliary and Recreational Boating Safety Branch, at (757) 398–6204.

SUPPLEMENTARY INFORMATION:

Regulatory Information

We did not publish a notice of proposed rulemaking (NPRM) for this regulation. Under 5 U.S.C. 553(b) (B) the Coast Guard finds that good cause exists for not publishing an NPRM. Publishing an NPRM would be impracticable and contrary to public interest. The event will begin on August 5, 2005. Because of the danger posed by high-speed powerboats racing in a closed circuit, special local regulations are necessary to provide for the safety of event participants, spectator craft and other vessels transiting the event area. For the safety concerns noted, it is in the public interest to have these regulations in effect during the event.

Under 5 U.S.C. 553(d) (3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Delaying the effective date would be contrary to the public interest, since immediate action is needed to ensure the safety of the event participants, spectator craft and other vessels transiting the event area in the Pamlico River. However, advance notifications will be made to affected users of the river via marine information broadcasts and area newspapers.

Background and Purpose

On August 5 and August 7, 2005, Super Boat International Productions will sponsor the “SBIP—Fountain Powerboats Kilo Run and Super Boat Grand Prix”, on the Pamlico River, near Washington, North Carolina. The event will consist of approximately 40 high-speed powerboats racing in heats along a 5-mile oval course on August 5 and 7, 2005. Preliminary speed trials along a straight one-kilometer course will be conducted on August 5, 2005.

Approximately 20 boats will participate in the speed trials. Approximately 100 spectator vessels will gather nearby to view the speed trials and the race. If either the speed trials or races are postponed due to weather, they will be held the next day. During the speed trials and the races, vessel traffic will be temporarily restricted to provide for the safety of participants, spectators and transiting vessels.

Discussion of Rule

The Coast Guard is establishing temporary special local regulations on specified waters of the Pamlico River near Washington, North Carolina. The temporary special local regulations will be enforced from 6:30 a.m. to 12:30 p.m. on August 5, 2005, and from 11:30 a.m. to 5 p.m. on August 7, 2005. If either the

speed trials or races are postponed due to weather, then the temporary special local regulations will be enforced during the same time period the next day. The effect of the temporary special local regulations will be to restrict general navigation in the regulated area during the speed trials and races. Except for persons or vessels authorized by the Coast Guard Patrol Commander, no person or vessel may enter or remain in the regulated area. Non-participating vessels will be allowed to transit the regulated area between races, when the Coast Guard Patrol Commander determines it is safe to do so. These regulations are needed to control vessel traffic during the event to enhance the safety of participants, spectators and transiting vessels.

Regulatory Evaluation

This rule is not a “significant regulatory action” under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order. It is not “significant” under the regulatory policies and procedures of the Department of Homeland Security (DHS).

We expect the economic impact of this temporary final rule to be so minimal that a full Regulatory Evaluation under the regulatory policies and procedures of DHS is unnecessary.

Although this regulation prevents traffic from transiting a portion of the Pamlico River during the event, the effect of this regulation will not be significant due to the limited duration that the regulated area will be in effect and the extensive advance notifications that will be made to the maritime community via marine information broadcasts and area newspapers so mariners can adjust their plans accordingly.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601–612), we have considered whether this rule would have a significant economic impact on a substantial number of small entities. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

This rule will affect the following entities, some of which may be small entities: The owners or operators of vessels intending to transit or anchor in the effected portion of the Pamlico River during the event.

This rule will not have a significant economic impact on a substantial number of small entities for the following reasons. This rule will be in effect for only a short period. The Patrol Commander will allow non-participating vessels to transit the event area between races. Before the enforcement period, we will issue maritime advisories so mariners can adjust their plans accordingly.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we offered to assist small entities in understanding the rule so that they could better evaluate its effects on them and participate in the rulemaking process. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the address listed under **ADDRESSES**.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247).

Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of

their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This rule will not effect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference With Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children From Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and will not create an environmental risk to health or risk to safety that may disproportionately affect children.

Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination With Indian Tribal Governments because it does not have a substantial and direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a “significant energy action” under that order because it is not a “significant regulatory action” under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the Office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Technical Standards

The National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note) directs agencies to use voluntary consensus standards in their regulatory activities unless the agency provides Congress, through the Office of Management and Budget, with an explanation of why using these standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (e.g., specifications of materials, performance, design, or operation; test methods; sampling procedures; and related management systems practices) that are developed or adopted by voluntary consensus standards bodies.

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Environment

We have analyzed this rule under Commandant Instruction M16475.1D, which guides the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have concluded that there are no factors in this case that would limit the use of a categorical exclusion under section 2.B.2 of the Instruction. Therefore, this rule is categorically excluded, under figure 2–1, paragraph (34)(h), of the Instruction, from further environmental documentation. Special local regulations issued in conjunction with a regatta or marine parade permit are specifically excluded from further analysis and documentation under those sections. Under figure 2–1, paragraph (34)(h), of the Instruction, an “Environmental Analysis Check List” and a “Categorical Exclusion Determination” are not required for this rule.

List of Subjects in 33 CFR Part 100

Marine safety, Navigation (water), Reporting and recordkeeping requirements, Waterways.

■ For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 100 as follows:

PART 100—SAFETY OF LIFE ON NAVIGABLE WATERS

■ 1. The authority citation for part 100 continues to read as follows:

Authority: 33 U.S.C. 1233, Department of Homeland Security Delegation No. 0170.1.

■ 2. Add a temporary § 100.35–T05–066 to read as follows:

§ 100.35–T05–066 Pamlico River, Washington, NC.

(a) *Regulated area.* The regulated area is established for the waters of the Pamlico River including Chocowinity Bay, from shoreline to shoreline, bounded on the south by a line running northeasterly from Camp Hardee at latitude 35°28′23″ North, longitude 076°59′23″ West, to Broad Creek Point at latitude 35°29′04″ North, longitude 076°58′44″ West, and bounded on the north by the Norfolk Southern Railroad Bridge. All coordinates reference Datum NAD 1983.

(b) *Definitions.* (1) *Coast Guard Patrol Commander* means a commissioned, warrant, or petty officer of the Coast Guard who has been designated by the Commander, Coast Guard Group Fort Macon. Designation of Patrol Commander will be made by Commander, Coast Guard Sector North Carolina effective July 29, 2005.

(2) *Official Patrol* means any vessel assigned or approved by Commander, Coast Guard Group Fort Macon with a commissioned, warrant, or petty officer on board and displaying a Coast Guard ensign. Assignment and approval of Official Patrol will be made by Commander, Coast Guard Sector North Carolina effective July 29, 2005.

(c) *Special local regulations.* (1) Except for persons or vessels authorized by the Coast Guard Patrol Commander, no person or vessel may enter or remain in the regulated area.

(2) The operator of any vessel in the regulated area shall:

- (i) Stop the vessel immediately when directed to do so by any Official Patrol.
- (ii) Proceed as directed by any Official Patrol.

(d) *Enforcement period.* This section will be enforced from 6:30 a.m. to 12:30 p.m. on August 5, 2005, and from 11:30 a.m. to 5 p.m. on August 7, 2005. If either the speed trials or the races are postponed due to weather, then the temporary special local regulations will be enforced during the same time period the next day.

Dated: June 27, 2005.

Sally Brice-O'Hara,

Rear Admiral, U.S. Coast Guard, Commander, Fifth Coast Guard District.

BILLING CODE 4910–15–P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[Docket # ID–03–003; FRL–7936–1]

Approval and Promulgation of Air Quality Implementation Plan; Idaho

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: The EPA is approving revisions related to open burning and crop residue disposal requirements in Idaho's State Implementation Plan (SIP). The Idaho Department of Environmental Quality (IDEQ) submitted these revisions to EPA for inclusion in the Idaho SIP on May 22, 2003. These revisions were submitted for the purposes of clarifying existing regulations and complying with section 110 and part D of the Clean Air Act.

DATES: This action is effective on August 10, 2005.

ADDRESSES: Copies of the State's SIP revision and other information supporting this action are available for inspection at EPA Region 10, Office of Air, Waste, and Toxics (AWT–107), 1200 Sixth Avenue, Seattle, Washington 98101.

FOR FURTHER INFORMATION CONTACT: Donna Deneen, EPA Region 10, Office of Air, Waste, and Toxics (AWT–107), 1200 Sixth Avenue, Seattle, Washington 98101, or at (206) 553–6706.

SUPPLEMENTARY INFORMATION:

Table of Contents

- I. Background Information
 - 1. What revisions to the Idaho SIP are we approving?
 - 2. What comments did we receive on our proposal to approve these revisions?
- II. Summary of Final Action
- III. Statutory and Executive Orders Review

I. Background Information

1. What Revisions to the Idaho SIP Are We Approving?

We are approving revisions to the portion of Idaho's State Implementation Plan relating to open burning found at IDAPA 58.01.01.600 through 617. These revisions were submitted to EPA by the Director of the Idaho Department of Environmental Quality on May 22, 2003. EPA proposed to approve these revisions on June 7, 2004. 69 FR 31778. These revisions (1) add a section in Idaho's open burning regulations to clarify that crop residue disposal is an allowable category of open burning, (2) add a section in Idaho's regulations to clarify that IDEQ has the authority to require immediate abatement of open
