

regulations, the Commission is required to adopt and communicate assessment rates; the gaming operations are required to apply those rates to their revenues, compute the fees to be paid, report the revenues, and remit the fees to the Commission on a quarterly basis.

The regulations of the Commission and the final rate being adopted today are effective for calendar year 2008. Therefore, all gaming operations within the jurisdiction of the Commission are required to self administer the provisions of these regulations, and report and pay any fees that are due to the Commission by December 31, 2008.

Dated: December 1, 2008.

Philip N. Hogen,

Chairman, National Indian Gaming Commission.

BILLING CODE 7565-01-M

NATIONAL SCIENCE FOUNDATION

Notice of Intent To Extend an Information Collection

AGENCY: National Science Foundation.

ACTION: Notice and Request for Comments.

SUMMARY: Under the Paperwork Reduction Act of 1995, Public Law 104-13 (44 U.S.C. 3501 *et seq.*), and as part of its continuing effort to reduce paperwork and respondent burden, the National Science Foundation (NSF) is inviting the general public or other Federal agencies to comment on this proposed continuing information collection. The National Science Foundation (NSF) will publish periodic summaries of proposed projects.

Comments: Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

DATES: Written comments on this notice must be received by February 9, 2009 to be assured consideration. Comments received after that date will be considered to the extent practicable. Send comments to address below.

FOR ADDITIONAL INFORMATION OR

COMMENTS: For further information or for a copy of the collection instruments and instructions, contact Ms. Suzanne H. Plimpton, Reports Clearance Officer, National Science Foundation, 4201 Wilson Boulevard, Suite 295, Arlington, Virginia 22230; telephone (703) 292-7556; or send e-mail to splimpto@nsf.gov. Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 between 8 a.m. and 8 p.m., Eastern time, Monday through Friday.

SUPPLEMENTARY INFORMATION:

Title of Collection: Survey of Earned Doctorates.

OMB Approval Number: 3145-0019.

Expiration Date of Approval: May 31, 2009.

Type of Request: Intent to seek approval to extend an information collection for three years.

1. *Abstract:* The National Science Foundation Act of 1950, as subsequently amended, includes a statutory charge to “* * * provide a central clearinghouse for the collection, interpretation, and analysis of data on scientific and engineering resources, and to provide a source of information for policy formulation by other agencies of the Federal Government.” The Survey of Earned Doctorates is part of an integrated survey system that meets the human resources part of this mission.

The Survey of Earned Doctorates has been conducted continuously since 1958 and is jointly sponsored by six Federal agencies in order to avoid duplication. It is an accurate, timely source of information on our Nation's most precious resource—highly educated individuals. Data are obtained via paper questionnaire or Web survey from each person earning a research doctorate at the time they receive the degree. Data are collected on their field of specialty, educational background, sources of support in graduate school, debt level, postgraduation plans for employment, and demographic characteristics.

The Federal government, universities, researchers, and others use the information extensively. The National Science Foundation, as the lead agency, publishes statistics from the survey in several reports, but primarily in the annual publication series, “Science and Engineering Doctorates” and the Interagency Report, “Doctorate Recipients from U.S. Universities: Summary Report.” These reports are available in print and electronically on the World Wide Web.

The survey will be collected in conformance with the Privacy Act of 1974. Responses from individuals are voluntary. NSF will ensure that all individually identifiable information collected will be kept strictly confidential and will be used for research or statistical purposes, analyzing data, and preparing scientific reports and articles.

2. *Expected Respondents:* A total response rate of 91.6% of the total 48,079 persons who earned a research doctorate was obtained in academic year 2006/2007. This level of response rate has been consistent for several years. The respondents will be individuals and the estimated number of respondents annually is around 45,000 (based on 2007 data).

3. *Estimate of Burden:* The Foundation estimates that, on average, 20 minutes per respondent will be required to complete the survey. The total annual respondent burden for the Survey of Earned Doctorates is therefore estimated at 15,000 hours, based on 45,000 respondents. This is higher than the last annual estimate approved by OMB due to the increased number of respondents (doctorate recipients).

Dated: December 4, 2008.

Suzanne H. Plimpton,

Reports Clearance Officer, National Science Foundation.

BILLING CODE 7555-01-P

NUCLEAR REGULATORY COMMISSION

Notice; Application and Amendment to Facility Operating Licenses Involving Proposed No Significant Hazards Considerations and Containing Sensitive Unclassified Non-Safeguards Information or Safeguards Information and Order Imposing Procedures for Access to Sensitive Unclassified Non-Safeguards Information or Safeguards Information

I. Background

Pursuant to section 189a. (2) of the Atomic Energy Act of 1954, as amended (the Act), the U.S. Nuclear Regulatory Commission (the Commission or NRC staff) is publishing this notice. The Act requires the Commission publish notice of any amendments issued, or proposed to be issued and grants the Commission the authority to issue and make immediately effective any amendment to an operating license upon a determination by the Commission that such amendment involves no significant hazards consideration, notwithstanding
