

Notices

Federal Register

Vol. 90, No. 154

Wednesday, August 13, 2025

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

DEPARTMENT OF AGRICULTURE

Forest Service

Notice of Issuance of Final Permanent Recreational Shooting Order in the Southern Clear Creek, Northern Larimer and Grand County Areas in the Clear Creek, Canyon Lakes, and Sulphur Ranger Districts of the Arapaho and Roosevelt National Forests and Pawnee National Grassland

AGENCY: Forest Service, Agriculture.

ACTION: Notice.

SUMMARY: The Forest Service (Forest Service or Agency), U.S. Department of Agriculture, is issuing a final permanent order prohibiting recreational shooting, which covers approximately 94,900 acres in southern Clear Creek, northern Larimer and Grand Counties, Colorado, in the Clear Creek, Canyon Lakes, and Sulphur Ranger Districts of the Arapaho and Roosevelt National Forests and Pawnee National Grassland.

ADDRESSES: The final permanent recreational shooting order, map, justification for the final permanent order, and response to comments on the proposed permanent order are posted on the Arapaho and Roosevelt National Forests and Pawnee National Grassland's web page at www.fs.usda.gov/r02/arp/recreation/shooting.

FOR FURTHER INFORMATION CONTACT:

Reghan Cloudman, Public Affairs Specialist, 970–219–8391 or reghan.cloudman@usda.gov. Individuals who use telecommunications devices for the hearing impaired may call 711 to reach the Telecommunications Relay Service, 24 hours a day, every day of the year, including holidays.

SUPPLEMENTARY INFORMATION: Section 4103 of the John D. Dingell, Jr. Conservation, Management, and Recreation Act of 2019 (16 U.S.C. 7913),

hereinafter “the Dingell Act,” requires the Forest Service to provide advance notice and opportunity for public comment before temporarily or permanently closing any National Forest System lands to hunting, fishing, or recreational shooting.

The Forest Service has completed the public notice and comment process required under the Dingell Act for the permanent order prohibiting recreational shooting in the southern Clear Creek, northern Larimer and Grand County areas in the Clear Creek, Canyon Lakes, and Sulphur Ranger Districts of the Arapaho and Roosevelt National Forests and Pawnee National Grassland. The Forest Service is issuing the final permanent order prohibiting recreational shooting. The final permanent recreational shooting order, map, justification for the final permanent recreational shooting order, and the response to comments on the proposed permanent recreational shooting order are posted on the Arapaho and Roosevelt National Forests and Pawnee National Grassland's web page at www.fs.usda.gov/r02/arp/recreation/shooting.

Beatra Wilson,

Associate Deputy Chief, National Forest System.

DEPARTMENT OF AGRICULTURE

Natural Resources Conservation Service

[Docket No. NRCS–2025–0105]

Notice of Intent To Prepare an Environmental Impact Statement for the St. Johns Watershed Project in Mississippi, New Madrid, and Scott Counties, Missouri

AGENCY: Natural Resources Conservation Service, U.S. Department of Agriculture (USDA).

ACTION: Notice of intent (NOI) to prepare an environmental impact statement; notice of public meeting.

SUMMARY: The Natural Resource Conservation Service (NRCS) Missouri State Office announces its intent to prepare an Environmental Impact Statement (EIS) for the St. Johns Watershed plan, located within the

Lower North Cut Ditch, Sikeston Ridge—St. Johns Ditch, Maple Slough Ditch, Ash Ditch—St. Johns Ditch, and St. Johns Ditch—St. Johns Bayou Watershed in Mississippi, New Madrid, and Scott Counties, Missouri. The project area involves the St. Johns Bayou and St. James Ditches and adjacent lands on the west landward side of the setback levee to the watershed outlet at Mississippi River floodgates near New Madrid, Missouri. Closure of the Mississippi River floodgates prevents flood damage from the river at flood stage; however, when closed, it blocks the outlet of the watershed and causes flooding from impounded interior runoff. Residences, agricultural land, and developed land are impacted. NRCS is requesting that interested individuals, Federal and State agencies, and Tribes participate in the scoping process for the EIS by attending the initial public scoping meeting and by submitting comments as described below. The goal of scoping is for NRCS to obtain input on identifying significant issues, potential alternatives, information, and analyses relevant to the proposed action.

DATES: Initial Public Scoping Meeting Date—August 14, 2025, 6:30 p.m.

Comments—We invite you to submit comments in response to this notice. Please submit comments by September 12, 2025.

ADDRESSES: The initial public scoping meeting will be held at 127 E Main Street, East Prairie, Missouri 63845.

We invite you to submit comments in response to this notice. You may submit your comments through one of the methods below:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov> and search for Docket ID NRCS–2025–0105. Follow the online instructions for submitting comments; or

- *Agency Website:* <https://www.nrcs.usda.gov/programs-initiatives/watershed-programs/missouri/watershed-programs-mo>. Follow the instructions for sending comments on the St. Johns EIS; or

- *Mail:* USDA–NRCS Assistant State Conservationist for Water Resources and Easements, 601 Business Loop 70 West, Suite 250, Columbia, Missouri 65203. Specify St. Johns EIS in your correspondence; or

- *Hand-Deliver or Courier:* Natural Resources Specialist, Butler County
