#### SUPPLEMENTARY INFORMATION:

##### Background

On September 12, 2024, Commerce published the *Preliminary Results* of the 2022–2023 administrative review of the antidumping duty order on ripe olives from Spain and invited comments from interested parties.<sup>1</sup> On December 9, 2024, Commerce tolled administrative deadlines by 90 days.<sup>2</sup> On March 18, 2025, Commerce extended the deadline for issuing the final results until June 9, 2025.<sup>3</sup> For a complete description of the events that occurred since the *Preliminary Results*, see the Issues and Decision Memorandum.<sup>4</sup> Commerce conducted this review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act).

##### Scope of the Order<sup>5</sup>

The products covered by the *Order* are ripe olives from Spain. For a full description of the scope of the *Order*, see the Issues and Decision Memorandum.<sup>6</sup>

##### Analysis of Comments Received

The issues raised by the interested parties in their case and rebuttal briefs are addressed in the Issues and Decision Memorandum. The topics discussed and the issues raised by parties to which we responded in the Issues and Decision Memorandum are listed in the appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

#### Changes Since the Preliminary Results

Based on the comments received from interested parties, we made certain changes to the *Preliminary Results*. For further discussion of these changes, see the Issues and Decision Memorandum.

#### Rate for Non-Examined Companies

The statute and Commerce's regulations do not address the establishment of a rate to be assigned to respondents not selected for individual examination when Commerce limits its examination of companies subject to the administrative review pursuant to section 777A(c)(2)(B) of the Act. Generally, Commerce looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in an investigation, for guidance when calculating the rate for respondents not individually examined in an administrative review. Under section 735(c)(5)(A) of the Act, the all-others rate is normally “an amount equal to the weighted average of the estimated weighted average dumping margins established for exporters and producers individually investigated, excluding any zero and *de minimis* margins, and any margins determined entirely {on the basis of facts available}.” Accordingly, in the final results of review, we are assigning to the companies not individually examined, listed in the chart below, an estimated weighted-average dumping margin based on the average of Agro Sevilla Aceitunas, S. Coop. And.'s (Agro Sevilla), and Angel Camacho Alimentación, S.L.'s (Camacho) rates weighted by their publicly available ranged U.S. sales values.<sup>7</sup>

#### Final Results of Review

Commerce determines that the following estimated weighted-average dumping margins exist for the period August 1, 2022, through July 31, 2023:

Producer/exporter	Weighted-average dumping margin (percent)
Agro Sevilla Aceitunas, S. Coop. And .....	2.64
Angel Camacho Alimentación, S.L. ....	3.68
Aceitunera del Norte de Cáceres, S.Coop.Ltda. de 2 Grado .....	3.08

Disclosure

Commerce intends to disclose its calculations and analysis performed to interested parties for these preliminary results within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. Because the weighted-average dumping margins for Agro Sevilla and Camacho are not zero or *de minimis* (i.e., less than 0.5 percent) in the final results of this review, we calculated an importer-specific assessment rate based on the ratio of the total amount of dumping calculated for each importer's examined sales and the total entered value of those same sales in accordance with 19 CFR 351.212(b)(1).<sup>8</sup> Where an importer-specific assessment rate is *de minimis* (i.e., less than 0.5 percent), the entries by that importer will be liquidated without regard to antidumping duties. The final results of this administrative review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.<sup>9</sup>

For all non-selected separate rate applicants subject to this review, we will instruct CBP to liquidate all entries of subject merchandise that entered the United States during the POR at the average of the rates calculated for Agro Sevilla and Camacho as listed above. For entries of subject merchandise during the POR produced by either of the individually examined respondents for which they did not know that the merchandise was destined for the United States, we will instruct CBP to liquidate these entries at the all-others

rate if there is no rate for the intermediate company(ies) involved in the transaction.<sup>10</sup>

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (i.e., within 90 days of publication).

Cash Deposit Requirements

Upon publication of this notice in the **Federal Register**, the following cash deposit requirements will be effective for all shipments of ripe olives from Spain entered, or withdrawn from warehouse, for consumption on or after the date of publication as provided by section 751(a)(2) of the Act: (1) the cash deposit rate for companies subject to this review will be equal to the weighted-average dumping margins established in the final results of the review; (2) for merchandise exported by companies not covered in this review but covered in a prior segment of this proceeding, the cash deposit rate will continue to be the company-specific rate published in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original less-than-fair-value (LTFV) investigation but the producer is, then the cash deposit rate will be the rate established in the completed segment for the most recent period for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 19.98 percent,<sup>11</sup> the all-others rate established in the LTFV investigation. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a

certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent assessment of double antidumping duties, and/or an increase in the amount of antidumping duties by the amount of the countervailing duties.

Administrative Protective Order

This notice also serves as a final reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation subject to sanction.

Notification to Interested Parties

Commerce is issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.221(b)(5).

Dated: June 9, 2025.

Steven Presing,

Acting Deputy Assistant Secretary for Policy and Negotiations.

#### SUPPLEMENTARY INFORMATION:

#### The Petitions

On May 22, 2025, the U.S. Department of Commerce (Commerce) received countervailing duty (CVD) petitions concerning imports of hardwood and decorative plywood from China, Indonesia, and Vietnam filed in proper form on behalf of the Coalition for Fair Trade in Hardwood Plywood (the petitioner),<sup>1</sup> the members of which are domestic producers of hardwood and decorative plywood.<sup>2</sup> The CVD Petitions were accompanied by antidumping duty (AD) petitions concerning imports of hardwood and decorative plywood from China, Indonesia, and Vietnam.<sup>3</sup>

Between May 23 and June 9, 2025, Commerce requested supplemental

information pertaining to certain aspects of the Petitions in supplemental questionnaires.<sup>4</sup> Between May 29 and June 10, 2025, the petitioner filed timely responses to these requests for additional information.<sup>5</sup>

In accordance with section 702(b)(1) of the Tariff Act of 1930, as amended (the Act), the petitioner alleges that the Government of China (GOC), Government of Indonesia (GOI), and Government of Vietnam (GOV), (collectively, Governments) are providing countervailable subsidies, within the meaning of sections 701 and 771(5) of the Act, to producers of hardwood and decorative plywood in China, Indonesia, and Vietnam, and that such imports are materially injuring, or threatening material injury to, the domestic industry producing hardwood and decorative plywood in the United States. Consistent with section 702(b)(1) of the Act and 19 CFR 351.202(b), for those alleged programs on which we are initiating CVD investigations, the Petitions were accompanied by information reasonably available to the petitioner supporting its allegations.

Commerce finds that the petitioner filed the Petitions on behalf of the domestic industry, because the petitioner is an interested party, as defined in section 771(9)(F) of the Act.<sup>6</sup> Commerce also finds that the petitioner demonstrated sufficient industry

#### Comments on the Scope of the Investigations

Between May 28 and June 9, 2025, Commerce requested information and clarification from the petitioner regarding the proposed scope to ensure that the scope language in the Petitions is an accurate reflection of the products for which the domestic industry is seeking relief.<sup>9</sup> Between June 2 and June 10, 2025, the petitioner provided clarifications and revised the scope.<sup>10</sup> The description of merchandise covered by these investigations, as described in the appendix to this notice, reflects these clarifications.

As discussed in the *Preamble* to Commerce's regulations, we are setting aside a period for interested parties to raise issues regarding product coverage (*i.e.*, scope).<sup>11</sup> Commerce will consider all comments received from interested parties and, if necessary, will consult with interested parties prior to the issuance of the preliminary determinations.
