

implementation of the LR-ISG. The NRC staff believes that discussions at a public meeting will help stakeholders better prepare their comments on the draft LR-ISG. As such, the NRC staff is granting NEI's request for a public meeting. The meeting will be held on October 12, 2011. The public is invited to participate in this meeting by providing comments and asking questions throughout the meeting. The NRC staff is also granting NEI's request for a 30-day extension of the comment period. The extended comment period ends on October 23, 2011. This extension will allow the NRC staff to hold the public meeting during the comment period. It will also give stakeholders the opportunity to inform their comments based on the meeting discussions before closing of the comment period. The NRC staff will make a final determination regarding issuance of the LR-ISG after it considers any public comments received in response to this request.
