The policies and procedures covered by this part fall into that category.

List of Subjects in 32 CFR Part 635

Crime, Law, Law enforcement, Law enforcement officers, Military law.

For reasons stated in the preamble the Department of the Army proposes to amend 32 CFR Part 635 to read as follows:

PART 635—LAW ENFORCEMENT REPORTING

1. The authority citation for part 635 continues to read as follows:

Authority: 28 U.S.C. 534 note, 42 U.S.C. 10601, 18 U.S.C. 922, 42 U.S.C. 14071, 10 U.S.C. 1562, 10 U.S.C. Chap. 47, Pub. L. 108-375.

§§ 635.31 and 635.32 [Redesignated as §§ 635.32 and 635.33]

2. Redesignate §§ 635.31 and 635.32 as §§ 635.32 and 635.33, respectively.

§§ 635.33 through 635.36 [Redesignated as §§ 635.34 through 635.37]

3. Redesignate §§ 635.33 through 635.36 as §§ 635.34 through 635.37, respectively.

4. A new § 635.31 is added to Subpart D to read as follows:

§ 635.31 Procedures for Restricted/Unrestricted Reporting in Sexual Assault Cases.

Active duty Soldiers, and Army National Guard and U.S. Army Reserve Soldiers who are subject to military jurisdiction under the UCMJ, can elect either restricted or unrestricted reporting if they are the victim of a sexual assault.

(a) Unrestricted Reporting. Unrestricted reporting requires normal law enforcement reporting and investigative procedures.

(b) Restricted reporting requires that law enforcement and criminal investigative organizations not be informed of a victim's identity and not initiate investigative procedures. The victim may allow Sexual Assault Response Coordinators (SARC), medical treatment facility personnel, or chaplains to collect specific items (clothing, bedding, etc.) that may be later used as evidence, should they decide to later report the incident to law enforcement. In sexual assault cases additional forensic evidence may be collected using the "Sexual Assault Evidence Collection Kit," NSN 6640-01-423-9132, or a suitable substitute (hereafter, "evidence kit"). The evidence kit, other items such as clothing or bedding sheets, and any other articles provided by the Medical Treatment Facility, SARC, or chaplain will be stored in the installation provost marshal's evidence room separate from other evidence and property. Procedures for handling evidence specified in AR 195-5, Evidence Procedures, will be strictly followed.

(c) Installation Provost Marshals will complete an information report in COPS for restricted reporting. Reports will be completed utilizing the offense code from the 6Z series. An entry will be made in the journal when the sexual assault evidence kit or property (clothing, bedding, etc.) is received. An entry will not be made in the blotter. Restricted reporting incidents are not reportable as Serious Incident Reports. Property will be stored for one year and then scheduled/suspended for destruction, unless earlier released to investigative authorities. Thirty days prior to destruction of the property, a letter will be sent to the SARC by the Provost Marshal, advising the SARC that the property will be destroyed in thirty

days, unless law enforcement personnel are notified by the SARC that the victim has elected unrestricted reporting. Clothing or other personal effects may be released to the SARC for return to the victim. The information report will be updated when the evidence is destroyed, or released to investigative authorities.

(d) In the event that information about a sexual assault that was made under restricted reporting is disclosed to the commander from a source independent of the restricted reporting avenues, or to law enforcement from other sources, the commander may report the matter to law enforcement and law enforcement remains authorized to initiate its own independent investigation of the matter presented. Additionally, a victim's disclosure of his/her sexual assault to persons outside the protective sphere of the persons covered by the restricted reporting policy may result in an investigation of the allegations.

Approval of the Clean Air Act Section 112(I) Program for Hazardous Air Pollutants and Delegation of Authority to the Albuquerque-Bernalillo County Air Quality Control Board

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The Albuquerque-Bernalillo County Air Quality Control Board (ABCAQCB) has submitted updated regulations for receiving delegation of EPA authority for implementation and enforcement of National Emission Standards for Hazardous Air Pollutants (NESHAPs) for all sources (both part 70 and non-part 70 sources). These regulations apply to certain NESHAPs promulgated by EPA, as amended through July 1, 2004. The delegation of authority under this action does not apply to sources in Indian Country. EPA is providing notice proposing to approve the delegation of certain NESHAPs to ABCAQCB.

DATES: Written comments must be received by January 9, 2006.

ADDRESSES: Comments may be mailed to Mr. Jeff Robinson, Air Permits Section (6PD-R), Environmental Protection Agency, 1445 Ross Avenue, Suite 1200,

Dallas, Texas 75202-2733. Comments may also be submitted electronically or through hand delivery/courier by following the detailed instructions in the Addresses section of the direct final rule located in the final rules section of the **Federal Register**.

FOR FURTHER INFORMATION CONTACT: Mr. Jeff Robinson, Air Permits Section, Multimedia Planning and Permitting Division (6PD-R), U.S. Environmental Protection Agency, Region 6, 1445 Ross Avenue, Suite 700, Dallas, Texas 75202-2733, at (214) 665-6435, or at robinson.jeffrey@epa.gov.

SUPPLEMENTARY INFORMATION: In the final rules section of this **Federal Register**, EPA is approving ABCAQCB's request for delegation of authority to implement and enforce certain NESHAPs for all sources (both part 70 and non-part 70 sources). ABCAQCB has adopted certain NESHAPs into state regulations. In addition, EPA is waiving its notification requirements so sources will only need to send notifications and reports to ABCAQCB.

The EPA is taking direct final action without prior proposal because EPA views this as a noncontroversial action and anticipates no adverse comments. A detailed rationale for this approval is set forth in the preamble to the direct final rule. If no adverse comments are received in response to this action rule, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn, and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period on this action. Any parties interested in commenting must do so at this time. Please note that if EPA receives adverse comment on an amendment, paragraph, or section of this rule and if that provision may be severed from the remainder of the rule, EPA may adopt as final those provisions of the rule that are not the subject of an adverse comment. For additional information, see the direct final rule which is published in the Rules section of this **Federal Register**.

Designation of Areas for Air Quality Planning Purposes; State of South Dakota; Approval of Redesignation Request

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to approve a September 30, 2005 request from the designee of the Governor of South Dakota to redesignate the "Rapid City Area" under section 107 of the Clean Air Act (CAA) from unclassifiable to attainment for PM-10. EPA is proposing to approve the redesignation request because the State has adequately demonstrated that the "Rapid City Area" is in attainment of the PM-10 National Ambient Air Quality Standards (NAAQS) and has committed to the continuation of fugitive dust controls that should help ensure that the area continues to attain the PM-10 NAAQS. The requirements that will apply in the "Rapid City Area" will not change as a result of this action because, for the purposes of the requirements of the CAA, unclassifiable and attainment areas are treated the same. This action is being taken under section 107 of the Clean Air Act.
