

from 0930–1200 and from 1300–1500. The Task Force will meet at SAIC, 4001 N. Fairfax Drive, Suite 500, Arlington, VA. The Task Force will review the impact quarantining may have on DoD planning and operations by preventing the flow of personnel and material to areas of concern, eroding relationships with host countries, and impacting our forces through anxieties about family members.

The mission of the Defense Science Board is to advise the Secretary of Defense and the Under Secretary of Defense for Acquisition, Technology & Logistics on scientific and technical matters as they affect the perceived needs of the Department of Defense. At this meeting, the Defense Science Board Task Force will review and evaluate the Department's ability to provide information to integrate public health needs, on behalf of national security. Specifically, the Task Force will review: Existing doctrine and processes by which quarantine policy is generated; required cooperation with non-DoD agencies and non-U.S. government entities, including other countries; the capacity of local commanders to rapidly survey disease status, and establish need, ways and means for quarantine in relation to their assigned missions; methods, technologies and doctrine to allow safe transport of personnel through quarantine areas, and restriction of movement where needed; sample scenarios; coordination and allocation of DoD and non DoD resources to combat SARS; identification and tracking of individuals potentially exposed to SARS; and features of the SARS guidance which may be applicable to future infectious disease outbreaks.

FOR FURTHER INFORMATION CONTACT: CDR David Waugh, USN, Defense Science Board, 3140 Defense Pentagon, Room 3D865, Washington, DC 20301–3140, via e-mail at david.waugh@osd.mil, or via phone at (703) 695–4158.

SUPPLEMENTARY INFORMATION: Members of the public who wish to attend the meeting must contact CDR Waugh no later than September 5, 2003, for further information about admission as seating is limited. Additionally, those who wish to make oral comments or deliver written comments should also request to be scheduled, and submit a written text of the comments by September 5, 2003, to allow time for distribution to Task Force members prior to the meeting. Individual oral comments will be limited to five minutes, with the total oral comment period not exceeding 30 minutes.

Dated: July 23, 2003.

Patricia Toppings,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Notice of Availability (NOA) of the Draft Environmental Impact Statement (DEIS) for the Transformation of the 2d Armored Cavalry Regiment (ACR) and Installation Mission Support, Joint Readiness Training Center (JRTC) and Fort Polk, LA, and Long-Term Military Training Use of Kisatchie National Forest Lands

AGENCY: Department of the Army, DOD; Forest Service, USDA; Federal Aviation Administration, DOT.

ACTION: Notice of availability.

SUMMARY: The Department of the Army, the USDA Forest Service, and the Federal Aviation Administration (FAA) announce the availability of the DEIS for the Transformation of the 2d Armored Cavalry Regiment and Installation Mission Support, Joint Readiness Training Center (JRTC) and Fort Polk, Louisiana, and Long-Term Military Training Use of Kisatchie National Forest Lands. The DEIS evaluates environmental impacts associated with the Army's proposal for implementation force transformation and mission capability enhancements at the installation and at England Industrial Airpark, along with long-term military training use of Kisatchie National Forest lands. The Army's proposed action involves fielding of new vehicles and equipment; construction and improvement of firing ranges, roads, stream crossings, and support facilities; land use agreements and leases; training and deployment of Army troops; and continued environmental stewardship. In addition, the DEIS considers a Forest Service proposal to thin approximately 21,500 acres of upland pine stands on the Vernon Unit, Calcasieu Ranger District of the Kisatchie National Forest to improve habitat conditions for the endangered red-cockaded woodpecker. The FAA proposes to approve

amendment of the Alexandria International Airport Layout Plan as influenced by proposed Army projects and activities at England Industrial Airpark.

DATES: The comment period for the DEIS will end 45 days after publication of the NOA in the **Federal Register** by the U.S. Environmental Protection Agency.

ADDRESSES: Written comments or requests for copies of the DEIS may be submitted to: Dan Nance, Fort Polk Public Affairs Office, 7073 Radio Road, Fort Polk, LA 71459–5342; phone: (337) 531–7203; fax: (337) 531–6041; e-mail: eis@polk.army.mil.

FOR FURTHER INFORMATION CONTACT:

Questions about the DEIS may be directed to: Stacy Basham-Wagner, Joint Agency Liaison, Attention: AFZX–PW–E (Basham-Wagner), 1799 23rd Street, Fort Polk, LA 71459; telephone (337) 531–7458, fax: (337) 531–2627.

SUPPLEMENTAL INFORMATION: In support of Army initiatives to meet evolving security requirements, the Army has designated the 2d ACR to transform as an element of the Interim Force to the 2d Cavalry Regiment, a medium-weight force that will be strategically responsive and more rapidly deployable by air. In addition to transformation of the 2d ACR, other Interim Force units stationed at other Army installations would participate in exercises at JRTC and Fort Polk on a rotational basis. To these ends, the Army proposes to implement force transformation and installation mission support activities at the JRTC and Fort Polk with respect to home station training (maneuver and gunnery exercises for Army units assigned to Fort Polk), rotational unit exercises, and facilities construction. The Army also proposes renewal of a Special Use Permit agreement with the Forest Service for continued use of Kisatchie National Forest lands to support military training. The areas of the Kisatchie National Forest proposed for Army use are known as the Intensive Use Area and Limited Use Area of the Vernon Unit, Calcasieu Ranger District and the Special Limited Use Area (also known as Horse's Head) of the Kisatchie Ranger District.

Proposals for installation mission support involve 20 construction projects that would occur on Army lands, national forest lands, and at England Industrial Airpark in Alexandria, Louisiana. The projects include 13 facilities in the Fort Polk cantonment area, digitization and expansion of the Multi-Purpose Range Complex on Fort Polk's main post, road construction/

improvements and construction of a sniper range in the Intensive Use Area, construction of 20 stream crossings in the Limited Use Area, and 3 deployment support facilities at England Industrial Airpark. The JRTC and Fort Polk also propose to create additional helicopter training areas and to conduct limited types of non-live fire training on private lands. Over a 10-year period, the Forest Service proposes to thin approximately 21,500 acres of upland pine stands in there Intensive Use Area to enhance habitat conditions for the endangered red-cockaded woodpecker.

The Army is the lead agency in preparing the DEIS and the Forest Service and FAA are cooperating agencies. The decision to be made by the Army, based on the results of the EIS and upon consideration of all relevant factors (including mission, cost, technical factors, and environmental considerations), is how to provide for military training, readiness, and facilities requirements while ensuring the sustained use of resources entrusted to the stewardship of the Army. The decision to be made by the Forest Service is what military activities and land uses may occur on national forest lands and how to balance military and non-military uses while sustaining resources entrusted to Forest Service stewardship. The FAA intends to relay on analyses in this EIS to make decisions concerning the Alexandria International Airport Layout Plan as it may be affected by three Army projects proposed to occur at the airport and consequent movement of aircraft, materiel, and personnel through that facility.

The DEIS identifies eight alternatives, two of which are analyzed in detail: (1) The proposed action, summarized above, and (2) a no action alternative.

Comments on the DEIS received during the 45-day comment period will be considered in preparing the Final EIS. Public meetings to solicit comments on the DEIS will be held Baton Rouge, Leesville, and Alexandria, Louisiana. Notification of the times and locations for the public meetings will be published in local newspapers at least 15 days in advance.

Copies of the DEIS are available for review at the following libraries: Allen Parish Library (Oberlin Branch), 320 S. Sixth Street, Oberlin; Beauregard Parish Library, 205 South Washington Avenue, DeRidder; Calcasieu Public Library, 301 W. Claude Street, Lake Charles; East Baton Rouge Parish Library, 7711 Goodwood Boulevard, Baton Rouge; Lafayette Public Library, 301 W. Congress Street, Lafayette; Lincoln Parish Library, 509 West Alabama

Avenue, Ruston; Natchitoches Parish Library, 431 Jefferson Street, Natchitoches; New Orleans Public Library (Orleans Parish), 219 Loyola Avenue, New Orleans; New Orleans Public Library (Algiers Point Branch), 725 Pelican Avenue, New Orleans; Ouachita Parish Library, 1800 Stubbs Avenue, Monroe; Rapides Parish Library, 411 Washington Street, Alexandria; Vernon Parish Library, 1401 Nolan Trace, Leesville; and Shreve Memorial Library (Caddo Parish), 424 Texas Street (71101), Shreveport, Louisiana. The DEIS, as well as additional information concerning the EIS process, may be reviewed at <http://notes.tetrattech-ffx.com/PolkEIS.nsf>.

Dated: July 24, 2003.

Raymond J. Fatz,

Deputy Assistant Secretary of the Army, (Environment, Safety and Occupational Health), OASA(I&E).

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. IC03-716A-001, FERC-716A]

Commission Information Collection Activities, Proposed Collection; Comment Request; Submitted for OMB Review

July 23, 2003.

AGENCY: Federal Energy Regulatory Commission, DOE.

ACTION: Notice.

SUMMARY: In compliance with the requirements of Section 3507 of the Paperwork Reduction Act of 1995, 44 U.S.C. 3507, the Federal Energy Regulatory Commission (Commission) has submitted the information collection described below to the Office of Management and Budget (OMB) for review and extension of the current expiration date. Any interested person may file comments directly with OMB and should address a copy of those comments to the Commission as explained below. The Commission received no comments in response to an earlier **Federal Register** notice of May 16, 2003 (68 FR 26592-93) and has made this notation in its submission to OMB.

DATES: Comments on the collection of information are due by August 20, 2003.

ADDRESSES: Address comments on the collection of information to the Office of Management and Budget, Office of Information and Regulatory Affairs, Attention: Federal Energy Regulatory Commission Desk Officer. The Desk Officer may be reached by fax at 202-395-7285 or by e-mail at pamelabevery@omb.eop.gov.

A copy of the comments should also be sent to the Federal Energy Regulatory Commission, Office of the Executive Director, ED-30, Attention: Michael Miller, 888 First Street NE., Washington, DC 20426. Comments may be filed either in paper format or electronically. Those persons filing electronically do not need to make a paper filing. For paper filings, such comments should be submitted to the Office of the Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426 and should refer to Docket No. IC03-716A-001.

Documents filed electronically via the Internet must be prepared in WordPerfect, MS Word, Portable Document Format, or ASCII format. To file the document, access the Commission's Web site at <http://>
