SUPPLEMENTARY INFORMATION:

Background: The President directed
that the Blue Ribbon Commission on
America's Nuclear Future (the
Commission) be established to conduct
a comprehensive review of policies for
managing the back end of the nuclear
fuel cycle. The Commission will
provide advice and make
recommendations on issues including
alternatives for the storage, processing,
and disposal of civilian and defense
spent nuclear fuel and nuclear waste.

The Commission held its second full
Commission meeting on May 25 and 26,
2010. The Commission is scheduled to
submit a draft report to the Secretary of
Energy by July 2011, and a final report
by January 2012.

Purpose of the Meeting: The meeting
will provide the Commission with a
range of local and regional perspectives
from a wide variety of individuals and
organizations. The tours will afford the
Commissioners an opportunity to see
first-hand a collection of facilities
involved in the treatment, packaging
and storage of used fuel and high-level
wastes.

Tentative Agenda: The meeting is
expected to start at 8 a.m. on July 14
with the Commissioners touring
relevant areas of the Hanford Site.
Presentations to the Commission are
expected to begin at approximately 2
p.m. at the Three Rivers Convention
Center. The Commission will then hear
presentations and statements from
various stakeholder groups, and ask
questions of the presenters, to provide
additional information for Commission
consideration. The meeting on July 15 is
expected to start at 8:30 a.m. with
additional presentations and statements,
move to discussions by the
Commissioners, and conclude with
public statements. The meeting will end
by 1 p.m.

Public Participation: The meeting and
the tour of the relevant areas of the

Hanford Site are open to the public on
a space-available basis. Those wishing
to attend the tour with the
Commissioners must register in advance
at <http://www.hanford.gov>. Registration
is on a “first-come, first-served” basis
and is limited to 80 people. Registration
will open on July 2 at 7 a.m. and close
on July 9 at noon.

Individuals and representatives of
organizations who would like to offer
comments and suggestions may do so at
the end of the meeting on Thursday,
July 15, 2010. Approximately 45
minutes will be reserved for public
comments. Time allotted per speaker
will depend on the number who wish to
speak but will not exceed 5 minutes.
The Designated Federal Officer is
empowered to conduct the meeting in a
fashion that will facilitate the orderly
conduct of business. Those wishing to
speak should register to do so beginning
at 8 a.m. on July 15, 2010 at the Three
Rivers Convention Center.

Those not able to attend the meeting
or have insufficient time to address the
committee are invited to send a written
statement to Timothy A. Frazier, U.S.
Department of Energy, 1000
Independence Avenue, SW.,
Washington, DC 20585, e-mail to
CommissionDFO@nuclear.energy.gov, or
post comments on the Commission Web
site at <http://www.brc.gov>.

Additionally, the meeting will be
available via live Webcast. The link will
be available at <http://www.brc.gov>.

Minutes: The minutes of the meeting
will be available at <http://www.brc.gov>
or by contacting Mr. Frazier. He may be
reached at the postal address or e-mail
address above.

Any person desiring to intervene or to protest in any of the above proceedings must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214) on or before 5 p.m. Eastern time on the specified comment date. It is not necessary to separately intervene again in a subdocket related to a compliance filing if you have previously intervened in the same docket. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant. In reference to filings initiating a new proceeding, interventions or protests submitted on or before the comment deadline need not be served on persons other than the Applicant.

As it relates to any qualifying facility filings, the notices of self-certification [or self-recertification] listed above, do not institute a proceeding regarding qualifying facility status. A notice of self-certification [or self-recertification] simply provides notification that the entity making the filing has determined the facility named in the notice meets the applicable criteria to be a qualifying facility. Intervention and/or protests do not lie in dockets that are qualifying facility self-certifications or self-recertifications. Any person seeking to challenge such qualifying facility status may do so by filing a motion pursuant to 18 CFR 292.207(d)(iii). Intervention and protests may be filed in response to notices of qualifying facility dockets other than self-certifications and self-recertifications.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with Internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling

link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 14 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First St., NE., Washington, DC 20426.

The filings in the above proceedings are accessible in the Commission's eLibrary system by clicking on the appropriate link in the above list. They are also available for review in the Commission's Public Reference Room in Washington, DC. There is an eSubscription link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.
