#### Texas Gas Transmission, LLC; Notice of Errata Filing

December 15, 2005.

Take notice that on December 6, 2005, Texas Gas Transmission, LLC (Texas Gas), submitted an errata to correct the effective date on revised tariff sheets originally filed in a compliance filing on November 30, 2005, pursuant to "Order Granting Abandonment and Issuing Certificate" issued November 21, 2005, in Docket No. CP05-407-000, et al.

Texas Gas states that the purpose of this filing is to submit substitute tariff sheets with a corrected effective date, and that the requested effective date of December 1, 2005 was correctly stated in the transmittal letter of the November 30, 2005 filing, and in the corresponding negotiated rate filing submitted on the same day. Texas Gas further states that copies of the filing were served on parties on the official service list in the above-captioned proceeding.

Any person desiring to protest this filing must file in accordance with Rule 211 of the Commission's Rules of Practice and Procedure (18 CFR 385.211). Protests to this filing will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Such protests must be filed on or before the date as indicated below. Anyone filing a protest must serve a copy of that document on all the parties to the proceeding.

The Commission encourages electronic submission of protests in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

[Docket No. CP03-33-002]

#### Wyckoff Gas Storage Company LLC; Notice of Application

December 13, 2005.

On November 22, 2005, Wyckoff Gas Storage Company, LLC, (Wyckoff), Two Warren Place, 6120 Yale Avenue, Suite 700, Tulsa, OK 74136-4216, pursuant to section 7(c) of the Natural Gas Act (NGA) and Parts 157 of the Commission's regulations, filed an abbreviated application to amend its certificates of public convenience and necessity issued on October 6, 2003 (105 FERC ¶ 61,027) to:

(1) Authorize the relocation of certain of the approved facilities at its certificated storage field, located in Steuben County, NY, (2) downsize certain of the approved facilities, (3) permit phasing of the construction of certain of the approved facilities; and (4) confirm the previously approved maximum reservoir pressure for the field, all as more fully set forth in the application. Wyckoff also notified the Commission of its intention to continue in operation certain existing pipeline facilities at the field which were previously intended to be taken out of service. This filing is available for

review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "e-Library" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov) or call toll-free, (866) 208-3676, or for TTY, (202) 502-8659.

Any questions regarding this application should be directed to T.W. Cook, Wyckoff Gas Storage Company, LLC, Two Warren Place, 6120 Yale Avenue, Suite 700, Tulsa, OK 74136, (918) 524-8503.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made in the proceeding with the Commission and must mail a copy to the applicant and to every other party. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive

copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the non-party commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

Protests and interventions may be filed electronically via the Internet in lieu of paper; see, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link. The Commission strongly encourages electronic filings.
