Title of Collection: Maintenance-of-Effort Requirements and Waiver Requests under the Elementary and Secondary School Emergency Relief (ESSER) Fund and the Governor's Emergency Education Relief (GEER) Fund.

OMB Control Number: 1810-0745.

Type of Review: Extension without change of a currently approved collection.

Respondents/Affected Public: State, Local, and Tribal Governments.

Total Estimated Number of Annual Responses: 81.

Total Estimated Number of Annual Burden Hours: 358.

Abstract: This is a request for an extension without change of an existing information collection, 1810-0745. In recognition of the immense challenges facing students, educators, staff, schools, LEAs, and SEAs right now, Congress has made additional ESSER and GEER funds available to SEAs and LEAs to prevent, prepare for, and respond to COVID-19 through the CRRSA Act and, most recently and significantly, the ARP Act. It is critical that States and Governors receive clear guidance on the MOE requirements under the CRRSA Act and the ARP Act to inform their spending decisions and implementation plans for the GEER and ESSER programs as SEAs and LEAs prepare to help schools return safely to in-person instruction, maximize in-person instructional time, sustain the safe operation of schools, and address the academic, social, emotional, and mental health impacts of the COVID-19 pandemic. This guidance and the associated collection provide States and Governors clear guidance they need to fully implement their GEER and ESSER programs. States and Governors have delayed distributing and spending funds due to the absence of guidance on the process for requesting waivers of MOE. Additionally, the Department will not be able to properly monitor GEER and ESSER recipients or provide technical assistance without collecting the MOE data and, when requested by States, grant MOE waiver requests.
