

must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214) on or before 5 p.m. Eastern time on the specified comment date. It is not necessary to separately intervene again in a subdocket related to a compliance filing if you have previously intervened in the same docket. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant. In reference to filings initiating a new proceeding, interventions or protests submitted on or before the comment deadline need not be served on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with Internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 14 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First St. NE., Washington, DC 20426.

The filings in the above proceedings are accessible in the Commission's eLibrary system by clicking on the appropriate link in the above list. They are also available for review in the Commission's Public Reference Room in Washington, DC. There is an eSubscription link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Kimberly D. Bose,
Secretary.

[Project No. 2219-020—Utah]

Garkane Energy Cooperative, Inc.; Notice of Availability of Final Environmental Assessment

May 4, 2007.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR Part 380 (Order No. 486, 52 FR 47897), the Office of Energy Projects has reviewed the application for new license for the Boulder Creek Hydroelectric Project, located on Boulder Creek in Garfield County, Utah, and has prepared a final Environmental Assessment (EA) for the project. The project occupies 29.59 acres of Federal land, administered by the U.S. Forest Service as part of the Dixie National Forest.

The final EA contains the staff's analysis of the potential environmental impacts of the project and concludes that issuing a new license for the project, with appropriate environmental protective measures, would not constitute a major federal action that would significantly affect the quality of the human environment.

A copy of the final EA is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll-free at 1-866-208-3676, or for TTY, (202) 502-8659.

You may also register online at <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via e-mail of new filings and issuances related to this or other pending projects. For assistance, contact FERC Online Support.

For further information, contact Dianne Rodman at (202) 502-6077.

Kimberly D. Bose,
Secretary.

[Project No. 12790-000]

Pomperaug Hydro; Notice of Application Accepted for Filing and Soliciting Motions To Intervene, Protests, and Comments

May 4, 2007.

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection:

- a. *Type of Application*: Preliminary Permit.
- b. *Project No.*: 12790-000.
- c. *Date filed*: March 29, 2007.
- d. *Applicant*: Pomperaug Hydro.
- e. *Name of Project*: Pomperaug Hydro Project.
- f. *Location*: The project would be located on the Pomperaug River, in Litchfield County, Connecticut.
- g. *Filed Pursuant to*: Federal Power Act, 16 U.S.C. 791(a)-825(r).
- h. *Applicant Contacts*: Mr. Andrew Peklo III/Abby R. Peklo, 29 Pomperaug Road, Woodbury, CT 06798, (203) 263-4566.
- i. *FERC Contact*: Etta Foster, (202) 502-8769.
- j. *Deadline for filing comments, protests, and motions to intervene*: 60 days from the issuance date of this notice.

The Commission's Rules of Practice and Procedure require all intervenors filing documents with the Commission to serve a copy of that document on each person in the official service list for the project. Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

k. *Description of Project*: The proposed project would consist of: (1) An existing 15-foot-high, 90-foot-long dam; (2) an impoundment of approximately 3 acres, with an average depth of 3-feet, a storage capacity of approximately 9 acre-feet, and 227-feet above mean sea level; (3) a 40-foot-long penstock; (4) a spillway; (5) a powerhouse containing 1-2 generating units with an installed capacity between 8-75 kW; (6) a transmission line approximately 30-foot-long, and (7) appurtenant facilities. The project would have an estimated average annual generation of 300,000 kilowatt-hours.

l. *Locations of Applications*: A copy of the application is available for inspection and reproduction at the
