

encourages eligible minorities, women, and persons with disabilities to apply for membership on the NOSB.

DATES: Written nominations, with résumés, must be post-marked on or before July 15, 2005.

ADDRESSES: Nominations should be sent to Ms. Katherine E. Benham, Advisory Board Specialist, USDA-AMS-TMP-NOP, 1400 Independence Avenue, SW., Room 4008-So., Ag Stop 0268, Washington, DC 20250.

FOR FURTHER INFORMATION CONTACT: Ms. Katherine E. Benham, (202) 205-7806; E-mail: katherine.benham@usda.gov; Fax: (202) 205-7808.

SUPPLEMENTARY INFORMATION: The OFPA of 1990, as amended (7 U.S.C. 6501 *et seq.*), requires the Secretary to establish an organic certification program for producers and handlers of agricultural products that have been produced using organic methods. In developing this program, the Secretary is required to establish an NOSB. The purpose of the NOSB is to assist in the development of a proposed National List of Approved and Prohibited Substances and to advise the Secretary on other aspects of the National Organic Program.

The NOSB made recommendations to the Secretary regarding the establishment of the initial organic program. It is anticipated that the NOSB will continue to make recommendations on various matters, including recommendations on substances it believes should be allowed or prohibited for use in organic production and handling.

The NOSB is composed of 15 members; 4 organic producers, 2 organic handlers, a retailer, 3 environmentalists, 3 public/consumer representatives, a scientist, and a certifying agent. Nominations are being sought to fill the following six (6) upcoming NOSB vacancies: organic producer (2 positions), consumer/public interest (3 positions), and USDA accredited certifying agent (1 position). Individuals desiring to be appointed to the NOSB at this time must be either an owner or operator of an organic production operation, an individual who represents public interest or consumer interest groups, or an individual who is a USDA accredited organic certifying agent. Selection criteria will include such factors as: demonstrated experience and interest in organic production, organic certification, and support of consumer and public interest organizations; demonstrated experience with respect to agricultural products produced and handled on certified organic farms; and such other factors as may be appropriate for specific positions.

Nominees will be supplied with a biographical information form that must be completed and returned to USDA within 10 working days of its receipt. Completed biographical information forms are required for a nominee to receive consideration for appointment by the Secretary.

Equal opportunity practices will be followed in all appointments to the NOSB in accordance with USDA policies. To ensure that the members of the NOSB take into account the needs of the diverse groups that are served by the Department, membership on the NOSB will include, to the extent practicable, individuals who demonstrate the ability to represent minorities, women, and persons with disabilities.

The information collection requirements concerning the nomination process have been previously cleared by the Office of Management and Budget (OMB) under OMB Control No. 0505-0001.

Dated: April 14, 2005.

Kenneth C. Clayton,

Acting Administrator, Agricultural Marketing Service.

BILLING CODE 3410-02-P

DEPARTMENT OF AGRICULTURE

Animal and Plant Health Inspection Service

[Docket No. 05-014-1]

Notice of Request for Extension of Approval of an Information Collection

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Extension of approval of an information collection; comment request.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the Animal and Plant Health Inspection Service's intention to request an extension of approval of an information collection associated with regulations to prevent the interstate spread of plant pests from Hawaii and U.S. territories.

DATES: We will consider all comments that we receive on or before June 20, 2005.

ADDRESSES: You may submit comments by any of the following methods:

EDOCKET: Go to <http://www.epa.gov/feddoctet> to submit or view public comments, access the index listing of the contents of the official public docket, and to access those documents

in the public docket that are available electronically. Once you have entered EDOCKET, click on the "View Open APHIS Dockets" link to locate this document.

Postal Mail/Commercial Delivery: Please send four copies of your comment (an original and three copies) to Docket No. 05-014-1, Regulatory Analysis and Development, PPD, APHIS, Station 3C71, 4700 River Road Unit 118, Riverdale, MD 20737-1238. Please state that your comment refers to Docket No. 05-014-1.

Reading Room: You may read any comments that we receive on this docket in our reading room. The reading room is located in room 1141 of the USDA South Building, 14th Street and Independence Avenue, SW., Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to help you, please call (202) 690-2817 before coming.

Other Information: You may view APHIS documents published in the **Federal Register** and related information on the Internet at <http://www.aphis.usda.gov/ppd/rad/webrepor.html>.

FOR FURTHER INFORMATION CONTACT: For information regarding the movement of fruits and vegetables from Hawaii and U.S. territories, contact Ms. Susan Dublinski, Import Specialist, Phytosanitary Issues Management, PPQ, APHIS, 4700 River Road Unit 140, Riverdale, MD 20737; (301) 734-6799. For copies of more detailed information on the information collection, contact Mrs. Celeste Sickles, APHIS' Information Collection Coordinator, at (301) 734-7477.

SUPPLEMENTARY INFORMATION:

Title: Hawaiian and Territorial Quarantine Notices.

OMB Number: 0579-0198.

Type of Request: Extension of approval of an information collection.

Abstract: As authorized by the Plant Protection Act (7 U.S.C. 7701-7772) (PPA), the Secretary of Agriculture may prohibit or restrict the importation, entry, exportation, or movement in interstate commerce of any plant, plant product, biological control organism, noxious weed, means of conveyance, or other article if the Secretary determines that the prohibition or restriction is necessary to prevent a plant pest or noxious weed from being introduced into or disseminated within the United States. This authority has been delegated to the Animal and Plant Health Inspection Service (APHIS), which administers regulations to

implement the PPA. Regulations governing the interstate movement of plants and plant products from Hawaii and U.S. territories, including Guam, Puerto Rico, and the U.S. Virgin Islands, are contained in 7 CFR part 318, "Hawaiian and Territorial Quarantine Notices."

These regulations are necessary to prevent the interstate spread of plant pests such as the Mediterranean fruit fly, the melon fly, the Oriental fruit fly, green coffee scale, the bean pod borer, and other plant pests to noninfested areas of the United States.

Administering these regulations requires APHIS to collect information from a variety of individuals who are involved in growing, packing, handling, and transporting plants and plant products. This information serves as supporting documentation required for the issuance of forms and documents that authorize the movement of regulated articles and is vital to help ensure that injurious plant pests are not spread interstate from Hawaii and U.S. territories to noninfested areas of the United States.

We are asking the Office of Management and Budget (OMB) to approve our use of these information collection activities for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

- (1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;
- (2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;
- (3) Enhance the quality, utility, and clarity of the information to be collected; and

- (4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; e.g., permitting electronic submission of responses.

Estimate of burden: The public reporting burden for this collection of information is estimated to average 0.0786158 hours per response.

Respondents: State plant regulatory officials, irradiation facility personnel, and individuals involved in growing, packing, handling, and transporting plants and plant products.

Estimated annual number of respondents: 1,129.

Estimated annual number of responses per respondent: 11,108,945.

Estimated annual number of responses: 12,542.

Estimated total annual burden on respondents: 986 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 13th day of April 2005.

Elizabeth E. Gaston,

Acting Administrator, Animal and Plant Health Inspection Service.

SUPPLEMENTARY INFORMATION:

Title: Domestic Quarantine Regulations.

OMB Number: 0579-0088.

Type of Request: Extension of approval of an information collection.

Abstract: As authorized by the Plant Protection Act (7 U.S.C. 7701-7772) (PPA), the Secretary of Agriculture may prohibit or restrict the importation, entry, exportation, or movement in interstate commerce of any plant, plant product, biological control organism, noxious weed, means of conveyance, or other article if the Secretary determines that the prohibition or restriction is necessary to prevent a plant pest or noxious weed from being introduced into or disseminated within the United States. This authority has been delegated to the Animal and Plant Health Inspection Service (APHIS), which administers regulations to implement the PPA. Regulations governing the interstate movement of plants, plant products, and other articles are contained in 7 CFR part 301, "Domestic Quarantine Notices."

These regulations prohibit or restrict the interstate movement of certain articles from infested areas to noninfested areas to prevent the spread of plant pests such as the Asian longhorned beetle, emerald ash borer, imported fire ant, Mexican fruit fly, and
