FEDERAL RETIREMENT THRIFT INVESTMENT BOARD

5 CFR Part 1653

Court Orders and Legal Processes Affecting Thrift Savings Plan Accounts

AGENCY: Federal Retirement Thrift Investment Board.

ACTION: Proposed rule with request for comments.

SUMMARY: The Executive Director of the Federal Retirement Thrift Investment Board (Agency) proposes to amend the Thrift Savings Plan's (TSP's) regulations to improve processing of court orders that seek to divide a TSP account pursuant to a divorce. The proposed change would limit the types of court orders the Agency would accept to either one that requires payment of a specific dollar amount or that requires payment of a stated percentage or fraction of the account. The change would no longer allow formula court orders.

DATES: Comments must be received on or before September 8, 2006.

ADDRESSES: Comments may be sent to Thomas K. Emswiler, General Counsel, Federal Retirement Thrift Investment Board, 1250 H Street, NW., Washington, DC 20005. The Agency's fax number is (202) 942-1676.

FOR FURTHER INFORMATION CONTACT: Megan Graziano on (202) 942-1659.

SUPPLEMENTARY INFORMATION: The Agency administers the TSP, which was established by the Federal Employees' Retirement System Act of 1986 (FERSA), Public Law 99-335, 100 Stat. 514. The TSP provisions of FERSA are codified, as amended, largely at 5 U.S.C. 8351 and 8401-79. The TSP is a tax-deferred retirement savings plan for Federal civilian employees and members of the uniformed services. The TSP is similar to cash or deferred arrangements established for private-sector employees under section 401(k) of the Internal Revenue Code (26 U.S.C. 401(k)).

The Executive Director proposes to amend the Agency's regulations to limit acceptable court orders that divide a TSP account to those that either require payment of a specific dollar amount or that require payment of a stated percentage or fraction of the account.

Currently, the Agency will also accept a court order that requires payment of an amount determined by a formula that yields a mathematically possible result. All variables in the formula must have values that are readily ascertainable.

Formula-based court order are overly complex and often are not acceptable by the Agency or, if acceptable, would result in payments that were not anticipated by either party to the order. As a consequence, the parties must return to court and obtain an amended order. Additionally, the formula court order requires the Agency to interpret the order and results in considerable administrative expense. These expenses are borne by all TSP participants.

The proposed regulation will make it easier for the parties in a divorce to ensure that the Agency will divide a TSP account in accordance with their wishes. The proposed regulation simplifies the types of court orders the Agency will accept. The proposed regulation contains model paragraphs that attorneys can use to ensure that, in drafting orders, the language they select will both produce the intended result and meet the Agency's processing requirements.

Consequently, in order to ensure accuracy of court order payments and to ensure that the administrative expenses of the court order program are reasonable for a retirement savings plan, the Executive Director proposes to amend Agency regulations to limit the types of court orders the Agency will accept to those that either require payment of a specific dollar amount or that require payment of a stated percentage or fraction of the account.

SUPPLEMENTARY INFORMATION:

Background

The Animal Welfare Act (AWA) (7 U.S.C. 2131 *et seq.*) authorizes the Secretary of Agriculture to promulgate standards and other requirements governing the humane handling, care, treatment, and transportation of certain animals by dealers, research facilities, exhibitors, carriers, and other regulated entities. The Secretary of Agriculture has delegated the responsibility for enforcing the AWA to the Administrator of the Animal and Plant Health Inspection Service (APHIS). Regulations established under the AWA are contained in 9 CFR parts 1, 2, and 3.

Currently, part 3 consists of subparts A through E, which contain specific standards for dogs and cats, guinea pigs and hamsters, rabbits, nonhuman primates, and marine mammals, respectively, and subpart F, which sets forth the general standards for warmblooded animals not otherwise specified in that part, including elephants.

In a petition¹ dated February 2, 2006, In Defense of Animals (the petitioner) stated that exhibited elephants have chronic foot and joint problems due to inadequate space (indoor and outdoor enclosures) and inadequate living conditions (including amount of time confined, type of substrate, and cleanliness of floors). The petitioner requested that APHIS issue an interpretive rule or policy that clarifies the space and living conditions required for captive elephants, and that APHIS enforce the AWA and its implementing regulations by requiring that exhibitors fully comply with the regulations.

We are requesting comments from the public on the petition. We are also requesting comments on whether specific standards should be promulgated for elephants and what should be included in such standards. In particular, we invite responses to the following questions:

1. What are the causes of arthritis in elephants?
2. What, if any, foot care practices have been used on captive elephants to maintain healthy feet?
3. What substrates are best for captive elephants? Are there any substrate conditions that promote foot problems?
4. Do captive elephants require a certain amount of exercise (*i.e.*, walking) to maintain healthy feet?
5. What industry/professional standards are available for elephant care and husbandry?
6. Are there any other health or care issues related to elephants that should be specifically addressed in the AWA standards?

We welcome all comments on the issues outlined above and encourage the submission of scientific data, studies, or research to support your comments and position, including scientific data or
