H. Eligible Appraisal and Valuation Services Office Programs

The Appraisal and Valuation Services Office (AVSO), established on March 19, 2018 by Secretarial Order No. 3363, provides appraisal, valuation, mineral evaluation, and real property consulting expertise to Indian beneficiaries, federal clients and other stakeholders in accordance with the highest professional and ethical standards. AVSO is responsible for all real property appraisal and valuation services within the Department of the Interior as well as conducting mineral economic evaluations to the following bureau clients: Bureau of Indian Affairs, Bureau of Indian Education, Bureau of Land Management, Bureau of Reclamation, Office of the Special Trustee for American Indians (now known as the Bureau of Trust Funds Administration), US Fish and Wildlife Service, and the National Park Service. Within AVSO are four land valuation divisions; Indian Trust Property Valuation Division, Land Buy-Back Program Valuation Division, Division of Minerals Evaluation and Federal Land Division.

The MOU between the Tribe/Consortium and AVSO outlines the roles and responsibilities for the performance of the AVSO program by the Tribe/Consortium. An MOU will be negotiated between the Tribe/Consortium and AVSO, which will be binding on both parties and attached and incorporated into the OSG funding agreement.

If a Tribe/Consortium decides to assume the operation of an AVSO program, the new funding for performing that program will come from AVSO program dollars. A Tribe's newly-assumed operation of an AVSO program will be reflected in the Tribe's OSG funding agreement.

For questions regarding the assumption of an AVSO program under self-governance, contact Eldred F. Lesensee, Associate Deputy Director, Appraisal and Valuation Services Office, 4400 Masthead Street NE, Albuquerque, NM 87109, (505) 816–1318, fax (505) 816–3129.

IV. Programmatic Targets

The programmatic target for Fiscal Year 2022 provides that, upon request of a self-governance Tribe, each non-BIA bureau will negotiate funding agreements for its eligible programs beyond those already negotiated.

Dated: January 31, 2022.

Deb Haaland,

Secretary.

unless it displays a currently valid OMB control number.

As part of our continuing effort to reduce paperwork and respondent burdens, we invite the public and other Federal agencies to comment on new, proposed, revised, and continuing collections of information. Abstract: The NPS is authorized by the National Park Service Protection, Interpretation, and Research in System (54 U.S.C. 100701) statutes to collect information used to enhance the management and planning of parks and their resources. The NPS Social Science Program (SSP) relies heavily on this generic approval to submit survey requests to OMB in an expedited manner. This process significantly streamlines the information collection process a manner that allows the NPS to submit at least 25 requests per year,

which is 5 times as many requests that can be processed annually using the regular submission route.

The Programmatic Clearance applies to all NPS social science collections (e.g., questionnaires, focus groups, interviews, etc.) designed to furnish usable information to NPS managers and planners concerning visitor experiences, perceptions of services, programs, and planning efforts in areas managed by the NPS. To qualify for the NPS generic programmatic review process each information request must show clear ties to NPS management and planning needs in areas managed by the NPS or involve research that will directly benefit the NPS. The scope of the programmatic review process is limited to issues that are non-controversial or unlikely to attract significant public interest.

All collections must be reviewed by the NPS and approved by OMB before a collection is administered. At least 80% of the questions in an individual collection must be taken from the OMB approved Pool of Known Questions (PKQ). We acknowledge that the PKQ is not a comprehensive collection of all possible survey questions; therefore, we allow leeway for requestors to add park or research specific questions not in the PKQ. However, all questions must fit within the scope of the approved Topic Areas. The Social Science Program will continue to conduct necessary quality control and will submit each information collection request to OMB for expedited review before the collection is administered.

No changes to this information collection are anticipated at this time. However, the Program is submitting this as a “early renewal” and is designated

as a “revision” in the FRN. The Post-Covid increase in the of number surveys received in 2021 exhausted the burden hours required for 2022. For this reason, the Program is requesting this “early renewal” (i.e., revision) to increase respondent burden hours needed to complete survey requests scheduled for Spring/Summer 2022.

Title of Collection: Programmatic Clearance for NPS-Sponsored Public Surveys.

OMB Control Number: 1024–0224.

Form Number: Form 10–201.

Type of Review: Revision of a currently approved collection.

Respondents/Affected Public: Individuals/Households.

Respondent's Obligation: Voluntary.

Frequency of Collection: On occasion.

Total Estimated Annual Nonhour Burden Cost: None.

Activity	Annual number of responses	Estimated completion time per response (minutes)	Total annual burden (hours)
On-site Surveys	30,000	15	7,500
Mail-back surveys	10,000	20	3,333
On-line surveys	10,000	20	3,333
All non-response surveys	10,000	3	500
Telephone Surveys	5,000	30	2,500
Focus Groups/In person interviews/Video conferences	2,500	60	2,500
Total	67,500		19,666

An agency may not conduct, or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).
