

Order 11990 (Protection of Wetlands), or the Fish and Wildlife Coordination Act, nor does it threaten to violate a Federal, State, local, or tribal law or requirement imposed for the protection of the environment.

(5) Approval of the HCP would not establish a precedent for future actions or represent a decision in principle about future actions with potentially significant environmental effects.

The Service therefore has made a preliminary determination that approval of the HCP qualifies as a categorical exclusion under the NEPA, as provided by the Department of the Interior Manual (516 DM 2, Appendix 1 and 516 DM 6, Appendix 1). Based upon this preliminary determination, we do not intend to prepare further NEPA documentation. The Service will consider public comments in making its final determination on whether to prepare such additional documentation.

We will evaluate the permit application, the HCP, and comments submitted thereon to determine whether the application meets the requirements of section 10(a) of the Act. If the requirements are met, the Service will issue a permit to the Applicants.

Public Review and Comment

If you wish to comment on the permit application, draft Environmental Action Statement or the proposed HCP, you may submit your comments to the address listed in the **ADDRESSES** section of this document. Our practice is to make comments, including names, home addresses, etc., of respondents available for public review. Individual respondents may request that we withhold their names and/or home addresses, etc., but if you wish us to consider withholding this information you must state this prominently at the beginning of your comments. In addition, you must provide a rationale demonstrating and documenting that disclosure would constitute a clearly unwarranted invasion of privacy. In the absence of exceptional, documented circumstances, this information will be released. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, are available for public inspection in their entirety.

The Service provides this notice pursuant to section 10(c) of the Act and pursuant to implementing regulations for NEPA (40 CFR 1506.6).

Dated: December 13, 2006.

INTERNATIONAL TRADE COMMISSION

[Investigation No. 731-TA-1034 (Remand)]

Certain Color Television Receivers From China

AGENCY: United States International Trade Commission.

ACTION: Notice of request for comments in a remand proceeding concerning an antidumping investigation on certain color television receivers from China.

SUMMARY: The Commission hereby gives notice that it is inviting parties to the referenced proceeding to file comments in the remand proceeding ordered by the United States Court of International Trade (CIT). For further information concerning the conduct of this proceeding and rules of general application, consult the Commission's Rules of Practice and Procedure, part 201, subparts A through E (19 CFR part 201), and part 207, subpart A (19 CFR part 207).

DATES: *Effective Date:* December 14, 2006.

FOR FURTHER INFORMATION CONTACT:

Debra A. Baker (202-205-3180), Office of Investigations, or Marc A. Bernstein (202-205-3087), Office of General Counsel, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436. Hearing-impaired persons can obtain information on this matter by contacting the Commission's TDD terminal on 202-205-1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202-205-2000. General information concerning the Commission may also be obtained by accessing its Internet server (<http://www.usitc.gov>). The public record of Investigation No. 731-TA-1034 may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION:

Background.—In May 2004, the Commission determined that an industry in the United States was materially injured by reason of certain color television receivers (CTVs) from China. Sichuan Changhong Electric Co.

(Changhong) subsequently instituted an action at the CIT challenging the Commission's determination.

The CIT issued an opinion in the matter on November 15, 2006. *Sichuan Changhong Electric Co. v. United States*, Ct. No. 04-00266, Slip Op. 06-168 (Ct. Int'l Trade Nov. 15, 2006). In its opinion, the CIT rejected all arguments asserted by plaintiff Changhong, but remanded the matter to the Commission for explanation and possible modification concerning the "specific causation determination" requirements imposed by the U.S. Court of Appeals for the Federal Circuit in *Bratsk Aluminum Smelter v. United States*, 444 F.3d 1369 (Fed. Cir. 2006) and *Caribbean Ispat, Ltd. v. United States*, 450 F.3d 1336 (Fed. Cir. 2006).

Participation in the proceeding.—Only those persons who were interested parties to the original investigation (*i.e.*, persons listed on the Commission Secretary's service list) and were parties to the appeal may participate in the remand proceeding. Such persons need not make any additional filings with the Commission to participate in the remand proceeding. References to business proprietary information ("BPI") during the remand proceeding will be governed, as appropriate, by the administrative protective order issued in the original investigation.

Written Submissions.—The Commission is not reopening the record in this proceeding for submission of new factual information. The Commission will, however, permit the parties to file comments pertaining to the inquiries that are the subject of the CIT's remand instructions. Comments shall be limited to no more than twenty (20) double-spaced and single-sided pages of textual material. The parties may not submit any new factual information and may not address any issue other than the applicability of the *Bratsk* and *Ispat* decisions to this investigation, whether the Commission's causation analysis in the original investigations complies with the requirements the Federal Circuit articulated in those two decisions, and what, if any, modifications must be made to the Commission's causation analysis to put it into conformance with the requirements articulated in those decisions. Any such comments must be filed with the Commission no later than January 8, 2007.

All written submissions must conform with the provisions of section 201.8 of the Commission's rules; any submissions that contain BPI must also conform with the requirements of sections 201.6, 207.3, and 207.7 of the Commission's rules. The Commission's
