Certain Magnesia Carbon Bricks From the People's Republic of China: Preliminary Results of Antidumping Duty Administrative Review; 2021–2022

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily

determines that the 38 companies subject to this administrative review of the antidumping duty order on certain magnesia carbon bricks (bricks) from the People's Republic of China (China) are part of the China-wide entity because none filed a separate rate application (SRA) or a separate rate certification (SRC). The period of review (POR) is September 1, 2021, through August 31, 2022. We invite interested parties to comment on these preliminary results.

DATES: Applicable May 31, 2023.

FOR FURTHER INFORMATION CONTACT: Nathan James, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-5305.

SUPPLEMENTARY INFORMATION:

Background

On September 1, 2022, Commerce published in the **Federal Register** a notice of opportunity to request an administrative review of the antidumping duty order on bricks from China¹ for the POR.² On November 3, 2022, in response to a timely request from the Magnesia Carbon Bricks Fair Trade Committee (the petitioner),³ we initiated an administrative review of the *Order* with respect to 38 companies.⁴

On November 30, 2022, we placed on the record U.S. Customs and Border Protection (CBP) entry data under administrative protective order (APO) for all interested parties with APO access.⁵ The deadline for interested parties to submit a no-shipment certification, SRA, or SRC was December 5, 2022.⁶ No party submitted

Separate Rate Applications are due to Commerce no later than 30 calendar days after publication of this **Federal Register** notice."). Commerce's practice dictates that, where a deadline falls on a weekend or federal holiday, the appropriate deadline is the next business day.

a no-shipment certification, SRA, or SRC.

Scope of the Order

The scope of the *Order* includes certain chemically bonded (resin or pitch), magnesia carbon bricks with a magnesia component of at least 70 percent magnesia (MgO) by weight, regardless of the source of raw materials for the MgO, with carbon levels ranging from trace amounts to 30 percent by weight, regardless of enhancements (for example, magnesia carbon bricks can be enhanced with coating, grinding, tar impregnation or coking, high temperature heat treatments, anti-slip treatments or metal casing) and regardless of whether or not antioxidants are present (for example, antioxidants can be added to the mix from trace amounts to 15 percent by weight as various metals, metal alloys, and metal carbides).

Certain magnesia carbon bricks that are subject to the *Order* are currently classifiable under subheadings 6902.10.1000, 6902.10.5000, 6815.91.0000, 6815.99.2000 and 6815.99.4000 of the Harmonized Tariff Schedule of the United States (HTSUS). While HTSUS subheadings are provided for convenience and customs purposes, the written description is dispositive.

Methodology

Commerce is conducting this administrative review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act) and 19 CFR 351.213.

Preliminary Results of Review

The 38 companies subject to this review did not file no-shipment certifications, SRAs, or SRCs. Thus, Commerce preliminarily determines that these companies have not demonstrated their eligibility for separate rate status. As such, Commerce also preliminarily determines that the companies subject to review are part of the China-wide entity.

In addition, Commerce no longer considers the non-market economy (NME) entity as an exporter conditionally subject to an antidumping duty administrative review.⁷ Accordingly, the NME entity will not be under review unless Commerce

See *Notice of Clarification: Application of "Next Business Day" Rule for Administrative Determination Deadlines Pursuant to the Tariff Act of 1930, As Amended*, 70 FR 24533 (May 10, 2005).

⁷ See *Antidumping Proceedings: Announcement of Change in Department Practice for Respondent Selection in Antidumping Duty Proceedings and Conditional Review of the Non-Market Economy Entity in NME Antidumping Duty Proceedings*, 78 FR 65963, 65970 (November 4, 2013).

specifically receives a request for, or self-initiates, a review of the NME entity. In this administrative review, no party requested a review of the China-wide entity and we have not self-initiated a review of the China-wide entity. Because no review of the China-wide entity is being conducted, the China-wide entity's entries are not subject to the review, and the rate applicable to the NME entity is not subject to change as a result of this review. The China-wide entity rate is 236.00 percent.⁸

Public Comment

Interested parties are invited to comment on the preliminary results and may submit case briefs and/or written comments, filed electronically via Enforcement and Compliance's Antidumping Duty and Countervailing Duty Centralized Electronic Service System (ACCESS), within 30 days after the date of publication of these preliminary results of review.⁹ ACCESS is available to registered users at <https://access.trade.gov>. Rebuttal briefs, limited to issues raised in the case briefs, must be filed within seven days after the time limit for filing case briefs.¹⁰ Parties who submit case or rebuttal briefs in this proceeding are requested to submit with each argument a statement of the issue, a brief summary of the argument, and a table of authorities.¹¹ Note that Commerce has temporarily modified certain portions of its requirements for serving documents containing business proprietary information, until further notice.¹²

Interested parties who wish to request a hearing, or to participate if one is requested, must submit a written request to the Assistant Secretary for Enforcement and Compliance within 30 days of the date of publication of this notice.¹³ Requests should contain: (1) the party's name, address, and telephone number; (2) the number of participants; and (3) a list of issues to be discussed. Issues raised in the hearing will be limited to those raised in the respective case and rebuttal briefs. If a request for a hearing is made, parties will be notified of the time and date for the hearing to be held.¹⁴ Commerce

intends to issue the final results of this administrative review, which will include the results of our analysis of all issues raised in the case briefs, within 120 days of publication of these preliminary results in the **Federal Register**, unless extended, pursuant to section 751(a)(3)(A) of the Act.

Assessment Rates

Upon issuance of the final results of this review, Commerce will determine, and CBP will assess, antidumping duties on all appropriate entries covered by this review.¹⁵ We intend to instruct CBP to liquidate entries containing subject merchandise exported by the companies under review that we determine in the final results to be part of the China-wide entity at the China-wide entity rate of 236.00 percent.¹⁶

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of review, as provided for by section 751(a)(2)(C) of the Act: (1) for previously-investigated or reviewed Chinese and non-Chinese exporters which are not under review in this segment of the proceeding but which have separate rates, the cash deposit rate will continue to be the exporter-specific rate published for the most recent period; (2) for all Chinese exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the China-wide rate of 236.00 percent; and (3) for all non-Chinese exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to Chinese exporter(s) that supplied that non-Chinese exporter. These cash deposit requirements, when

imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent assessment of double antidumping duties, and/or an increase in the amount of antidumping duties by the amount of countervailing duties.

Notification to Interested Parties

We are issuing and publishing these preliminary results in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(h) and 19 CFR 351.221(b)(4).

Dated: May 23, 2023.

Lisa W. Wang,

Assistant Secretary for Enforcement and Compliance.

Paper File Folders From the People's Republic of China: Postponement of Final Determination in the Less-Than-Fair-Value Investigation

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) is postponing the deadline for issuing the final determination in the less-than-fair-value investigation of paper file folders from the People's Republic of China (China) until September 29, 2023, and is extending the provisional measures from a four-month period to a six-month period.

DATES: Applicable May 31, 2023.

FOR FURTHER INFORMATION CONTACT: Zachariah Hall, AD/CVD Operations VIII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–6261.

SUPPLEMENTARY INFORMATION:

Background

Commerce published the notice of initiation of this investigation on November 8, 2022.¹ The period of investigation is April 1, 2022, through September 30, 2022. On May 17, 2023, Commerce preliminarily determined that paper file folders from China are being, or are likely to be, sold in the United States at less than fair value.²

¹ See *Paper File Folders from the People's Republic of China, India, and the Socialist Republic of Vietnam: Initiation of Less-Than-Fair-Value Investigations*, 87 FR 67441 (November 8, 2022) (*Initiation Notice*).

² See *Paper File Folders from the People's Republic of China: Preliminary Affirmative Determination of Sales at Less Than Fair Value*, 88 FR 31485 (May 17, 2023) (*Preliminary Determination*).

Postponement of Final Determination and Extension of Provisional Measures

Section 735(a)(2) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.210(b)(2) provide that a final determination may be postponed until not later than 135 days after the date of the publication of the preliminary determination if, in the event of an affirmative preliminary determination, a request for such postponement is made by exporters who account for a significant proportion of exports of the subject merchandise, or in the event of a negative preliminary determination, a request for such postponement is made by the petitioner.³ Pursuant to 19 CFR 351.210(e)(2), Commerce requires that requests by respondents for postponement of a final antidumping determination be accompanied by a request for extension of provisional measures from a four-month period to a period not more than six months in duration.

On May 12, 2023, pursuant to 19 CFR 351.210(e), mandatory respondents CRE8 Direct (Ningbo) Co., Ltd. (CRE8 Direct) and Ningbo Guangbo Import & Export Co., Ltd. (Guangbo) requested that Commerce postpone the final determination and that provisional measures be extended to a period not to exceed six months.⁴ In accordance with section 735(a)(2)(A) of the Act and 19 CFR 351.210(b)(2)(ii), because: (1) the preliminary determination is affirmative; (2) the requesting exporters account for a significant proportion of exports of the subject merchandise; and (3) no compelling reasons for denial exist, Commerce is postponing the final determination and extending the provisional measures from a four-month period to a period not greater than six months. Accordingly, Commerce's final determination will be issued no later than 135 days after the date of publication of the *Preliminary Determination*.

Notification to Interested Parties

This notice is issued and published pursuant to section 735(a)(2) of the Act and 19 CFR 351.210(g).

³ The petitioner is the Coalition of Domestic Folder Manufacturers. The members of the Coalition of Domestic Folder Manufacturers are: Smead Manufacturing Company, Inc.; and TOPS Products LLC.
