### Centers for Disease Control and Prevention

[30-Day-12-11HI]

### Agency Forms Undergoing Paperwork Reduction Act Review

The Centers for Disease Control and Prevention (CDC) publishes a list of information collection requests under review by the Office of Management and Budget (OMB) in compliance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995. To request a copy of these requests, call the CDC Reports Clearance Officer at (404) 639-5960 or send an email to [omb@cdc.gov](mailto:omb@cdc.gov). Send written comments to CDC Desk Officer, Office of Management and Budget, Washington, DC or by fax to (202) 395-5806. Written comments should be received within 30 days of this notice.

### Proposed Project

Frame development for the residential care facility component of the National Study of Long-Term Care Providers-

NEW—National Center for Health Statistics (NCHS), Centers for Disease Control and Prevention (CDC).

### Background and Brief Description

NCHS seeks approval to collect data needed to develop an up-to-date sampling frame of residential care facilities. The sampling frame will be used to draw a nationally representative sample for a planned new survey, the National Study of Long-Term Care Providers (NSLTCP). The frame-related data will be collected from representatives in state regulatory agencies in the 50 states and the District of Columbia primarily via telephone calls, emails, and in a few cases, via formal written requests. The data to be collected from these state officials include (1) Confirming that we have identified the appropriate licensure categories of residential care facilities within each state that meet the NSLTCP definition and (2) for each relevant licensure category, requesting an electronic file of the licensed residential care facilities for which the agency is responsible if such files with the needed variables are not downloadable from the state's Web site.

The NSLTCP study definition of a residential care facility is one that is licensed, registered, listed, certified, or otherwise regulated by the state; provides room and board with at least two meals a day; provides around-the-clock on-site supervision; helps with activities of daily living (e.g., bathing, eating, or dressing) or health related services, such as medication supervision; serves primarily an adult population; and has at least four licensed, certified, or regulated beds. Facilities licensed to serve the mentally ill or the intellectually disabled/developmentally disabled populations exclusively are excluded. Nursing homes and skilled nursing facilities are also excluded, unless they have a unit or wing meeting the above definition and residents can be separately enumerated.

The electronic files we seek to obtain from the states should include the name, address, phone number, and Web site (if available) of the residential care facility; name, phone number, and email address (if available) of facility director; licensure category; chain affiliation; ownership type; and bed size.

Expected users of the frame data include, but are not limited to CDC's NCHS and its contractors; other Department of Health and Human Services (DHHS) agencies, such as the Office of the Assistant Secretary for Planning and Evaluation and the Agency for Healthcare Research and
