DEPARTMENT OF HOMELAND SECURITY

Coast Guard

[CGD05-05-039]

Virginia Area Maritime Security Committee

AGENCY: Coast Guard, DHS.

ACTION: Solicitation for membership.

SUMMARY: This notice requests individuals interested in serving on the Virginia Area Maritime Security (VA AMS) Committee to submit their applications for membership to the Captain of the Port (COTP) Hampton Roads.

DATES: Requests for membership should reach the U.S. Coast Guard COTP Hampton Roads by June 17, 2005.

ADDRESSES: Applications for membership should be submitted to the Captain of the Port at the following address: United States Coast Guard, Marine Safety Office Hampton Roads, Norfolk Federal Building, 200 Granby Street, Suite 700, Norfolk, Virginia 23510-1888.

FOR FURTHER INFORMATION CONTACT: For questions about submitting an application or about the VA AMS Committee in general, contact the VA AMS Committee Executive Secretary, Mr. Roger Tomlinson at (757) 668-5590.

SUPPLEMENTARY INFORMATION:

Authority

Section 102 of the Maritime Transportation Security Act (MTSA) of 2002 (Pub. L. 107-295) added section 70112 to title 46 of the U.S. Code, and authorized the Secretary of the Department in which the Coast Guard is operating to establish Area Maritime Security Advisory Committees for any port area of the United States. (*See* 33 U.S.C. 1226; 46 U.S.C. 70112(a)(2); 33 CFR 1.05-1, 6.01; Department of Homeland Security Delegation No. 0170.1). The MTSA includes a provision exempting these AMS Committees from the Federal Advisory Committee Act (FACA), Public Law 92-436, 86 Stat. 470 (5 U.S.C. App. 2).

The VA AMS Committee will assist the Captain of the Port in the development, review, and update of the AMS Plan for their area of responsibility. Such matters may include, but are not limited to: Identifying critical port infrastructure and operations; identifying risks (threats, vulnerabilities, and consequences); determining mitigation strategies and implementation methods; developing and describing the process

to continually evaluate overall port security by considering consequences and vulnerabilities, how they may change over time, and what additional mitigation strategies can be applied; and providing advice to, and assisting the Captain of the Port in developing the Area Maritime Security Plan.

AMS Committee Membership

At least seven members of the VA AMS Committee need to have at least 5 years experience related to maritime or port security operations. The Virginia AMS Committee is made up of an Executive Committee which currently has 17 members selected by the Federal Maritime Security Coordinator and also four chartered subcommittees with various members. The four subcommittees are Law Enforcement, Assessment, Response Organization and Port Readiness.

The Law Enforcement Subcommittee deals with law enforcement, jurisdictional training and operational issues. The Assessment Subcommittee assists the FMSC by conducting assessments or overseeing assessments contracted by the Federal government. The Response Organization Subcommittee evaluates local, State and Federal response plans for areas of overlap, jurisdictional issues and/or inconsistencies. The Port Readiness Subcommittee deals with issues relative to military out load activities in the port. Other subcommittees and working groups are established on an as needed basis. Future subcommittees may include a Recreational Boating Safety/ Security Subcommittee.

This advisory solicits members from the maritime community that would like to serve on one of the four designated subcommittees. We are seeking to add additional members to the subcommittees with this solicitation. Applicants may be required to pass a background check prior to appointment to a committee. Members' terms of office will be for 5 years; however, a member may be eligible to serve an additional term of office. Members will not receive any salary or other compensation for their service on an AMS Committee. In support of the policy of the U.S. Coast Guard on gender and ethnic diversity, we encourage qualified women and members of minority groups to apply.

Request for Applications

Those seeking membership are not required to submit formal applications to the local COTP. However, because we do have an obligation to ensure that a specific number of members have the prerequisite maritime security

experience, we encourage the submission of resumes highlighting experience in the maritime and security industries.

Dated: May 3, 2005.

*U.S. Coast Guard, Captain of the Port
Hampton Roads.*

Administration (TSA), DHS.

ACTION: Notice.

SUMMARY: This notice announces that TSA has forwarded the Information Collection Request (ICR) abstracted below to the Office of Management and Budget (OMB) for review and clearance of an extension of a currently approved collection under the Paperwork Reduction Act. The ICR describes the nature of the information collection and its expected burden. TSA published a **Federal Register** notice, with a 60-day comment period soliciting comments, of the following collection of information on March 8, 2005, 70 FR 11255.

DATES: Send your comments by June 17, 2005. A comment to OMB is most effective if OMB receives it within 30 days of publication.

ADDRESSES: Comments may be faxed to the Office of Information and Regulatory Affairs, Office of Management and Budget, Attention: DHS-TSA Desk Officer, at (202) 395-5806.

FOR FURTHER INFORMATION CONTACT: Katrina Wawer, Information Collection Specialist, Office of Transportation Security Policy, TSA-9, Transportation Security Administration, 601 South 12th Street, Arlington, VA 22202-4220; telephone (571) 227-1995; facsimile (571) 227-2594.

SUPPLEMENTARY INFORMATION:

Transportation Security Administration (TSA)

Title: Customer Comment Card.

Type of Request: Extension of a currently approved collection.

OMB Control Number: 1652-0030.

Form(s): TSA Customer Comment Card.

Affected Public: Airport passengers.

Abstract: This information collection established a voluntary program for airport passengers to provide feedback to TSA regarding their experiences with TSA security procedures. The collection allows TSA to determine and respond to customer concerns about security procedures and policies. TSA intends to continue to make available to airports a Customer Comment Card, which will collect feedback and, if the passenger desires, contact information so that TSA staff can respond to the passenger's comment. For passengers who deposit their cards in the designated drop-boxes, TSA airport staff will collect the cards, categorize comments, enter the results into an online system for reporting, and respond to passengers as necessary. Passengers also have the option to mail the cards directly to TSA. TSA also will continue to provide the TSA Contact Center for passengers to make comments independently of airport involvement. The TSA is requesting an extension so that it can continue to immediately collect and respond in a timely manner to comprehensive feedback, which serves as critical input when the TSA must modify its screening procedures.

Number of Respondents: 1,783,800.

Estimated Annual Burden Hours: An estimated 150,880 hours.

TSA is soliciting comments to—

(1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.
