

LIBRARY OF CONGRESS

Copyright Office

37 CFR Part 201

[Docket No. RM 97-5B]

Copyright Restoration of Works in Accordance With the Uruguay Round Agreements Act; Corrections Pertaining to Notices of Intent To Enforce Restored Copyrights**AGENCY:** Copyright Office, Library of Congress.**ACTION:** Correction of errors made pertaining to the filing of Notices of Intent to Enforce Restored Copyrights.

SUMMARY: This notice gives public notice that the Copyright Office is correcting certain errors in the filing and recordation of notices of intent to enforce restored copyrights under the Uruguay Round Agreement Act and issuing a policy decision permitting administrative correction of certain errors.

EFFECTIVE DATE: August 1, 2000.

FOR FURTHER INFORMATION CONTACT: Charlotte Douglass, Principal Legal Advisor to the General Counsel, Copyright GC/I&R, P.O. Box 70400, Southwest Station, Washington, D.C. 20024. Telephone: (202) 707-8380. Telefax: (202) 707-8366.

SUPPLEMENTARY INFORMATION: In 1997, the Copyright Office adopted an interim regulation which permitted correction of errors in the filing of Notices of Intent to Enforce (NIEs) restored copyrights under certain conditions, pursuant to the Uruguay Round Agreements Act. 62 FR 55736 (1997). In accordance with that regulation, a Correction Notice has been filed to correct certain information appearing on the NIE for the first work listed below, originally recorded effective August 22, 1997. The new information has been cataloged in Copyright Office records.

In a separate case, the Office has administratively amended the record for a Group NIE to reflect 45 additional titles not originally included. The effective date will be that of the original Group NIE, April 17, 1998. The Office is making this amendment to reflect a policy determination regarding the regulation permitting a single Group NIE to cover multiple works at a discounted rate where "all of the works are by the same author." 37 CFR 201.33 (1999). Previously the Copyright Office neither indexed nor listed titles from a Group NIE that did not have complete identity of authorship with other titles. For example, if a Group NIE listed titles

1and 2 by Author A and title 3 by Coauthors A and B, the Office required an additional NIE to be filed before publishing or indexing the nonconforming title.

In response to an inquiry and reexamination of the matter, the Office has since determined that the regulation might reasonably have been interpreted to permit group filing where the works had at least one common author. The Office has, therefore, decided that when it becomes aware that it has refused to list titles from Group NIEs because the listed works did not contain total unity of authorship but had one or more common authors, the Copyright Office will amend the original NIE record to reflect the previously omitted titles and publish those titles in the **Federal Register** on the next scheduled four-month publication date. If any corrections are received, the next projected publication date is December 1, 2000.

40 CFR Part 52

[CA 105-0242; FRL-6733-6]

Revisions to the California State Implementation Plan, South Coast Air Quality Management District and the Kern County Air Pollution Control District**AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Final rule.

SUMMARY: EPA is finalizing approval of revisions to the South Coast Air Quality Management District and the Kern County Air Pollution Control District portion of the California State Implementation Plan (SIP). These revisions were proposed in the **Federal Register** on October 18, 1999, and February 4, 2000, and concern oxides of nitrogen (NO_x) emissions from stationary gas turbines, and hot mix asphalt paving plants, respectively. We are approving local rules that regulate these emission sources under the Clean Air Act as amended in 1990 (CAA or the Act).

EFFECTIVE DATE: This rule is effective on August 31, 2000.

ADDRESSES: You can inspect copies of the administrative record for this action at EPA's Region IX office during normal business hours. You can inspect copies of the submitted SIP revisions at the following locations:

Environmental Protection Agency, Region IX,
75 Hawthorne Street, San Francisco, CA
94105-3901.

Environmental Protection Agency, Air
Docket (6102), Ariel Rios Building, 1200
Pennsylvania Avenue, NW., Washington

SUPPLEMENTARY INFORMATION:
Throughout this document, "we," "us"
and "our" refer to EPA.

I. Proposed Action

On October 18, 1999 (64 FR 56181),
and February 4, 2000 (65 FR 5465), EPA
proposed to approve the following rules
into the California SIP.

Local agency	Rule No.	Rule title	Adopted	Submitted
SCAQMD	1134	Emissions of Oxides of Nitrogen from Stationary Gas Turbines	08/08/97	03/10/98
KCAPCD	425.1	Hot Mix Asphalt Paving Plants (Oxides of Nitrogen)	10/13/94	10/19/94

We proposed to approve these rules
because we determined that they
complied with the relevant CAA
requirements. Our proposed action
contains more information on the rules
and our evaluation.

II. Public Comments and EPA Responses

EPA's proposed action provided a 30-
day public comment period. During this
period, we received no comments.

III. EPA Action

No comments were submitted that
change our assessment that the
submitted rules comply with the
relevant CAA requirements. Therefore,
as authorized in section 110(k)(3) of the
Act, EPA is fully approving these rules
into the California SIP.

IV. Administrative Requirements

A. Executive Order 12866

The Office of Management and Budget
(OMB) has exempted this regulatory
action from Executive Order 12866,
entitled "Regulatory Planning and
Review."

B. Executive Order 13045

Executive Order 13045, entitled
Protection of Children from
Environmental Health Risks and Safety
Risks (62 FR 19885, April 23, 1997),
applies to any rule that: (1) is
determined to be "economically
significant" as defined under Executive
Order 12866, and (2) concerns an
environmental health or safety risk that
EPA has reason to believe may have a
disproportionate effect on children. If
the regulatory action meets both criteria,
the Agency must evaluate the
environmental health or safety effects of
the planned rule on children, and
explain why the planned regulation is
preferable to other potentially effective
and reasonably feasible alternatives
considered by the Agency.

The rules are not subject to Executive
Order 13045 because they do not
involve decisions intended to mitigate
environmental health or safety risks.

C. Executive Order 13084

Under Executive Order 13084,
Consultation and Coordination with
Indian Tribal Governments, EPA may
not issue a regulation that is not
required by statute, that significantly
affects or uniquely affects the
communities of Indian tribal
governments, and that imposes
substantial direct compliance costs on
those communities, unless the Federal
government provides the funds
necessary to pay the direct compliance
costs incurred by the tribal
governments. If the mandate is
unfunded, EPA must provide to OMB,
in a separately identified section of the
preamble to the rule, a description of
the extent of EPA's prior consultation
with representatives of affected tribal
governments, a summary of the nature
of their concerns, and a statement
supporting the need to issue the
regulation. In addition, Executive Order
13084 requires EPA to develop an
effective process permitting elected and
other representatives of Indian tribal
governments "to provide meaningful
and timely input in the development of
regulatory policies on matters that
significantly or uniquely affect their
communities."

Today's rules do not significantly or
uniquely affect the communities of
Indian tribal governments. Accordingly,
the requirements of section 3(b) of
Executive Order 13084 do not apply to
the rules.

D. Executive Order 13132

Executive Order 13132, entitled
Federalism (64 FR 43255, August 10,
1999) revokes and replaces Executive
Orders 12612, Federalism and 12875,
Enhancing the Intergovernmental
Partnership. Executive Order 13132
requires EPA to develop an accountable
process to ensure "meaningful and
timely input by State and local officials
in the development of regulatory
policies that have federalism
implications." "Policies that have
federalism implications" is defined in
the Executive Order to include

regulations that have "substantial direct
effects on the States, on the relationship
between the national government and
the States, or on the distribution of
power and responsibilities among the
various levels of government." Under
Executive Order 13132, EPA may not
issue a regulation that has federalism
implications, that imposes substantial
direct compliance costs, and that is not
required by statute, unless the Federal
government provides the funds
necessary to pay the direct compliance
costs incurred by State and local
governments, or EPA consults with
State and local officials early in the
process of developing the proposed
regulation. EPA also may not issue a
regulation that has federalism
implications and that preempts State
law unless the Agency consults with
State and local officials early in the
process of developing the proposed
regulation.

The rules will not have substantial
direct effects on the States, on the
relationship between the national
government and the States, or on the
distribution of power and
responsibilities among the various
levels of government, as specified in
Executive Order 13132, because it
merely acts on a state rule implementing
a federal standard, and does not alter
the relationship or the distribution of
power and responsibilities established
in the Clean Air Act. Thus, the
requirements of section 6 of the
Executive Order does not apply to the
rules.

E. Regulatory Flexibility Act

The Regulatory Flexibility Act (RFA)
generally requires an agency to conduct
a regulatory flexibility analysis of any
rule subject to notice and comment
rulemaking requirements unless the
agency certifies that the rule will not
have a significant economic impact on
a substantial number of small entities.
Small entities include small businesses,
small not-for-profit enterprises, and
small governmental jurisdictions.

The final rules will not have a
significant impact on a substantial

number of small entities because SIP actions under section 110 and subchapter I, part D of the Clean Air Act do not create any new requirements but simply act on requirements that the State is already imposing. Therefore, because the Federal SIP action does not create any new requirements, I certify that this action will not have a significant economic impact on a substantial number of small entities.

Moreover, due to the nature of the Federal-State relationship under the Clean Air Act, preparation of flexibility analysis would constitute Federal inquiry into the economic reasonableness of state action. The Clean Air Act forbids EPA to base its actions concerning SIPs on such grounds. *Union Electric Co., v. U.S. EPA*, 427 U.S. 246, 255–66 (1976); 42 U.S.C. 7410(a)(2).

F. Unfunded Mandates

Under Section 202 of the Unfunded Mandates Reform Act of 1995 (“Unfunded Mandates Act”), signed into law on March 22, 1995, EPA must prepare a budgetary impact statement to accompany any proposed or final rule that includes a Federal mandate that may result in estimated annual costs to State, local, or tribal governments in the aggregate; or to private sector, of \$100 million or more. Under Section 205, EPA must select the most cost-effective and least burdensome alternative that achieves the objectives of the rule and is consistent with statutory requirements. Section 203 requires EPA to establish a plan for informing and advising any small governments that may be significantly or uniquely impacted by the rule.

EPA has determined that the approval action promulgated does not include a Federal mandate that may result in estimated annual costs of \$100 million or more to either State, local, or tribal governments in the aggregate, or to the private sector. This Federal action acts on pre-existing requirements under State or local law, and imposes no new requirements. Accordingly, no additional costs to State, local, or tribal governments, or to the private sector, result from this action.

G. National Technology Transfer and Advancement Act

Section 12 of the National Technology Transfer and Advancement Act (NTTAA) of 1995 requires Federal agencies to evaluate existing technical standards when developing a new regulation. To comply with NTTAA, EPA must consider and use “voluntary consensus standards” (VCS) if available and applicable when developing

programs and policies unless doing so would be inconsistent with applicable law or otherwise impractical.

EPA believes that VCS are inapplicable to today’s action because it does not require the public to perform activities conducive to the use of VCS.

H. Submission to Congress and the Comptroller General

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. The rules are not “major” rules as defined by 5 U.S.C. 804(2).

I. Petitions for Judicial Review

Under section 307(b)(1) of the Clean Air Act, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by October 2, 2000. Filing a petition for reconsideration by the Administrator of the final rules does not affect the finality of the rules for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rules or action. This action may not be challenged later in proceedings to enforce its requirements. (See section 307(b)(2).)

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Hydrocarbons, Incorporation by reference, Intergovernmental relations, Nitrogen dioxide, Ozone, Reporting and recordkeeping requirements, Volatile organic compounds.

Dated: June 7, 2000.

Felicia Marcus,

Regional Administrator, Region IX.

Part 52, chapter I, title 40 of the Code of Federal Regulations is amended as follows:

PART 52—[AMENDED]

1. The authority citation for Part 52 continues to read as follows:

Authority: 42 U.S.C. 7401 *et seq.*

Subpart F—California

2. Section 52.220 is amended by adding paragraphs (c)(202)(i)(B)(2) and (c)(254)(i)(D)(4) to read as follows:

§ 52.220 Identification of plan.

BILLING CODE 6560–50–P

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

48 CFR Parts 1807 and 1819

Contract Bundling

AGENCY: National Aeronautics and Space Administration (NASA).

ACTION: Final rule.

SUMMARY: This is a final rule amending the NASA FAR Supplement (NFS) to provide guidance on internal NASA procedures for justifying contract bundling.

EFFECTIVE DATE: August 1, 2000.

FOR FURTHER INFORMATION CONTACT: Tom O'Toole, NASA, Office of Procurement, Contract Management Division (Code HK), (202) 358–0478.

SUPPLEMENTARY INFORMATION:

A. Background

Federal Acquisition Circular 97–15 included an interim rule addressing contract bundling that overlaps existing coverage at NFS 1819.202–170 on contract consolidations. To conform the NFS to the FAR, NASA is eliminating its separate coverage on consolidations. Instead, NASA is supplementing FAR 7.107, Additional requirements for acquisitions involving bundling of contract requirements, to establish the following internal administrative procedures: (1) the justification and documentation mandated by the FAR for “substantial bundling” must be performed for proposed NASA bundlings of \$5 million or more; (2) the measurable benefit analysis, justification, and the bundling
