

considered economically and financially feasible and applicable to all water conservation programs. The fundamental measures include a water measurement and accounting system, water pricing structure, and an information and education program. All but one of the water conservation measures included in the Plan are considered by Reclamation as fundamental. The conservation measure which is to develop drought/emergency preparedness plans, while not considered fundamental, is an additional water conservation measure under WTR 01-01 and will not result in increased project cost.

In fulfillment of section 911(a)(3), the plan contains a time schedule for implementing the measures to meet the water conservation objectives. This time scheduled is included with the above description of the objectives and measures.

In fulfillment of section 911(b), Reclamation has reviewed and determined that the water conservation plan has been designed to ensure that the water users will use the best practicable technology and management techniques to conserve water.

INTERNATIONAL TRADE COMMISSION

[Inv. Nos. TA-131-30 and TA-2104-16]

U.S.—Oman Free Trade Agreement: Advice Concerning the Probable Economic Effect of Providing Duty-Free Treatment for Imports

AGENCY: International Trade Commission.

ACTION: Institution of investigation and scheduling of public hearing.

EFFECTIVE DATE: December 6, 2004.

SUMMARY: Following receipt on December 1, 2004, of a request from the United States Trade Representative (USTR), the Commission instituted investigation Nos. TA-131-30 and TA-2104-16, U.S.—Oman Free Trade Agreement: Advice Concerning the Probable Economic Effect of Providing Duty-Free Treatment for Imports, under section 131 of the Trade Act of 1974 and section 2104(b)(2) of the Trade Act of 2002.

investigations may be obtained from Robert Carr, Project Leader (202-205-3402; robert.carr@usitc.gov), or Eric Land, Deputy Project Leader (202-205-3049; eric.land@usitc.gov), Office of Industries, United States International Trade Commission, Washington, DC 20436. The public record for these investigations may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>.

Background: On November 15, 2004, the USTR notified the Congress of the President's intent to initiate free trade agreement negotiations with the Sultanate of Oman (Oman). Accordingly, the USTR, pursuant to section 131 of the Trade Act of 1974 (19 U.S.C. 2151), requested the Commission to provide a report including advice as to the probable economic effect of providing duty-free treatment for imports of products of Oman (i) on industries in the United States producing like or directly competitive products, and (ii) on consumers. In preparing the advice, the Commission's analysis will consider each article in chapters 1 through 97 of the Harmonized Tariff Schedule of the United States for which U.S. tariffs will remain after the United States fully implements its Uruguay Round tariff commitments. The import advice will be based on the 2004 Harmonized Tariff System nomenclature and 2003 trade data. The advice with respect to the removal of U.S. duties on imports from Oman will assume that any known U.S. nontariff barrier will not be applicable to such imports. The Commission will note in its report any instance in which the continued application of a U.S. nontariff barrier to such imports would result in different advice with respect to the effect of the removal of the duty.

As also requested, pursuant to section 2104(b)(2) of the Trade Act of 2002 (19 U.S.C. 3804(b)(2)), the Commission will provide advice as to the probable economic effect of eliminating tariffs on imports of certain agricultural products of Oman on (i) industries in the United States producing the product concerned, and (ii) the U.S. economy as a whole.

USTR indicated that the Commission's report will be classified

and that USTR considered it to be an interagency memorandum containing pre-decisional advice and subject to the deliberative process privilege. The Commission expects to provide its report to USTR by February 28, 2005.

Public Hearing: A public hearing in connection with these investigations is scheduled to begin at 9:30 a.m. on January 5, 2005, at the United States International Trade Commission Building, 500 E Street SW, Washington, DC. Requests to appear at the public hearing should be filed with the Secretary, not later than 5:15 p.m., December 17, 2004, in accordance with the requirements in the "Submissions" section below.
