SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this action apply to me?

This action provides information that is directed to the public in general.

B. What should I consider as I prepare my comments for EPA?

1. *Submitting CBI.* Do not submit CBI information to EPA through <https://www.regulations.gov/> or email. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. *Tips for preparing your comments.* When preparing and submitting your comments, see the commenting tips at <https://www.epa.gov/dockets/epa-dockets>.

3. *Environmental justice.* EPA seeks to achieve environmental justice, the fair treatment and meaningful involvement of any group, including minority and/or low-income populations, in the development, implementation, and enforcement of environmental laws, regulations, and policies. To help address potential environmental justice issues, the Agency seeks information on any groups or segments of the population who, as a result of their location, cultural practices, or other factors, may have atypical or disproportionately high and adverse human health impacts or environmental effects from exposure to the pesticides discussed in this document, compared to the general population.

II. Registration Applications

EPA has received applications to register pesticide products containing active ingredients not included in any currently registered pesticide products.

Pursuant to the provisions of FIFRA section 3(c)(4) (7 U.S.C. 136a(c)(4)), and 40 CFR 152.102, EPA is hereby providing notice of receipt and opportunity to comment on these applications. Notice of receipt of these applications does not imply a decision by the Agency on these applications. For actions being evaluated under EPA's public participation process for registration actions, there will be an additional opportunity for public comment on the proposed decisions. Please see EPA's public participation website for additional information on this process (<https://www.epa.gov/pesticide-registration/public-participation-process-registration-actions>).

Revision of Approved State Primacy Program for the State of Hawaii

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of approval.

SUMMARY: Notice is hereby given that the State of Hawaii revised its approved

State primacy program under the federal Safe Drinking Water Act (SDWA) by adopting regulations that effectuate the federal Phase II/V Chemical Contaminant Rules (Phase II/V) and the Arsenic Rule. The Environmental Protection Agency (EPA) has determined that Hawaii's revision request meets the applicable SDWA program revision requirements and the regulations adopted by Hawaii are no less stringent than the corresponding federal regulations. Therefore, EPA approves this revision to Hawaii's approved State primacy program. However, this determination on Hawaii's request for approval of a program revision shall take effect in accordance with the procedures described below in the **SUPPLEMENTARY INFORMATION** section of this notice after the opportunity to request a public hearing.

DATES: A request for a public hearing must be received or postmarked September 21, 2022.

ADDRESSES: Documents relating to this determination that were submitted by Hawaii as part of its program revision request are available for public inspection online at <https://health.hawaii.gov/sdwb/public-notice/>. In addition, these documents are available between the hours of 8:30 a.m. and 4:00 p.m., Monday through Friday, except official State holidays, at the following address: Hawaii Department of Health, Safe Drinking Water Branch, 2385 Waimano Home Road, Uluakupu Building 4, Pearl City, Hawaii 96782. If there are issues accessing the website, please contact the Safe Drinking Water Branch, at (808) 586-4258, or via email at sdwb@doh.hawaii.gov.

FOR FURTHER INFORMATION CONTACT: Anna Yen, EPA Region 9, Drinking Water Section; via telephone at (415) 972-3976 or via email address at yen.anna@epa.gov

SUPPLEMENTARY INFORMATION:

Background. EPA approved Hawaii's initial application for primary enforcement authority ("primacy") of drinking water systems on October 20, 1977 (42 FR 47244). Since initial primacy approval, EPA has approved various revisions to Hawaii's primacy program. For the revision covered by this action, EPA promulgated the Chemical Contaminant Rules, collectively referred to as the Phase II/V Rules, and the Arsenic Rule at 40 CFR Subparts B, C, and G. EPA promulgated the Phase II/V Rules in multiple phases, with Phase V promulgated on July 17, 1992 (57 FR 31776), and EPA promulgated the Arsenic Rule on January 22, 2001 (66 FR 6976). Under

the Phase II/V Rules, EPA regulates over 65 inorganic contaminants, volatile organic contaminants, and synthetic organic contaminants. Under the Arsenic Rule, EPA updated the maximum contaminant level for arsenic to better protect public health. EPA has determined that the Phase II/V and Arsenic Rule requirements were adopted into the Hawaii Administrative Rules in a manner that Hawaii's regulations are comparable to and no less stringent than the federal requirements. EPA has also determined that the State's program revision request meets all of the regulatory requirements for approval, as set forth in 40 CFR 142.12, including a side-by-side comparison of the Federal requirements demonstrating the corresponding State authorities, additional materials to support special primacy requirements of 40 CFR 142.16, a review of the requirements contained in 40 CFR 142.10 necessary for States to attain and retain primary enforcement responsibility, and a statement by the Hawaii Attorney General certifying that Hawaii's laws and regulations to carry out the program revision were duly adopted and are enforceable. The Attorney General's statement also affirms that there are no environmental audit privilege and immunity laws that would impact Hawaii's ability to implement or enforce the Hawaii laws and regulations pertaining to the program revision. Therefore, EPA approves this revision of Hawaii's approved State primacy program. The Technical Support Document, which provides EPA's analysis of Hawaii's program revision request, is available by submitting a request to the following email address: R9dw-program@epa.gov. Please note "Technical Support Document" in the subject line of the email.

Public Process. Any interested person may request a public hearing on this determination. A request for a public hearing must be received or postmarked before September 21, 2022 and addressed to the Regional Administrator of EPA Region 9, via the following email address: R9dw-program@epa.gov, or by contacting the EPA Region 9 contact person listed above in this notice by telephone if you do not have access to email. Please note "State Program Revision Determination" in the subject line of the email. The Regional Administrator may deny frivolous or insubstantial requests for a hearing. If a timely request for a public hearing is made, then EPA Region 9 may hold a public hearing. Any request for a public hearing shall include the following

information: 1. The name, address, and telephone number of the individual, organization, or other entity requesting a hearing; 2. A brief statement of the requesting person's interest in the Regional Administrator's determination and of information that the requesting person intends to submit at such hearing; and 3. The signature of the individual making the request, or, if the request is made on behalf of an organization or other entity, the signature of a responsible official of the organization or other entity.

If EPA Region 9 does not receive a timely request for a hearing or a request for a hearing was denied by the Regional Administrator for being frivolous or insubstantial, and the Regional Administrator does not elect to hold a hearing on their own motion, EPA's approval shall become final and effective on September 21, 2022, and no further public notice will be issued.

Authority:

Section 1413 of the Safe Drinking Water Act, as amended, 42 U.S.C. 300g-2 (1996), and 40 CFR part 142 of the National Primary Drinking Water Regulations.

Dated: August 10, 2022.

Martha Guzman Aceves,

Regional Administrator, EPA Region 9.
