SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–69338; File No. SR–CBOE–2013–019]

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Order Approving a Proposed Rule Change Relating to Market-Maker Continuous Quoting Obligations

April 8, 2013.

I. Introduction

On February 4, 2013, Chicago Board Options Exchange, Incorporated (''CBOE'' or ''Exchange'') filed with the Securities and Exchange Commission (''Commission''), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (''Act'') [1] and Rule 19b–4 thereunder,[2] a proposed rule change to amend CBOE's rules relating to Market-Maker [3] continuous quoting obligations. The proposed rule change was published for comment in the **Federal Register** on February 22, 2013.[4] The Commission did not receive any comment letters regarding the proposal. This order approves the proposed rule change.

II. Description of the Proposal

The Exchange proposes to amend its rules to exclude intra-day add-on series (''Intra-day Adds'') from Market-Makers' continuous quoting obligations on the day during which such series are added for trading.[5] In addition, the Exchange proposes to permit Preferred Market-Makers (''PMMs''),[6] Lead Market-Makers (''LMMs''),[7] DPMs,[8] and Electronic DPMs (''e–DPMs'') [9] (Market-Makers, PMMs, LMMs, DPMs, and e–DPMs are collectively referred to as ''Market-Makers'' unless the context provides otherwise) to receive participation entitlements in all Intra-day Adds on the day during which such series are added for trading provided that the Market-Maker meets all other requirements to receive a participation entitlement set forth in the applicable rules.[10]

III. Discussion and Commission's Findings

After careful review, the Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange.[11] In particular, the Commission finds that the proposed rule change is consistent with Section 6(b)(5) of the Act,[12] which requires, among other things, that the rules of a national securities exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of
