SUPPLEMENTARY INFORMATION:

Background and Purpose

The Transportation Equity Act for the 21st Century became law on June 9, 1998 (Pub. L. 105-178; 112 Stat. 107). The Act required that of the \$5 million made available to carry out the national recreational boating safety program each year, \$2 million shall be available only to ensure compliance with Chapter 43 of Title 46, U.S. Code—Recreational Vessels. On September 29, 2005, the Sportfishing and Recreational Boating Safety Amendments Act of 2005 was enacted (Pub. L. 109-74; 119 Stat. 2031). This Act increased the funds available to the national recreational boating safety program from \$5 million to \$5.5 million annually, and stated that "not less than" \$2 million shall be available only to ensure compliance with Chapter 43 of Title 46, U.S. Code—Recreational Vessels.

These funds are available to the Secretary from the Sport Fish Restoration and Boating Trust Fund established under section 9504(a) of title 26 U.S. Code for payment of Coast guard expenses for personnel and activities directly related to coordinating and carrying out the national recreational boating safety program. Subsection (c) of section 7405 of the Transportation Equity Act for the 21st Century, codified at 46 U.S.C. 13107(c), directs that no funds available to the Secretary under this subsection may be used to replace funding traditionally provided through general appropriations, nor for any purposes except those purposes authorized; namely, for personnel and activities directly related to coordinating and carrying out the national recreational boating safety program. Amounts made available each fiscal year from 1999 through 2011 shall
