Instructions: All submissions received must include the agency name, docket number and title for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the Internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

FOR FURTHER INFORMATION CONTACT: To request more information on this proposed information collection or to obtain a copy of the proposal and associated collection instruments, please write to AFPC/SVI–PM 3515 S. General McMullen Port San Antonio, TX 78241–3420 or call (210) 395–9349.

Title; Associated Form; and OMB Number: Golf Enterprise Solution (GES); automated information system (AIS); OMB Control Number 0701–TBD.

Needs and Uses: The information collection requirement is to obtain golf patron information for tee-time reservations, annual green fee dues, to send out emails, and for promotional mailers. This information is obtained electronically when a golf patron comes in to a golf course or online when a tee-time is scheduled online. There are no forms that have been generated for GES; all of the information is maintained within the point of sale (POS) & all of the electronic data resides in a secure, federal cloud. If the information was not collected, this would make daily business transactions difficult at the golf courses.

Affected Public: Individuals or households.

Annual Burden Hours: 1,667.

Number of Respondents: 50,000.

Responses per Respondent: 1.

Average Burden per Response: 2 minutes.

Frequency: On occasion.

SUPPLEMENTARY INFORMATION:

Summary of Information Collection

Respondents are golf patrons who provide business to the Air Force Golf Courses. The information is used to determine how much the golf patron has to pay (based on class and rank), schedule tee times, set-up annual green

fee memberships, participate in promotional emails and mailers, and to reserve golf carts and lockers. The information is obtained electronically through the point of sale (POS) or online through the online tee sheet. The information will only need to be collected once; the POS will store the data for future use. The only time the information will be obtained again is if the information of the golf patron has changed and needs to be updated.

Title; Associated Form; and OMB Number: Recreational Access Permit System; OMB Control Number 0701–TBD.

Needs and Uses: The information collection requirement is necessary to track use of recreational resources controlled by the government by virtue of location. Logs used to de-conflict the recreational use of resources against military movements, military operational exercises and military drills; several live fire ranges are intertwined with recreational areas. The Recreational Access Permit System will detail when areas are not authorized for recreational use due to military requirements as well as provide contact listings in the event recreational users need to be notified of changes to the military activities schedule.

Affected Public: Individuals or households.

Annual Burden Hours: 2000.

Number of Respondents: 8000.

Responses per Respondent: 1.

Average Burden per Response: 15 minutes.

Frequency: On occasion.

SUPPLEMENTARY INFORMATION:

Summary of Information Collection

Respondents are recreational land users seeking to use recreational resources controlled by the government by virtue of location. The information collected is to ensure the safety of individuals using land which is concurrently used for military training; including live fire ranges. The system

will notify users when recreational lands are not available for use and allow for de-confliction of use for multipurpose land on military installations. The system will also act as a last known location log should individuals using recreational lands become missing while using the access areas.

U.S. Air Force Scientific Advisory Board; Notice of Meeting

AGENCY: U.S. Air Force Scientific Advisory Board, Department of the Air Force.

ACTION: Meeting notice.

SUMMARY: Under the provisions of the Federal Advisory Committee Act of 1972 (5 U.S.C., Appendix, as amended), the Government in the Sunshine Act of 1976 (5 U.S.C. 552b, as amended), and 41 CFR 102-3.150, the Department of Defense announces that the United States Air Force Scientific Advisory Board (SAB) meeting will take place 25 June 2013 at the Secretary of the Air Force Technical and Analytical Support Conference Center, 1550 Crystal Drive, Arlington, VA 22202. The meeting will be from 7:45 a.m.-4:45 p.m. on Tuesday, 25 June 2013, with the sessions from 7:45 a.m.-09:45 a.m. open to the public.

The purpose of this Air Force Scientific Advisory Board quarterly meeting is to discuss and deliberate on the findings and recommendations of the FY13 SAB studies covering airborne networking and communications in a contested environment, electro-optical and laser threat warning/countermeasures, and micro-satellite mission applications. The draft FY14 SAB study topics and potential sites for the FY14 Spring Board quarterly meeting will also be discussed.

In accordance with 5 U.S.C. 552b, as amended, and 41 CFR 102-3.155, the Administrative Assistant of the Air Force, in consultation with the Air Force General Counsel, has agreed that the public interest requires some sessions of the United States Air Force Scientific Advisory Board meeting be closed to the public because they will discuss information and matters covered by section 5 U.S.C. 552b(c)(1).

Any member of the public wishing to provide input to the United States Air Force Scientific Advisory Board should submit a written statement in accordance with 41 CFR 102-3.140(c) and section 10(a)(3) of the Federal Advisory Committee Act and the procedures described in this paragraph. Written statements can be submitted to the Designated Federal Officer at the address detailed below at any time. Statements being submitted in response to the agenda mentioned in this notice must be received by the Designated Federal Officer at the address listed below at least five calendar days prior to the meeting which is the subject of this notice. Written statements received after this date may not be provided to or considered by the United States Air Force Scientific Advisory Board until its next meeting. The Designated Federal Officer will review all timely submissions with the United States Air Force Scientific Advisory Board Chairperson and ensure they are provided to members of the United States Air Force Scientific Advisory Board before the meeting that is the subject of this notice.

FOR FURTHER INFORMATION CONTACT: The United States Air Force Scientific Advisory Board Executive Director and Designated Federal Officer, Lt Col Derek Lincoln, 240-612-5502, United States Air Force Scientific Advisory Board, 1500 West Perimeter Road, Ste. #3300, Joint Base Andrews, MD 20762, Derek.Lincoln@pentagon.af.mil.

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The School Leadership Program (SLP) assists high-need local educational agencies (LEAs) in recruiting, training, and supporting principals (including assistant principals) by providing—

- Financial incentives to aspiring new principals (teachers or individuals from other fields who want to become principals);
- Stipends to principals who mentor new principals;
- Professional development programs that focus on instructional leadership and management; and
- Other incentives that are appropriate and effective in retaining new principals.

Background:

The goal of the SLP is to increase student achievement by investing in innovative projects that prepare aspiring principals and provide professional development to current principals (including current assistant principals) to foster mastery of core leadership skills. To this end, the Department encourages applicants under this competition to propose projects that will implement pre- and in-service programs that produce the most highly qualified school leaders.

Studies show that there is no overall shortage of candidates with the credentials that States require for school principals. However, those same studies indicate that most of these candidates acquired their credentials in order to obtain salary increases or attain an advanced degree, not necessarily because of a commitment to become principals.¹ And, when credentialed candidates do seek to become principals, some lack the readiness to meet the demands of the position. In fact, many district leaders and policy-makers are critical of preparation programs that lack rigorous screening and selection entry requirements, courses that are not aligned with standards of practice, and insufficient clinical experiences for candidates.²
