

12d2-2 and the Form 25, as applicable, the Commission would be unable to fulfill its statutory responsibilities.

There are 18 national securities exchanges that could possibly be respondents complying with the requirements of the Rule and Form 25.⁴ The burden of complying with Rule 12d2-2 and Form 25 is not evenly distributed among the exchanges, however, since there are many more securities listed on the New York Stock Exchange, the NASDAQ Stock Market, and NYSEMKT than on the other exchanges. However, for purposes of this filing, the Commission staff has assumed that the number of responses is evenly divided among the exchanges. Since approximately 690 responses under Rule 12d2-2 and Form 25 for the purpose of delisting and/or deregistration of equity securities are received annually by the Commission from the national securities exchanges, the resultant aggregate annual reporting hour burden would be, assuming on average one hour per response, 690 annual burden hours for all exchanges (18 exchanges \times an average of 38.3 responses per exchange \times 1 hour per response). In addition, since approximately 100 responses are received by the Commission annually from issuers wishing to remove their securities from listing and registration on exchanges, the Commission staff estimates that the aggregate annual reporting hour burden on issuers would be, assuming on average one reporting hour per response, 100 annual burden hours for all issuers (100 issuers \times 1 response per issuer \times 1 hour per response). Accordingly, the total annual hour burden for all respondents to comply with Rule 12d2-2 is 790 hours (690 hours for exchanges + 100 hours for issuers). The related internal labor costs associated with these burden hours are \$42,797.50 total (\$36,397.50 for exchanges (\$52.75 per response \times 690 responses) and \$6,400 for issuers (\$64 per response \times 100 responses)).

⁴ The staff notes that a few of these 18 registered national securities exchanges only have rules to permit the listing of standardized options, which are exempt from Rule 12d2-2 under the Act. Nevertheless, we have counted national securities exchanges that can only list options as potential respondents because these exchanges could potentially adopt new rules, subject to Commission approval under Section 19(b) of the Act, to list and trade equity and other securities that have to comply with Rule 12d2-2 under the Act. Notice registrants that are registered as national securities exchanges solely for the purposes of trading securities futures products have not been counted since, as noted above, securities futures products are exempt from complying with Rule 12d2-2 under the Act and therefore do not have to file Form 25.

The collection of information obligations imposed by Rule 12d2-2 and Form 25 are mandatory. The response will be available to the public and will not be kept confidential.
